ANNUAL REPORT OF DIRECTORS OF EUGENE SCHOOLS

SUBMITTED BY CHAIRMAN OS-
BURN AT MEETING OF VOTERS
THIS AFTERNOON—S. D. AL-
LEN ONLY CANDIDATE FOR DI-
RECTOR

The annual meeting of the directors and voters of the Eugene school district is being held this afternoon and the voters are balloting for director, Attorney S. D. Allen being the only candidate for election to fill the place made by the expiration of the term of F. W. Osburn. Mr. Osburn, chairman of the board, submitted the following annual report at the meeting:

Eugene, Oregon, June 15, 1908.
To the Taxpayers and Patrons of School District No. 4, Lane County, Oregon:—As required by law, the directors of this school district beg leave to submit their annual report for the fiscal year ending today.

Paid for wood, 1,622.35
Paid for teachers' salaries, 22,892.00
Paid for repairs, 5,531.89
Paid for money borrowed, 1,700.00
Paid for interest on same, 1.99
Paid for janitor's salaries, 1,704.30
Balance on hand at this time, 14,099.19
Total, \$55,144.46

The assessed valuation of the property of the district in 1907 was \$3,728,685.
The bonded indebtedness at the present time is \$55,400.

In the item of repairs is included an enlargement of the heating plant at the Patterson building, an entirely new plant at the Geary school building and a new floor in the same throughout; also the sum of \$808.22 for paving on the east side of the grounds on Willamette street. These improvements were all necessary, as the old heating plant at the Geary school building was practically worthless from the beginning, the one at the Patterson school building was always too small, and the floor in the Geary building was completely worn out.

In February, 1907, the enumerator returned 1917 children of school age, and in 1908, 2175, an increase of 258. We have had a total registration this year of 1835 pupils, as against 1445 last year, an increase of 390. Of 1835 registered 875 were boys and 961 girls. This increase in registration has called for more rooms and more teachers. All the rooms in the high school have been in use, one room fitted up and put to use in the basement of the Central building, and a new building erected on the Geary school grounds at a cost of \$245.

During the year three grade teachers and two high school teachers were added to the teaching force, making in all 43 as against 38 the previous year. In the school year 1906-1907 the teachers' monthly payroll was \$2086.72, and for the year 1907-8, \$2585.16.

During the year the high school building has been so badly crowded that an enlargement of same has been necessary. Accordingly a contract has been let to W. O. Heckart for an addition on the west, which is now in course of construction, for \$8965.

When completed the capacity of the assembly room will be almost doubled, and five more classrooms added. It is barely possible to get along another year without the erection of another grade building. This matter, however, will be taken up and determined later on. For the payment of the high school addition and the possible erection of a new building the board, at a called taxpayers' meeting on the 24 of last month, was authorized to bond the district in the sum of \$25,000, or as much thereof as might be necessary. These bonds will not be sold until the money is needed, as the district has now sufficient funds on hand to pay for all improvements contracted for and the bonds will be sold when necessary to replace these funds. Owing to the increase in our population, the board a few months ago deemed it wise to purchase more ground for school purposes, and accordingly a half block was purchased in the Huddleston addition. When the erection of another building becomes a necessity the board will determine in which locality—the Huddleston addition or Fairmount—the building is most needed, and act accordingly.

In the recent selection of teachers an average increase in salaries was made of \$5 per month. This does not apply to the superintendent, the principals, the teachers of music and art nor special teachers. The salaries of the grade teachers have been raised from \$55 to \$60 per month, the principals from \$75 to \$90. Hereafter the teachers in the high school will receive \$70 per month, and the principal \$1200 per annum. The salary

of the superintendent has been raised from \$1400 to \$1600 per annum. During the year domestic science was introduced for the girls and military drill for the boys, which we consider valuable adjuncts to the schools. For the coming year it is proposed to introduce manual training. For a comprehensive report of the workings of the schools we would refer you to the report of Superintendent L. R. Alderman, which is submitted to the board at this time. Respectfully submitted,
F. W. OSBURN,
Chairman.

LAW WILL BE RIGIDLY ENFORCED AT PENDLETON

Pendleton, Or., June 14.—For the purpose of seeing that the prohibition law is rigidly enforced in every precinct in the county, a law enforcement league, with a perfect organization, was formed in this city yesterday. There is a charter membership of 200, and this will be increased to more than 1000.

The organization will have its headquarters in Pendleton, where the president, secretary and treasurer will reside, while there will be one vice president in every precinct in the county where there is the least possibility of an effort being made to sell liquor in any manner.

The purpose is to assist the officers in enforcing the law, and to expose and prosecute every officer who does not enforce the law, also to work for the upbuilding of the county.

THE MEETING OF THE WATERS.

There is not in the wide world a valley so sweet,
As that vale in whose bosom the bright waters meet;
O, the last rays of feeling and life must depart;
Ere the bloom of that valley shall fade from my heart.

Yet it was not that nature had shed o'er the scene,
Her purest of crystal and brightness of green;

'Twas not the soft magic of stream-let or hill,
O, no, it was something more exquisite, still.

'Twas that friends, the beloved of my bosom, were near,
Who made every dear scene of enchantment more dear,
And who felt how the best charms of Nature improve,
When we see them reflect from looks that we love.

Sweet vale of Avocal how calm could I rest
In thy bosom of shade with the friends I love best,
Where the storms that we feel in this cold world should cease,
And our hearts, like the waters, be mingled in peace.

—Tom Moore.

THE SWEETEST LIVES.

The sweetest lives are those to duty wed,
Whose deeds, both great and small,
Are those knit strands of an unbroken thread.
Where love ennobles all,
The world may sound no trumpets,
ring no bells—
The book of life the shining record tells.

Thy love shall chant its own beatitudes
After its own life workings. A child's kiss
Yet on thy singing lips shall make thee rich.
A sick man helped by thee shall make thee strong.
Thou shalt be served thyself by every sense,
Of service which thou renderest.
—Mrs. Browning.

A NICE LITTLE MEAL AT
THE THEATRE CAFE

is always appreciated, where you get everything so appetizing and toothsome these June mornings, when your appetite is fickle. When you want to treat your friends, your wife or your sweetheart to a meal that is cooked to the Queen's taste, bring them to the Theatre Cafe.

Evolution brings economy to the consumer.

The individual shoemaker and watchmaker are practically a thing of the past. But people continue to use watches and wear shoes, but the watchmakers and shoemakers by doing their work in large shops have reduced the cost to the consumer 50 per cent.

The little tailor with his antiquated ideas and methods is passing. Master minds with great organizations in large labor centers are bringing the price of tailor-made clothes, made to individual measure, within the reach of every man.

We are the sole representatives of Ed. V. Price & Co., the Chicago Merchant Tailors, the best in their class. Their work is beyond criticism and their fabrics reliable.

\$20 to \$35 for suits made expressly for you. Samples of their cloths lie on our front counter—drop in and look them over, all new, nobby patterns, no old chestnuts.

Ask to see our fabric Nos. 3220, 3262, 3280, 3297.
