## The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could mention for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

## BUILDING LOGGING RAILROAD OUT OF WENDLING

The South-Kelly Lumber Co. has started a force of 40 or 70 men at work building a logging railway from Wendling, six or seven miles up the Midhawk. The work will be rushed and 75 or 80 more are wanted at once. The company is now gathering the men together and it is probable that there will be no more trouble in securing them, as there are a good many idle laborers in the state at present.

The company will ship the equipment for the new road from the East and it is expected that it will arrive by the time the road is completed. The equipment consists of several small locomotives and a number of log cars.

### PORTLAND MARKET REPORT

Portland, Or., July 1.—A party of hop dealers, consisting of Ross Wood, of the Harry L. Hart Company, of Portland; James W. Linn and Kola Nels, of Salem, and Julius Wolf, of Silverton, have returned from a three days' automobile tour in the principal hopgrowing sections of the state. The trip was made for the purpose of inspecting the condition of the yards and to set at rest the uncertainty that has prevailed as to the probable crop return. This is the first time the hop belt has been jointly inspected in so thorough a manner, and being representative and conservative men their opinion on the subject carries much weight.

According to the dealers the crop of the state, as a whole, is in excellent condition, but will probably fall considerably under the yields of the last two years. The shortage is the effect partly of the reduction in acreage, but principally the neglected or indifferently cultivated condition of many of the yards. Growers who gave their property the usual good attention will have big yields per acre. Had the entire acreage been properly cultivated a bumper crop would have been the result. As it is, the yield, according to the hop men in the party, will probably be somewhere between 150,000 and 130,000 bales. Last year Oregon raised nearly 140,000 bales and two years ago 160,000 bales.

Brief Notes of Trade.  
While trade in eggs is better, prices are unimproved because buyers refuse to pay more.  
Chicken market is about 25c lower with larger supplies of California birds.  
Peach market is better as regards demand but prices are generally ruling between 75c and 90c. Takes some select to go above that.  
Loganberries are mixed as to price with some dealers offering best quality as low as \$1.  
String beans are lower with larger supplies from the upper Columbia.  
California green corn is disappointing and prices are severely cut.  
Cherry market shows no demand except for something select.  
Wool Sales at London.  
The regular wool sale at London did not come off as scheduled, but as a number of buyers were present, several of the growers were well satisfied with the results. It is said better prices were realized than by the growers who hauled their wool to Huppner and Shanoka. Among the sales at London were the following: B. C. L. S. & Co., 100,000 pounds at 14 cents; W. J. Ransall, 18,000 pounds, at 12 1/2 cents; Niven Brothers 14 cents; Hoover & Kelsay, 13 1/2 cents. Others who sold at prices ranging from 12 to 14 cents were Alex. Hardie, W. H. Hoover and William Hettie.

Boston Wool Market.  
Boston, June 30.—The wool market, after many months of dullness, at last showed marked activity. The principal demand is for worsted wools, which are higher. Quotations:  
California Northern choice, 17 1/2@18; Northern average 16@17; Middle country 15@16; Southern, 13@14; Fall Northern, 11@12; Fall Southern, 9@10.  
Oregon Extra No. 1 staple, 15@16; Eastern No. 1 staple, 15@16; Eastern average staple wool of

16c; Eastern average, 14@15c; Valley No. 1 12 1/2@13 1/2c.  
Portland Livestock.  
Portland Union Stockyards, July 1.—With very scant arrivals, the entire livestock market is showing an improved tone. This is especially true as regards hogs, for the arrivals in that line were only 40 head for the day and the price has been stretched 10c in consequence. Top hogs are going as high as \$6.25 today. There is a small demand for feeders which are today quoted in the yards at \$4.50 and \$4.75.  
While the cattle market has a better tone and all arrivals are picked up at the price quoted, values are showing no disposition to make an early change, although it is quite freely predicted in livestock circles that the market should show an early advance of 25c. While the demand is not slow for cows, the top price is down 25c for the best stuff and it takes a prime fat article to bring \$3 today. Medium cows are now selling at \$2.50@2.75.  
Sheep market is advanced 25c for best wethers, the price ruling as high as \$4.00 today. Lambs are unchanged at \$1.50@1.75, although the tone is good. Mixed lots are selling up 25c from the low point. A year ago today all lines were easy at unchanged values.  
Official yard prices today:  
Hogs—Best stuff, \$6.25@6.25; China fats, \$5.75@6.00; stockers and feeders, \$4.50@5.00.  
Cattle—Best eastern Oregon steers, \$4; medium steers \$3.00@3.75; prime fat cows, \$1; medium cows \$2.40@2.75; bulls and stags, \$2.00@2.50.  
Sheep—Best wethers \$3.75@4.00; spring lambs \$4.50@4.75; mixed lots, \$3.25@3.00.

Portland Quotations.

TAMMANY GOES WITH SPECIAL TRAIN.  
New York, July 1.—This is what Tammany Hall will take to the Democratic National Convention at Denver, according to the statement given out today:  
Cash—\$100,000.  
Champagne—8,400 pints.  
Cigars—1,750 boxes of 100 each.  
Beer—30,240 bottles.  
Ice—Thirty-five tons.  
There will be five trainloads of delegates and rosters.  
The special trains will start Friday morning.  
The rosters say the big order for ice was given in order that they might have plenty to cool down Bryan enthusiasm. The \$100,000 in cash is to meet mere incidental expenses of the big delegation.

Chairman Charles E. Murphy of Tammany Hall, State Chairman William J. Connors, Daniel F. Cohalan, Lewis Nixon and Secretary Smith of Tammany, left today for Denver as the advance guard of the New York contingent.  
They say they are prepared to fight against radicalism in the platform, and it is expected they will back up Alton B. Parker in his stand against the anti-injunction plank.

JUSTICE MARRIES COUPLE TWICE IN THE SAME DAY.  
Hillsboro, Or., July 1.—The unusual experience of a couple going through two marriage ceremonies on the same day happened in this county today. Samuel Smith and Miss Mabel Grove of Gales Creek, an outlying precinct, came to the city today, bringing with them on their 20-mile trip J. W. McRobert, the Gales Creek Justice of the Peace. After procuring a marriage license, the party repaired to the Hotel Tualatin, where McRobert performed the ceremony.  
The Justice then went to the Courthouse to file the marriage when he was told by County Clerk Godman that a Justice could marry people only in his jurisdiction, which would be within the boundaries of his precinct. McRobert's son gathered in the couple and they proceeded 20 miles to Gales Creek, where another ceremony was performed.
