

S.S.S. FORTY YEARS SUCCESSFUL SERVICE

When a medicine has stood the test for a period of more than two generations and is then more popular than ever, there can be no doubt of its value. This is the record of S. S. S. Its period of existence is marked by a long list of cures of blood and skin diseases of every character, and its value in the treatment of such troubles has become so well known that it is today the most extensively used blood medicine on the market. For Rheumatism, Scrofula, Sores and Ulcers, Skin Diseases and all other troubles which are an impure or poisoned condition of the blood, S. S. S. has no equal. It purifies the blood, cures the disease permanently and restores the system. It goes down to the very bottom of all blood troubles and in this way reaches inherited taints on which the ordinary medicines have no effect. Not only is S. S. S. certain in its results, but it is at the same time an absolutely safe remedy. It is made entirely of pure herbs and barks of known healing and curative value. It does not contain the slightest trace of mineral in any form to damage the delicate mechanism of the system, and may be used by children with the delicate safety as by older people. It is not an experiment to use S. S. S. as a remedy with a record and one that has proven its worth by its forty years successful service. If you are in need of a blood purifier for any ailment, begin the use of S. S. S., write our physicians and they will send you concerning your trouble, and will give without charge any special advice that is required.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

STATE ELECTION ON PROHIBITION TWO YEARS HENCE

HEAVY MAJORITY AGAINST SALOONS AT ELECTION JUNE 1—LEAD OF 1831 VOTES IN 25 OF 29 COUNTIES WHICH VOTED ON THE ISSUE

With the vote of four small counties not reported, 25 of the 29 counties of the state in which an election was held this year give a majority of 1831 for the temperance forces, the total being: For Prohibition, 26,069; against prohibition, 31,748. The four counties not included in the foregoing figures are Curry, Klamath, Lake, and Malheur. Of this quarter Klamath and Malheur, wet counties, voted dry by small majorities, and Curry, already dry, voted to continue prohibition. Lake was the only one of the four to decide to continue the saloon, and that by a small majority. The vote in these counties will probably increase the aggregate of the majority for prohibition to about 4,500.

With Klamath and Malheur yet to report, 11 of the 12 wet counties that were annexed to the dry territory in the recent election gave a majority of 2543 for prohibition, the vote being: For prohibition, 14,621; against, 11,068. These eleven counties were: Crook, Douglas, Gilliam, Grant, Jackson, Josephine, Morrow, Polk, Umatilla, Union and Wheeler.

Lincoln Votes Back Saloons

Including Lincoln, the only dry county to vote the saloons back in business by a margin of three votes, eight of the nine counties that voted wet gave a majority of 1711 against prohibition, the total vote being: For prohibition, 12,207; against, 13,918. Of this list of counties Lake is the only one from which the vote has not been reported. Lake gave a small majority in favor of the saloons. The eight counties referred to were: Clackamas, Columbia, Coos, Harney, Lincoln, Marion, Wasco and Washington.

Six of the seven dry counties that voted to continue prohibition gave the cold water treatment a majority of 2485. The anti-saloon program was approved by 9227 voters, while 6742 expressed a desire to restore the dramshops. This majority will be further increased by the vote in Curry county, which is reported to have given the temperance forces a good margin. The six counties included in the total vote were: Lane, Linn, Sherman, Tillamook, Wallowa and Yamhill.

Plan for State Campaign

Encouraged by their success in carrying 29 of the 29 counties of the state in which county prohibition elections were held, besides numerous precincts in the nine counties that voted wet, the prohibition forces expect two years hence to call an election on state prohibition. Already plans are being formulated for carrying on an aggressive campaign.

The vote on county prohibition in the recent election by groups of counties was as follows:

EASTERN PRUNE DEMAND IS LIGHT

Salem, Or., June 12.—Salem prune packers have thus far had no inquiry from the East for prices on the 1908 crop and they are making no offers. Neither are the packers trying to make contracts with the growers. Both H. S. Gilie & Co. and Tibbels & Co. take the view that it is worse than useless to quote prices when there is no demand.

"Eastern buyers are not interested and if we should quote prices now we would have difficulty in raising them later, while the jobbers would expect us to lower them," said H. S. Gilie today. "The crop in the Northwest is short, amounting to about one-half of last year's crop. The situation is, therefore, favorable so far as prices are concerned. Of course, so long as we are not selling we cannot buy, and there is no contracting with growers yet."

At this time last year over half the prune crop of the Northwest had been sold on contracts made by the growers with packers. Growers this year are content to wait, for their crop is small, and they do not fear declining values after the market opens. The only condition that appears unfavorable to prune prices is the large crop of other fruits in California that are dried and sold in competition with prunes.
