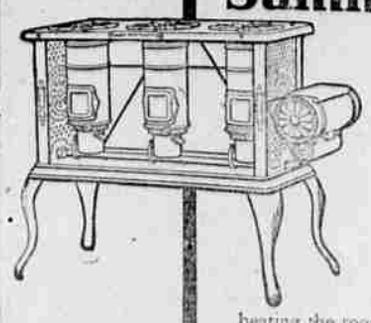
Have You a Summer Stove?

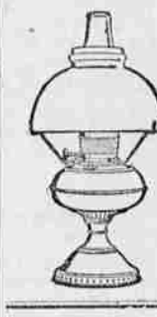


The stifling air of a close kitchen is changed to comfortable coolness by installing a New Perfection Wick Blue Flame Oil Cook-Stove to do the family cooking.

No kitchen furnishing is so convenient as this stove. Gives a working heat at once, and maintains it until turned out—that too, without overheating the room. If you examine the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

you will see why this is so. The heat from the chimney of the "New Perfection" is concentrated under the kettle and not dissipated through the room by radiation. Thus it does the work of the coal range without its discomfort. Ask your dealer about this stove—if not with him, write our nearest agency.



The **RayoLamp** is a very handsome piece of housefurnishing and gives a clear, powerful light more agreeable than gas or electricity. Safe everywhere and always. Made of brass finely nickel plated—just the thing for the living-room. If not with your dealer, write our nearest agency.

CAKE ASKS MEMBERS TO STAND FIRM FOR CHAMBERLAIN

(Portland Telegram.)

Portland, June 10.—To the editor of the Telegram).—The official count being complete and Governor Chamberlain having received the popular vote for United States senator, the question has been raised as to the duty of the legislature in the premises who have signed Statement No. 1. There is only one answer—they should live up to their obligations and vote for the people's choice. Not only is this course necessary to vindicate their integrity as men, but to maintain the principle of electing United States senators by the direct vote of the people.

While it is generally admitted that United States senators should be elected by the people, and the constitution of the United States should be amended so as to provide for such an election, many are opposed to the present system, and the opposition involved in Statement No. 1 by many such there has been a united determined effort made to defeat the law, by electing an unpledged legislature or repudiating it coming in the eyes of the people by electing a Democratic senator from a Republican state, but I believe that such a course is a mistaken one, and that such efforts will fail.

Furthermore, I am firmly convinced that any political party in the state of Oregon will ultimately suffer defeat unless it fully acquiesces in the desire of the people to participate in the election of their senators and to bind the legislators to carry out their will, as expressed in the June election.
