HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to conquer all female diseases. Mrs. Norman R. Barnet, of Allentown, Pa., writes: "Ever since I was sixteen years of age I had suffered from an organic derangement and female weakness; in consequence I had dreadful headaches and was extremely nervous. My physician said I must go through an operation to get well. A friend told me about Lydia E. Pinkham's Vegetable Compound, and I took it and wrote you for advice, following your directions carefully, and thanks to you I am today a well woman, and I am telling all my friends of my experience."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

SPRINGFIELD MAY HAVE NEW CITY HALL QUITE SOON

FINANCE COMMITTEE OF COUNCIL INSTRUCTED TO INTERVIEW W. O. W. IN REGARD TO PURCHASING HALF OF WALL OF THEIR BRICK—OTHER ITEMS OF INTEREST

At the regular meeting of the city council Monday evening the finance committee was instructed to see the directors of the W. O. W. lodge in view of purchasing half of the east wall of their block and also to have plans and specifications made for a new city hall, to be erected on the lot owned by the city. The Commercial Club unanimously favors the erection of such a building and it is at their suggestion that the council is taking steps toward determining the cost and possibilities of its erection. If such a structure is erected it will be a two-story brick, 28x100 feet in dimensions. A large room 22x42 feet is suggested for the fire apparatus with side entrance to the upper floor. In the rear of the first floor will be two prison cells, a cement vault 6x8 feet, with a 14x36 1/2 council room and recorder's office. On the upper floor will be a public hall 27 1/2 x 42 feet, with library and public reading room, 22x27 1/2. While the above are only suggestions offered by the Commercial Club they are about as good plans as can be adopted, with possibly a few minor changes. If the council can provide for the payment of the building it will probably be erected in the near future.

School Closes
This is the last day of school; examinations are over and the pupils will know the result this afternoon. Both the teachers and pupils are glad to get a vacation and rest after a hard year's work. Our schools stand very high and the patrons may well feel proud of the institution. Professor Baughman, assisted by an excellent corps of instructors, has been untiring in his efforts to achieve the best results, and has done that to the satisfaction of all. Owing to the exams, the eight grade graduating exercises will not be held tonight, but were postponed until a week from tonight and will be given in the opera house on that date. As there is but one graduate from the high school no exercises will be given by this class. The high school students will go to Cold Springs Saturday for a genuine good time and picnic.

Two Girls
On June 3 a little maiden that tipped the beam at exactly the 9-lb. mark. Not so awful much, is it? But Mr. and Mrs. Alvin French think it is just right. Another little lady came to town Wednesday night and took her first peep at this "great big place" from a cozy corner in the home of J. L. Cox. Of course this little cherub is just as nice as they make 'em, and feeling fine.

The Fords Leave
Mr. and Mrs. Ford, who have had charge of the culinary department of the Hotel Springfield, contemplate retiring from the business. Their plans for the future have not yet been made public. The Fords are quite popular in Springfield, and their many friends wish them well at whatever they may decide to do.—News.

LOST VALLEY NOTES.

(Special Correspondence.)
Lost Valley, June 9.—We are hating to hear someone remark, "I wish it would rain."
Mr. R. L. Edwards moved to his lower place today.
Rev. Kelley held services here last Sunday. After the service two were baptized.
Mr. E. M. Johnson is very poorly at present.
H. M. Parvin and Cruzan Brothers have commenced operations at their sawmill.
Mrs. S. M. Stiers of Rush Island has been attending her daughter, Mrs. L. L. Addington, who has been very ill for the past week.
Mr. Niles of Pleasant Hill was in the valley ver Sunday. He is very much pleased with the valley and may possibly locate here in the near future.
Leo Strand has returned home from Portland where he has been working for the past few weeks.
The latest word from San Francisco is to the effect that a new girl is at Harry Carriger's, in consequence of which Mrs. Cecelia Hunsaker is now called "grandma."
Trent is to have a rousing time next Saturday. The school is to give a picnic.
J. B. Hopkins of the Eugene Lumber Co., was in this vicinity one day last week.
T. H. Fenton made a trip to Springfield last Tuesday.
Wm. Williams has the lumber on the grounds and expects to commence work on a number of improvements this week.

BENEFITS OF BASE BALL.

Even though first class baseball, outside of the college games, has not been played on the Eugene diamond this season, it is mighty fine to have base ball games in the city. At this time, without the national game each summer, Citizens gather in a body, exchange good natured greetings, forget their troubles, become excited and find themselves lost to conventionalities and yelling in a boisterous manner. All of which is good for the individual. It acts as a tonic and has a rejuvenating effect. Men who sit at a desk the whole month through begin to get restless as soon as the baseball season opens. They will sneak away and play hockey from business, worse than the small boy will from his studies. But, after all, men are only boys grown tall, and each and everyone loves baseball.

KEEP THE BALANCE UP

The poet's exclamation: "O Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or never make it, in honesty to themselves, are among the most unfortunate. They do not live, but exist; for to live implies more than to be. To live is to be well and strong—to arise feeling equal to the ordinary duties of the day, and to retire overcome by them—to feel life bounding in the veins. A medicine that has made thousands of people, men and women, well and strong, has accompanied a great work, bestowing the richest blessings, and that medicine is Hood's Sarsaparilla. The weak, run-down or debilitated from any cause, should not fail to take it. It builds up the whole system, changes existence into life, and makes life more abounding. We are glad to say these words in its favor to the readers of our columns.
