Thousands Have Kidney Trouble and Never Suspect it.

Prevalency of Kidney Disease.
Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost always unrecognized by patient and physicians, who content themselves with doctoring the effects, while the original disease undermines the system.

There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmor & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmor's Swamp-Root, and the address, Binghamton, N. Y.

Tailor Made Clothing

PLATT WILL NOT ATTEND CHICAGO CONVENTION

When the Republican National Convention meets at Chicago, there will be missing one of the old "war horses" of the party, one of the men who has been a figure in National Conventions for many years. United States Senator Thomas C. Platt will not go to Chicago. Instead he will remain in his lonely apartments in 110th street, New York, and there will hear of the first important Republican meeting from which he has been absent for years. For more than a score of years the ruler of the Re-

THOMAS COLLIER PLATT.
Aged New York senator who successfully contested the suit of Mae Wood, who tried to prove a secret marriage with him.

publican organization in New York State, for nearly 30 years a dominant factor in the party's deliberations in the Nation, the aged Senator has now put politics behind him, and broken in health, his power gone, he has withdrawn to his apartments, where he sees only a few friends. "No, I'm not going to the convention," he said to a reporter. "I have other things to do."
Although not one of the "big four" of the State, Senator Platt was chosen at a delegate from an up-state dis-

MAE C. WOOD.
The woman who was sent to jail after her suit for divorce against Senator Platt was dismissed.

trict. Some weeks ago he notified his alternate that he would not be able to serve. "I don't want to talk politics," he said to the reporter, nervously opening and closing his eyes. "I haven't anything to say. The days are past when the public or politicians care anything about what I say."
"This is the first time in a great many years you have stayed away from a National convention of your party," was observed.
"Yes, I went to a good many conventions—a good many of them. But those days are all passed. They are all passed."

HOOD RIVER SAW MILL TOTALLY DESTROYED.
Hood River, Ore., June 13.—The Menominee sawmill, one of the largest plants of its kind in this part of the country, was burned to the ground today entailing a loss of \$70,000. The fire had gone such a strong headway before it was discovered that all hope of extinguishing it before it could destroy the mill was abandoned and the workmen, organized into a bucket brigade, began to protect surrounding property.

Thinks It Saved His Life.
Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery for years for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung troubles, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has been at the head of throat and lung remedies. As a preventative of pneumonia and healer of weak lungs it has no equal. Sold under guarantee at W. A. Kaykendall's drug store, 50c and \$1. Trial bottle free.

How is this? A fine \$2 fountain pen for \$1 at Watts' jewelry store. Every pen warranted.

MOSSBACK COUNTIES.

(Medford Daily Tribune.)
Willamette valley counties which voted against the State University appropriation bill can very justly be termed mossback counties. They are behind the times, reluctant to accept any new ideas, stumbling blocks in the path of progress. They have been so long in the rut that they can't get out, and it is hopeless to try and help them.

Look at the list of counties opposed to higher education—Clackamas, Marion, Washington, Tillamook, Linn, Benton, Lincoln and Yamhill. The bigger the majority against the bill, the bigger the mossbackism. Marion leads with 2209, Yamhill has 1109, Washington 1409, Clackamas, 1809 and Benton 509.
The region inhabited by these mossbacks is one of the fairest and richest on earth, the Willamette valley, and the making of a living is so easy that the inhabitants have but little energy, originality or enterprise. They have let their orchards become so covered with pests that they are unproductive. They are wearing out their rich soil by planting the same crops for half a century annually; they plant hops when they know they can't make expenses, simply from force of habit; they allow Portland commission men to take all the profits year after year, and haven't enough energy to organize for self-protection. What life there is due to newcomers, who are building up the towns, installing power plants, building trolley lines, and making money from the long neglected natural resources that would lie forever untouched if left to the mossbacks. No wonder they cannot understand or appreciate higher education.

The progressive counties of Oregon, those who are doing things, who arise up-to-date, voted for the university appropriation, yet had it not been for Multnomah's 8000 majority, the bill would have been snowed under in spite of Lane and Jackson counties and Eastern Oregon.

THIS DEMOCRAT IS HOT.

(Jefferson Review.)
For Chamberlain to refuse to attend the democratic state convention because he is non-partisan is blamed foolishness and rank ingratitude. If he is not a democrat, he should be. Four different times has the democratic party of Oregon sacrificed everything else on the ticket for Chamberlain. Ex-Senators John H. Mitchell and J. N. Dolph were "non-partisan," after their election, so far as working for their home people was concerned, and the request of the humblest democrat received the same prompt attention from them as did that of the republican boss, yet they did not go back on the party that elected them. The Review man has supported Chamberlain for the Legislature from Linn, for prosecuting attorney for the 3d district, for attorney general, for Governor and for U. S. Senator. We have seen, time and again, the ablest democrats of the state willingly sacrifice themselves in order to help Chamberlain. The man of all others whom we prefer for U. S. Senator, Hon. J. K. Weatherford of Albany, clean, able with a national acquaintance and powerful influence, devoted his time, talent and money, in an utterly hopeless race in order to elect Chamberlain on his first run for governor. And now he is non-partisan. Oh, rot! And just think of it! All these years we've been thinking he was a democrat.

NOTICE

It appearing from the abstract of votes cast at the regular June, 1908, election as made by the canvassing board of Lane county, Oregon, consisting of E. U. Lee, county clerk, R. S. Bryson, Justice of the Peace in and for Eugene Justice District; Lane County, Oregon, and J. L. Clark, Justice of the Peace in and for Creswell Precinct, Lane County, Oregon, that at the said election the total number of votes cast in the precinct of Springfield, in Lane county, Oregon, on the question, "For and against stock running at large," is and was 339 votes, and the said number of votes cast in the said Springfield precinct "Against stock running at large" is and was 236 votes. It appearing from said abstract that the result of said vote is and was 233 votes against stock running at large, and that the majority against stock running at large in said Springfield precinct is and was 233 votes.

Therefore, in compliance with Section 4245 of the General Laws of Oregon, passed by the legislature of the state of Oregon in the year 1907, notice is hereby given that after 60 days from the date of this notice it will be unlawful for stock to run at large in said Springfield precinct, Lane County, Oregon, under penalty of \$10 for the first offense and \$20 for each and every subsequent offense, to be recovered from the owner of the stock in civil action in the name of the State of Oregon before a Justice of the peace of the precinct in which such owner or keeper, or either of them, may reside, and such penalty shall be for the benefit of, and when collected paid into, the common school fund of the county in which such action is brought within sixty days after such amount is proved to be at large.

Dated this 9th day of June, 1908.
(Seal)
E. U. LEE,
County Clerk, Lane County.

FRUIT PROSPECTS IN LANE COUNTY ARE SPLENDID

The recent warm weather has been the needed thing for strawberries and other small fruits in this section, while a little rain would be welcomed at any time by the farmer, indications point to a splendid all-round crop in Lane county.

The berries and small fruits are coming along nicely. Cherries are well-formed and the trees in most localities are loaded. The Royal Anna, which are most important of the cherries in this section, promise an especially good yield, and if prices are as good as last year the growers will make thousands of dollars from the one variety, which grows more perfectly in this section of the Willamette Valley than any other place in the world.

Later fruits promise, with one possible exception, a big yield. In some sections Italian prunes will yield from a parter to a half crop, owing to the early frost which did great injury to this one variety of prunes. In other places the frost did not affect Italians at all. Other prunes, especially the Petites and silvers, were not injured in any section. Peaches are looking well and a bumper crop of pears and apples seem almost assured. The only thing that is worrying the fruit-grower is the possibility that prices may not be as good as last year, although there is no reason to doubt that good prices will prevail. The farmer will have the advantage of securing all the help he wants at a reasonable price this season.

Hay and grain look well. It is for these crops that rain would be most welcome. Spring grain is in especially good form. Cheat hay will give a banner yield in most parts of Lane county. Vetch will average well, but would be improved by a little rain. Hops are doing well and more fields are in cultivation than was expected early in the season. Several have been plowed up, however, and the total output will not be as large as formerly.

SWIMMERS SHOULD WEAR BATHING SUITS

Naked boys and men have been the habit of going in swimming in the backwater eddy just across the river from Judkins' Point in full view of the railroad, the wagon road, and the mill race over which scores of women pass every day. Probably most of the swimmers wear the costumes decreed by law and custom, but many have been observed that have not had a shred of clothing to cover their persons.
Many of the culprits appear to be full grown, and not mere children. Others also wear mere breech clouts and can hardly be told from those who are clothed with less.
The swimming hole across from Judkins' Point is reached by canoes usually. The water is warmer in the backwater, and Eugene's boys and men flock to the attraction in squads on warm days.

BIDS WANTED

Separate bids wanted for brick work, iron work, plastering, cement work, plumbing, wiring and all exterior mill work for the I. O. O. F. building on or before the 20th of June, 1908.

Plans and specifications can be seen at the office of John Hunzicker, Eugene, Oregon.
Each bidder will be required to furnish a bond of at least fifty per cent of his bid.
By order of building committee.

The Worlds' Pleasures

We all know what a blank, dull place this world would be if it were not for some of the pleasures we have intermingled with our work and worry.

Some women find no pleasure or comfort at all in their shoes; that is simply because they have not found the right kind. In the "Quaker" shoe for \$3.00 there is a stylish, nobly shoe for every foot, and as "Quaker" shoes are made by experts, in a Specialty factory, over foot-conforming lasts, and out of the best and most popular leathers, they are sure to fit well and give satisfaction, which means pleasure.

"Quaker" shoes are made by the Goodyear welt process, doing away with the tacks, wax and thread found on the inside of so many shoes that hurt, burn and blister the feet. This means, too, that they are soft and pliable.

All in all, with every item, summed up, you will find that the "Quaker" shoe is the best shoe that can be bought for \$3.00.

Remember to ask for "Quaker"—"The shoe that does not hurt."

Critical Men Demand the PARTIOT

There is but one line of shoes that have a Star on the heel and there is but on "Patriot" line. Each "Patriot" has the name "Patriot" on the sole and the star on the heel. Let these emblems of quality act as your guide when buying, if the shoes you see haven't these marks let them alone and call for the "Patriot." "The shoe that does not hurt." They cost no more than ordinary kinds, we sell them for

\$3.50 and \$4.00
