ALUMNAE OF UNIVERSITY FORM ASSOCIATION

WILL ESTABLISH SCHOLARSHIP OPEN TO GIRL GRADUATES OF HIGH SCHOOLS.

On June twenty-second at a meeting of Oregon, an organization was effected which promises to be significant in the upbuilding of a greater university. The organization is to be known as the State Association of University of Oregon Alumnae. Its object is to unite the alumnae of the University for the good of their alma mater and for practical educational work. The following officers were elected: President Mrs. Ellen Condon McCornack, '78; first vice-president, Mrs. E. Jennie Beattie Harris '90; second vice-president Miss Bertha McKinney, '07; secretary-treasurer, Mrs. Ella Travis Edmanson, '03; corresponding secretary, Miss Bertha Ellsworth Slater, '99. The association took up for its immediate work the establishment of a scholarship of \$100 to be open to girl graduates of high schools within the state. The scholarship will be known as the Mary Spiller scholarship, in honor of a former instructor of the University.

Bucklen's Arnica Stive Wins
Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot, and could find nothing that would heal it until I applied Bucklen's Arnica Salve. IMPROVED MAIL SERVICE FOR SPRINGFIELD
The Springfield mail service has been considerably changed within the past week, now giving us the best service ever had. The mail now leaves here at eleven o'clock a. m., instead of eight as before. This gives anyone who desires a chance to get their morning mail and have plenty of time to answer it in the same forenoon. We also get the Morning Oregonian at 6 o'clock and can read it at the breakfast table, giving us exactly the same service that the citizens of Portland are getting as far as daily news is concerned. Postmaster Roberts has worked faithfully with the department in getting this new service and we believe it will meet with the approval of the people much better than former services.
Will Erect Band Stand.
At a late meeting of the Commercial Club a committee was appointed for the purpose of raising money by subscription for the erection of a band stand. Rev. Perkins as chairman of the committee circulated a paper among the citizens to raise the necessary money and now reports having raised considerably over \$30. The plans adopted by the committee will call for an expenditure of about \$65 to complete the stand.
Bought Millinery Store.
The Misses Bailey and Garrison, of Eugene, have purchased the Springfield millinery business which has been conducted for the past year by Mrs. Hughes, and took possession on Wednesday of this week. These ladies have been connected with one of the leading millinery stores of Eugene and promise the ladies of Springfield an up-to-date store.
Delivery Business Bought.
W. J. Brown has purchased the delivery business from Fred Yockey who has so faithfully run the delivery business for the past three years. He disposed of his interests in order to give his time and attention to a different occupation, that of stone quarrying. He will engage in the business with his uncle at Fairmount.—News.

THE EYE AND ITS CARE BY DR. FRANC LUCILLE HARD.
The Hyperopic or Far Sighted Eye.

Last week we learned that the normal or emmetropic eye was perfectly round. In the above drawing the eye is too flat, the dotted line showing where the posterior wall of the eye should be. This is called the Hyperopic or far-sighted eye.
At birth the eyeball is very flat, but as the child grows older it becomes more or less perfect until at the age of eight or nine, when the eye is supposed to be perfect.
But most children are placed in school at five or six years of age, consequently the growth of the eye is retarded, and the eyes do not develop properly, but remain too short from front to back, causing headaches and eye-aches. So much discomfort is experienced in doing close work that children who are naturally bright and intelligent, appear dull and stupid at their studies. The remedy for this is to have the eyes carefully and thoroughly examined by a competent eye-specialist, who will prescribe the correct glasses to be worn, and the eyes to be re-examined from time to time. If proper care is given children's eyes under these conditions, after a year or two the eyes will be found to have improved so much that the glasses may be discarded.
When this trouble has been left until the person is grown up it causes most distressing symptoms, severe headaches, nausea, eye-strain, and blurring and dimming of the page, after reading a short time. If allowed to run, an obstinate form of superficial inflammation sets in and the eyes become useless so far as near vision is concerned. These notes that the eyes give us that they are not right should never be neglected. But they should be examined at once, and, if necessary, glasses given and worn, when all such symptoms will disappear.

TWO DEATHS AT JUNCTION CITY

CHARLES JOHNSON, DRUGGIST, AND MRS. H. D. DUNLAP PASS TO GREAT BEYOND.

Seldom has it been our duty to record a death that has caused so much general sorrow. A dark gloom spread over the whole city when it was whispered from one to another that bright Monday morning, "Charlie Johnson is dead."
He was a member of the drug firm of Johnson & Cooley and was recognized as one of our most progressive and enterprising young men. He was an active member of the Commercial club and his presence will be greatly missed. All business houses were closed during the hour of the services.
Charles Hardin Johnson was born in Mexico, Missouri, April 16th, 1878, and died June 22, 1908. He moved with his parents to South Dakota in March, 1884. He came to Oregon in September, 1887, but returned to South Dakota in 1899. He entered Dakota University in the fall of 1900 and remained there three or four years.
He returned to Oregon and finished the pharmacy course at the State Agricultural College in June, 1905. From June to November of that year was employed in the drug store of Yerrington & Kuykendall in Eugene. He came to Junction City in November, 1905, and has resided here since that time.
Death of Mrs. Dunlap.
Mrs. Margaret D. Dunlap, wife of H. D. Dunlap, died at the home residence five miles southwest of here Sunday morning at 1 o'clock, aged 50 years, 3 months and 9 days. Deceased had been sick for some time with pneumonia. She was the daughter of Hynson Smyth, an old and highly esteemed pioneer citizen, and was born and raised on the old homestead. Besides her husband, she is survived by one son, Oscar, who is grown.
Other Notes.
The Commercial Club has rented the room in the hotel block formerly occupied by the grocery department of Mr. Hurlburt's store. The contract commences with July 1. The room will be repaired and repainted and fixed in an attractive shape. The Commercial club has requested another clean up day on the afternoon of July 1. It is hoped that everyone will observe this request.—Junction City Times.

OPTICAL OFFICE CLOSED.

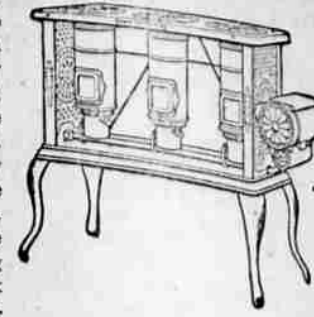

Dr. Franc Lucille Hard, the Optician, will be out of the city from June 27th to July 3rd. On her return, and during the summer months, she will be at her office, 1 to 4 New Christian Building, every day from 10 a. m. to 1 p. m. Other hours by appointment only. 327

Put This Stove in Your Kitchen

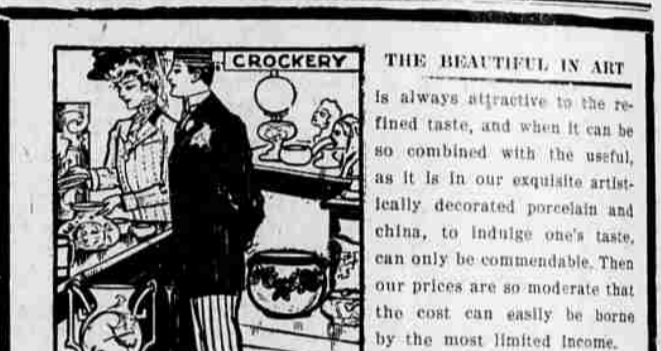

It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in one direction would be preferable on a hot day to a stove radiating heat in all directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.
