Yale Field, June 23.—Wm. H. Taft was in the front rank of the marching class of '78 which arrived on the Yale Field where Harvard will play baseball with Yale at 3 p. m. He was wildly cheered and forced to hold a brief reception in full view of the cheering stands. Then, headed by a band, the class marched around the diamond.

Taft participated in the ceremony of presenting to the University by the class of 1898, a handsome memorial flagstaff in memory of Lieutenant Augustus Canfield Ledyard, who was killed in action in Island of Negroes.

NATIONAL COMMITTEE LOOKING UP PRECEDENTS.

Washington, June 23.—So far as known there is no power vested in the republican national committee, to fill a vacancy on the Presidential or Vice-Presidential ticket which might occur between the date of nominating and the first Tuesday in November. A hasty study of precedents finds that no emergency has arisen in the history of the republic, such as would arise from the death or retirement of a candidate before election day. On the other hand, there is nothing to prevent the committee from filling a vacancy on the ticket; there is no law of prohibition, but of course the committee would be answerable to any outraged sense of the great party which it represents.

Chicago, June 23.—Harry S. New, chairman of the National Committee, expresses great regret over the illness of Mr. Sherman. New is of the opinion that national committee has full power to name a Vice-Presidential candidate, but he said if there was sufficient time before election the committee would reassemble the convention and have it nominate in the regular way.

SPECULATING UPON POSSIBLE VACANCY.

Chicago, June 23.—A number of members of the National Committee express the opinion that in the event of the death of Mr. Sherman the

JOHNSON ONLY LAUGHS ABOUT LAWSON'S OFFER

Minneapolis, Minn., June 23.—"That sounds like a most excellent proposition," said Governor Johnson laughingly this morning, speaking of the offer of Thomas W. Lawson, of Boston, to raise a \$1,000,000 campaign fund for a ticket with Johnson for President and Bryan for Vice-President.

"Yes, I think we will have to stand for it," continued the Governor evidently greatly amused at the proposition. "It sounds all right, and we are perfectly willing to agree to it. Treats Matter Jokingly.

But that was as far as the Democratic possibility for President would go. He treated the matter in a joking manner, and while frankly admitting his immense wealth, would not say whether or not Mr. Lawson, or any one acting for him, had actually proposed the plan to him.

Governor Johnson will not allow his name to be used as the Vice-Presidential candidate of the Democratic party. This announcement was made authoritatively today at the Johnson headquarters.

Washington, June 23.—Assistant Attorney General Pugh declares that while the Hyde-Benson-Diamond-Schneider trials cost the government \$18,369 net, the results to the government will be \$1,000,000, through the restoration of a hundred thousand acres of land besides the beneficial effect on the future administration of the public land laws.

COLUMBIA CHANNEL GREATLY IMPROVED

Portland, June 23.—The Evening Telegram today will say that the government survey of the Columbia river bar just completed shows a depth of 26 feet at extreme low water in a channel 3,000 feet wide, as against a depth of 25 feet and a 300 foot channel last year. This means an approximate depth of 34 feet at an average high tide.
