

BEAUTY AND VIRTUE
 should be synonymous, and they are in the Lester piano. Graceful, elegant and artistic in appearance, with a tone that is musically angelic, they are matchless in every point, and accepted by the most eminent musicians as the ideal piano.

COTTAGE GROVE WILL WIPE OUT DEBT

Cottage Grove, Or., June 26.—For some days the citizens of this city have been arguing the best means by which the city could wipe out its floating indebtedness and meet its running expenses. Since Lane county has been "dry," a period of two years, and must remain dry at least two years longer, the city, being deprived of a saloon revenue, has gone behind in its running expenses. At the present time the floating indebtedness is approximately \$9000.

A proposition is under discussion by the City Council and citizens to provide an amendment to the city charter whereby a tax levy of not to exceed five mills a year may be levied on city and personal property, the fund thus raised to go toward paying off the bonded indebtedness of the town. It is proposed to amend the charter by use of the initiative.

Loss of saloons has reduced the city's revenue but there is little disposition to turn against prohibition, the people preferring to wipe out the indebtedness by direct taxation.
