

RHEUMATISM

BODY RACKED WITH PAIN

No other disease causes such wide-spread suffering as Rheumatism. It is a nerve racking torture, and so thoroughly does it dominate the system, when it becomes entrenched in the blood, that its victims are usually complete slaves to pain. Rheumatism is due to an excess of uric acid in the blood brought on by stomach troubles, weak kidneys, indigestion, and a sluggish condition of the system. The natural refuse of the body, instead of passing off through the ordinary channels of waste, is left to sour and ferment in the system because of these irregularities, forming uric acid which is absorbed into the blood, and Rheumatism gets a foothold. As the blood circulates through the body it deposits the acid, irritating substances with which it is saturated, into the different muscles, nerves, tissues and bones. Sharp, biting pains commence, the flesh becomes feverish, swollen and tender, the muscles and joints throb and jerk, and the body is literally racked with pain. Plasters, blisters, liniments, etc., can never cure the disease; they relieve the pain, perhaps, temporarily, but do not reach the trouble, which is in the blood. S. S. S. is the proper treatment for Rheumatism. It goes down and attacks the disease at its head, and by driving out the poison and acid fluids which are causing the pain, and strengthening and enriching the blood, cures Rheumatism permanently. S. S. S. is the greatest of all blood purifiers, just what is needed in every case of Rheumatism. Book on Rheumatism and any medical advice free.

LUMBER RATE DECISION IS MILLMEN'S VICTORY

Regarding the lumber rate decision by the Interstate Commerce Commission, the Oregonian says: Part of the increase made by carriers to more distant markets lying east of the Missouri river is permitted to stand. The maximum increase authorized to Eastern territory, however, is 5 cents per hundred pounds over the old rates, and this maximum is not authorized in its entirety, except to Duluth, Minneapolis, St. Paul and Minnesota. Transfer, and to points on and east of the Mississippi river, so that approximately 50 per cent of the increase made by carriers is condemned, resulting in a reduction of about 5 cents per 1000 pounds in rates now in effect.

Reduced Rate From Spokane. Differential rates from Spokane rate groups, points, Montana-Oregon rate group, and Hood river, Ellensburg and Leavenworth districts, which lie east of the Cascade mountains, embracing parts of Washington and Oregon and all of Idaho to Eastern territory are established under a decision in the case of the Potlatch Lumber Company and others against the Northern Pacific and other roads. Rates from the Spokane districts are ordered lower than from the Pacific coast. The decision is that these rates should be made more uniform differentials under east rates than were in effect prior to November 1, 1907, on the general grounds that from this district the haul is much shorter, and mountain grades over the Cascades and the long haul through a wide treeless, farming section intervening between the coast and the Spokane district are not incidents to this transportation, as they are to transportation from the coast.

Lower Rates From Valley Mill. In its decision in the Western Oregon lumber manufacturers' case, the commission decides that the advanced rate of \$5 per ton from all mills in the Willamette Valley, not including Portland, is unjust and unreasonable; that from mills upon the east bank and upon the west bank, south of Corvallis, the rate should not exceed 77 cents per 100 pounds, \$2.40 per ton, and that from points upon the west bank north of Corvallis the rate should not exceed \$3.65 per ton.

No reduction is made in the rate from Portland, since shippers from that point have the benefit of the water rate and are not dependent upon rail carriers for reaching the San Francisco market and the rate of \$3.10 per ton has not been in force from there for the last four years.

Open Gateway Only to Utah. In the Portland gateway cases the commission holds that a satisfactory through route, within the meaning of the statute, already exists from Washington points to Colorado common points and destinations east thereof, and that, therefore, it has no authority to publish another route to these destinations.

The Northern Pacific Railway, Northern Pacific Terminal Company of Oregon, Oregon Railroad & Navigation, Oregon Short Line and the Union Pacific Railroad are, however, required to establish through routes for transportation of lumber from points on the line of the Northern Pacific Railway in Washington, north of Portland, Oregon, as far as Seattle through Portland to Ogdon and Salt Lake City, and common points in Utah, and a rate of 40 cents per 100 pounds on fir and spruce lumber and 50 cents per 100 pounds on cedar and shingles, is prescribed for such through transportation.

MEMORIAL FOUNTAIN TO 'DAD' TRINE

The college campus at Corvallis is to have a drinking fountain. It is to be a memorial to be left by the outgoing graduating class, and what adds to its fitness is that it is to be dedicated to the memory of the late "Dad" Trine. The class voted the gift at a meeting yesterday, and named a committee consisting of Cooke, Farnsworth and Brodie to have charge of the purchase and placing of the fountain. The site it is to occupy is yet to be selected.

Its dedication to the late Mr. Trine, whose work at the college, after several years of usefulness, was interrupted by an untimely death, is appropriate beyond compare. He was a physical director of the institution, a man of great personal merit, and was deeply beloved by those who passed under his instruction, several of whom are members of the outgoing class. Their tribute to him by the announced purpose of the outgoing class is one of the pretty incidents of this pleasing commencement.—Times.

LAPOLLETTE AROUSED GENUINE ENTHUSIASM

Chicago, June 21.—"Bob" La Follette's name, pronounced by Coehens of Wisconsin, "You old-time football gladiator," precipitated a genuinely spontaneous demonstration. It was unorganized but was not in spots. It permeated the vast assemblage, rising as from the insistent roar of the common people manifesting their admiration for the Wisconsin senator. Taft's demonstration was largely confined to the delegates, many of whom would gladly have broken from the harness which latched them to the "steam roller." Not even La Follette's warmest supporters hoped for such a magnificent ovation. Politicians were almost paralyzed with astonishment.

"This is a conspiracy to prevent a vote on the presidential nomination," complained a gray-haired old veteran on the main platform, as the minutes passed and there was undiminished ardor of the La Follette enthusiasm. "No, old man," someone whispered, "it's the American people who are doing this."

Chicago talked it over all night. It is talking it yet. Lodge, who had beamed while there was Taft cheering, pounded the gavel to stop the La Follette cheering. Every whack caused increased La Follette cheering and the "stem roller" for those moments stood motionless.

"There hasn't been one golden sentence in this convention," said a correspondent. "When Coehens had told his party truths which hurt, but told them in the earnest manner of the man whose heart was in his utterances," the newspaper man said. "There is eloquence of truth."

Strikers in the galleries in the middle of Coehens' address tried to hiss. It only caused the multitude to roar louder their approval of La Follette's brave supporters.

Party chiefs were nervous throughout the day over the situation. The convention voted down La Follette's amendments for the popular election of senators and valuation of railroad property.

PROMINENT BANKER ACCUSED OF GRAFT.

Portland, Or., June 20.—Charged with having perjured himself in an effort to secure the rights to a valuable mining claim on which an old man had lived for years in an endeavor to claim as his own, J. H. Parker, vice-president of the First National Bank of Baker City, and one of the most prominent men of Eastern Oregon, indicted on two counts by the United States grand jury, which adjourned this morning, was arrested last evening at Baker City by Deputy United States Marshal Clyde Nicholson of Portland, and afterwards released on a bond of \$30,000.

The indictments, two in number, were returned to Judge Wolvortner in the United States court several days ago. A bench warrant for Parker's arrest was issued by the court at once. One of the indictments charges Parker with violation of section 4746 of the federal statutes, and the other with willful and corrupt perjury.
