AN INDEPENDENT PAPER. Member of Associated Press.

FRIDAY, JUNE 19, 1908.

QUICK WORK IN REPORTING CONVENTION

The republican nation convention reconvened in Chicago at 10 o'clock this morning. At 9:30 a. m. The Guard posted a bulletin announcing the nomination of Sherman, of New York, for vice-president on the first ballot.

And it should not be out of place to mention the fact that the Guard yesterday had the largest telegraphic news report ever used by a Eugene paper, and probably by any paper in the state, outside of Portland.

While Eugene is boasting of many other things, the fact that it has the best newspapers of any town of its size in the Northwest should not be overlooked.

BOOKS THAT ENGLISH BOYS ARE READING

An English magazine has completed an interesting test as to the popularity of the fiction read by British boys, feeling the pulse of the literary youth of the land.

Whatever the future may do for or for Frank Hitchcock, the young man has surely been making a noise like the big boys in Chicago.

Even the campaign collectors are not exempt from the "endless chain" of letters that have been sent to Uncle Sam from all over the country.

has decided that for the good of the entire people, such documents should be suppressed. At least they will not be allowed to be made public.

The East Oregonian gives the following tip to friends on legislation that might be passed during the session for Eugene (overseas): The proposed bill for the freight and terminaling of the new \$10,000 city hall building erected in this city.

A Frenchman, serving as butler in a Virginia family, when told that he was joint heir to several millions, and a cousin, said, "I am sorry for it. I've never been as happy as I am."

The highest type of manly courage was exhibited by Senator Gore, when he said to a reporter: "I do not ask for quarter on account of my blindness. I will stand up and take blows just as I will give them. I do not want to be pitied because I can't see."

An exchange remarks that there is little wonder that the water is so low in the Yukon river that boats find it difficult to navigate.

Somebody, commenting on the noiseless firearm invented by Maxim, declares that what the country really needs at this time is a noiseless firecracker.

There is very little pertinent comment for the newspapers to make concerning the nomination of Mr. Taft.

The ladies of the Commercial Club want cherries and roses for the Portland visitors next Tuesday.

The grass and weeds along the streets must all be cut and cleaned up before the Portland excursion reaches here next Wednesday.

Whichever the future may do for or for Frank Hitchcock, the young man has surely been making a noise like the big boys in Chicago.

Even the campaign collectors are not exempt from the "endless chain" of letters that have been sent to Uncle Sam from all over the country.

We question the wisdom of naming Sherlock Holmes in such a company. The immortal detective himself could obviously detect frauds as those of explorers, treasure hunters and shipwrecked mariners.

Another example of the people's attention to honor in his own country. A bill of this sort supplied by Americans would include several of the same books, but ten to one it would be incomplete without a place for "The Sawyer."

ELMER DOVER, SECRETARY OF THE REPUBLICAN COMMITTEE

Elmer Dover, candidate and friend of the late Mark Hanna, is one who knows the game of politics thoroughly and has the reputation of playing it with stainless hands.

DELICIOUS BANANA CREAM

This recipe is highly recommended by one of our correspondents; try it for dessert tomorrow: Peel five large bananas, rub smooth with five teaspoonfuls of sugar.

DR. HARRIS, VICE-PRESIDENT OF STATE DENTISTS.

The State Dental Association at Portland yesterday elected the following officers: President, A. L. Beattie of Oregon City; Vice-President, M. C. Harris of Eugene.
