Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

OFFICIAL VOTE OF OREGON HAS BEEN TABULATED

Salem, Ore., June 18.—The official returns from the recent elections give Chamberlain a plurality of 1522 over Calk for United States Senator. While the official canvass has not been made, Secretary of State Benson has tabulated the figures from the different counties and the result is definitely known. There are some of the abstracts yet to be corrected by the County Clerks before the official canvasses can be made. The official returns give Chamberlain a gain of 100 votes in Crook county, as compared with the unofficial reports.

The total number of ballots cast was in the neighborhood of 115,000, the exact number not being reported by all counties. Since there are some voters who do not mark their ballots at all offices, it is not possible to determine from the number of votes for any office the total number of votes cast. The largest vote was that for Senator, which was as follows: Amos (Prohibition) 3,787 Calk (Republican) 50,899 Chamberlain (Democrat) 52,421 Cooper (Socialist) 5,267

Heavy Vote on Amendments. Owing to errors in the returns the vote of the initiative and referendum measures has not been ascertained in full. It is shown, however, that the equal suffrage amendment was defeated by a larger majority than two years ago. In 1906, the vote on this measure was: Yes, 36,902; no, 47,075; majority against, 10,173. The vote in 1908 was: Yes, 36,859; no, 53,670; majority against, 21,812.

The vote on the university appropriation was: Yes, 44,154; no, 49,535; majority for, 3,619. The armory appropriation was defeated by a vote of 33,507 to 54,848. The free-pass bill was repudiated by a vote of 28,856 to 59,406, a majority of 30,550 or more than 2 to 1. The single tax amendment was defeated by a vote of 32,066 for and 60,871 against a majority of 28,805 against. The wheelmen's flag bill, antagonistic to lower Columbia bill, aimed at the fish wheels, carried by a vote of 56,130 for to 30,280 against, a majority of 25,850.

J. F. Spray put a force of men to work last Monday morning excavating for the foundation for his new brick on the south side of Main street near the depot. This brick will be, when completed, the largest in the city, its foundation measurement being 100x120 feet. It will have a large basement and is designed for a two or three-story structure, but the upper stories may not be added until later. On the corner facing the depot will be a large plate glass window in which Mr. Spray has suggested that the Commercial Club maintain a fine exhibit of Bohemia gold quartz specimens quicksilver specimens, fruits and berries, grains and vegetables, where they could be examined by passengers passing through our city on the various passenger trains daily.—Leader.

MINERS BUSY IN BOHEMIA GOLD DISTRICT

Bohemia, O., June 18.—A. P. Churchill is packing in supplies and has commenced development work on his President group of seven claims. Some very good ore has been opened and all work shows up well.

He has a very promising copper and gold property in his President group. He owns several other groups and has interested Roseburg parties in some of his holdings.

On the Royal Flush group, owned by Portland capitalists, and others, Mr. Tom and some helpers are doing development work and show some good ores. John Crowley of Portland is principal owner.

Development work is progressing on the Twin Rocks properties, owned by Illinois and Oregon capitalists. A cross-cut tunnel is in 200 feet and will soon cut a ledge of proved richness. The managers expect to cut this ledge within 20 feet more, then they will drift on the ledge and block out ore.

W. H. Shane is doing development work on the Pittsburg group, owned by himself and others. He is building a trail to connect with the Glenwood trail and county road. All this trail is on an even grade, none of it over 8 per cent. It is a pleasure to go over this trail, after traveling some than are 20 per cent grade and some even worse. People in this camp are beginning to see the advantage of good trails and wagon roads.

Mr. McCabe is doing some location work on a new find and says he has something good. He will soon pack in supplies and commence development on his Rock Creek property. He will build a trail on a good grade from his property down Rock Creek to Steamboat Creek, to connect there with the wagon road that comes up the Steamboat to Roseburg. He hopes to see Roseburg improve this road, as a good many people in camp would buy supplies there if there were an outlet.

S. J. Brund is getting along nicely with his wagon road contract and hopes to have the road completed soon, so that ore can be hauled over it. This is the road P. J. Hard is building from the Vesuvius to his Utopian property, where he has blocked out considerable high grade ore. This ore is free milling and Mr. Hard will haul it to the Vesuvius mill for treatment. He will also commence hauling base ore from his Oregon-Colorado property soon. This ore will be concentrated and the concentrates shipped to Tacoma for smelting.

SPRINGFIELD NEWS NOTES OF PAST WEEK

At the annual school meeting held at the schoolhouse Monday, June 15, J. J. Bryan was re-elected director and Herbert Walker clerk.

Bill Ford left Tuesday for Klamath Falls, this state, with the intention of looking over that section of the country as regards an opening for business. We think Bill will overlook the country and come back to a place that is good enough for any man. Mrs. Ford and the little boys did not go with him. Ford made the trip across the country with Jim Stewart.

The high school turned out en masse to the picnic last Saturday, given by and especially for the S. H. S. Three large rigs were just crowded full of the festive students and several private turn-outs trailed along in the wake of the shouting bunch in the larger rigs. They all had a good time. The party was chaperoned by Mrs. Baughman and Miss Sorenson. The day was fine and the picnickers tarried till "Old Sol" gave them a very suggestive wink, then they loaded in and drove home. Cold Springs is an ideal spot for picnics and the place has many fond memories stored away by his friends. A feature of the day was a ball game—they all played ball, but the sentiment was directed to the short stop, Miss Sorenson, who put up a good game.—News.

At the Grand.

The program for the Grand will be found in another column and is a good one from beginning to end. The feature picture is "The Idler," and the best one of its kind ever gotten out. The managers tried to get the use of it for a week, but owing to the large demand for this feature picture they were unable to keep it after this week. The price of admission will be the same. All seats 10c. Matinee every day, children 5c.
