

JUDGE GRAY WILL NOT ACCEPT PLACE ON TICKET

Wilmington, Del., July 1.—Judge Gray has sent the following telegram to the New York Evening Journal: "I have your telegram saying that I am being placed on the ticket for the vice-presidential nomination, and asking whether it is true. As I have repeatedly said I would not consent to being placed in nomination as a candidate for the presidency, I will say, with equal emphasis, that I will not consent to being placed on a ticket under no circumstances consent to a nomination for the vice-presidency." (Signed) GEORGE GRAY.

Denver, July 1.—When shown a copy of Judge Gray's telegram from Wilmington, declaring he is not a candidate for the presidency, Mr. Marvel, the Gray campaign manager, said there was nothing new in the telegram; that Gray had refused to run, but that his friends had taken

the matter into their own hands and declared: "It is our affair and not his."

PLATFORM OF DEMOCRATS IS NOW OUTLINED

Denver, July 1.—The leading features of the national platform will be anti-trust and anti-injunction declarations, tariff revision, election of United States senators by direct vote of the people, a graduated income tax, enlargement of the powers of the interstate commerce commission, advocating of postal savings banks, state's rights and anti-imperialism to the extent of having the national government declare for the independence of the Philippines as soon as a stable government can be established.

It is understood that the demands of the labor leaders will be met in nearly every particular, although the language of the platform will not be so specific as the Gompers' planks which were submitted to and turned down by the Republican convention at Chicago. The provisions, as tentatively agreed upon, which affects labor, are understood to be as follows:

"We favor an employer's liability law, applicable alike to both private and public employers."

"We favor an 8-hour work day."

"We favor such a modification of the law relating to injunctions as will first, prevent the issuing of the writ

in industrial disputes except after notice to defendants and full hearing; second to permit trial before a judge other than the one who issued the writ, and, third, allow a jury to be summoned in all cases where the alleged contempt was committed outside the jurisdiction of the court."

"We believe in the conciliation of capital and labor and favor every legitimate means for arbitration of all disputes between them."

The tariff revision declaration will be strong and to the point. It will advocate placing on the "free list" all articles made in or manufactured by trusts and rational reductions in the tariff on all articles commonly characterized as "necessaries of life."

The state rights plank will advocate the extension of federal control along lines which will add to and not to be substituted for state remedies.

MAYOR M'CLELLEN MAY COLLECT BIG DAMAGES

MAYOR GEORGE B. M'CLELLAN OF NEW YORK.

New York, June 29.—The windup of the recent recount trial which demonstrated conclusively that Geo. B. McClellan did not steal the Mayorship chair, the property of William Randolph Hearst, is believed to be the signal for other interesting court proceedings. The Mayor and his advisors are now contemplating the possibility of bringing a suit for damages. Eminent lawyers agree that a good sized verdict is more than a possibility, as the plaintiff would be in a position to prove that he had been mentally and financially injured. Discussing the case today, a leading member of the bar said:

"McClellan would be justified in suing for \$250,000 and a verdict of that amount, would, I believe, be upheld by the highest courts. From election day until the present time, the Hearst papers have alluded to McClellan as the 'Fraud Mayor.' He has been assailed in the news columns as well as editorially. In addition to this, McClellan has been fighting all sorts of proceedings, in all sorts of courts. I understand that he claims to have been paid out over \$75,000 for legal expenses, but I would not be surprised if the bill was double that amount. As all the al-

legations of fraud have been found to be incorrect, it would seem no more than right that Hearst should reimburse him."

"In addition to that, McClellan has suffered material damage to his reputation of being held up to public scorn as a ballot box stuffer and a receiver of stolen goods."

W. C. Barbour returned last night from a trip to his 600-acre farm 17 miles east of Eugene. He states that yesterday the voters of the district which has just been reorganized and has no school house, met at his farm house and voted to build a fine new building for school purposes. Mr. Barbour donated an acre of land for that purpose and plans for the building were adopted. It is to be 26x40 feet in dimensions, will have a belfry, a cloak room and a large porch. It will be painted white on the outside and green on the inside. The location of the new building is one of the best in the county. It is at the junction of the Long Tom river with Not and Elk creeks and there is pure spring water nearby which will be piped to the building. The school house will be built as soon as possible and be ready for the fall term of school.

AMERICAN SOLDIERS HURRIED TO FRONTIER

El Paso, July 1.—It was quiet last night at Juarez Mexico, opposite El Paso. It has been reported the city would be attacked by revolutionists and the troops from Fort Bliss, now at maneuvers at Leon Springs, Texas, are being hurried back to this city.

Report Confirmed.
Washington, July 1.—General A. L. Meyer, commanding the department of Texas, telegraphed the war department today that he had sent four troops cavalry to Del Rio, near the scene of the operations of the insurrectionists in Mexico.

Dispatches received through official sources apparently corroborate the press telegrams of trouble at Las Vacas. The American Consul Ellsworth at Porfiro, has gone to the scene to investigate.

Yesterday's Fighting.
El Paso, Texas, June 30.—The first revolutionary outbreak in the Republic of Mexico, beyond the borders of Chihuahua, occurred this morning at four o'clock, when the garrison at Palomas, Chihuahua, 70 miles west of this city, was attacked by a band of fifty men, who were repulsed with a loss of one killed and one captured.

There were fourteen guards stationed at the Mexican post when the attacking party surprised the town. Most of the insurrectionists were armed with rude weapons and homemade implements of warfare.

Throw Bombs, but Are Beaten.
According to a dispatch received here from Columbus, N. M., across the river from Palomas, Juan Correo, the Mexican general, has arrived there from Palomas, bearing dispatches to his government concerning the attack. It began when a bomb was thrown into the telegraph office, thus shutting off communication with outside points. The fight followed, in which several hundred shots were fired and many bombs were thrown at the headquarters of the officers. Owing to the fact that the bombs were ill-timed, the officers were able to throw them away before they exploded, thus saving the building and their own lives. The fight lasted one hour, after which the attacking party fled to the mountains west of Palomas.
