

PARKER'S ACTION CAUSES NO STIR AMONG DEMOCRATS

fold, to complete the restoration of harmony in the party. Hearst's response to the overture is awaited with considerable interest.

Clayton is Confident.

Representative Clayton of Alabama slated for permanent chairman of the convention, arrived today. He is confident of democratic victory in November.

Cleveland Resolutions.

Alton B. Parker may be asked by Chairman Taggart to present his resolutions on the death of Cleveland after they are approved by Bryan. Many resolutions are being drawn up and it is stated that Bryan himself has taken up the task. Should Judge Parker consent to modify his original resolution, it may yet be acceptable to those who oppose it.

Coler Sees Victory.

Bird S. Coler of New York arrived today from Lincoln and makes strong claims for Bryan for nomination and election in November. He says Bryan will carry New York. McCarren's

prediction to the contrary notwithstanding. Coler said Bryan should select his running mate and that no state should seek to control the nomination. He also criticized the Parker resolution and said it was inspired by lobbyists for the purpose of making trouble.

Towne Boom Launched.

The boom for Charles A. Towne for vice-president was launched today, with Mr. Farnsworth, who conducted Towne's successful campaign for congress, in charge.

JOHN MITCHELL LOGICAL CANDIDATE.

Lincoln, July 3.—Dewitt Clinton Dewitt, before departing for Denver early today, declared his belief that John Mitchell, former president of the United Mine Workers of America, is the most logical candidate for vice-president. That he would carry Illinois, Indiana, Pennsylvania and Ohio, is assured.

Parker Causes Trouble.

Denver, July 2.—Charging that Alton B. Parker's resolution of tribute to the memory of ex-President Grover Cleveland is a clever move on the part of the enemies of William J. Bryan to infuse factional strife into the Democratic National Convention, friends of the Nebraskaan today determined to offer a resolution of a character not designed to raise controverted political issues. Through control of the temporary organization of the convention, the Bryan following expects to have its resolu-

tion brought to the attention of the delegates immediately after the speech of the permanent chairman has been delivered. In that event the Parker resolution would have to be offered as a substitute, if submitted at all, and the Bryan men declare that the New York delegation would thereby be placed in the attitude of attempting, in the guise of eulogizing a great party leader, to create strife and dissension and to make harmony impossible.

SIX ARE DEAD IN FIREWORKS' EXPLOSION

Cleveland, July 3.—An explosion of fireworks in the five and ten cent store of Kresgo & Co., this morning was immediately followed by flames bursting from the windows of the building. At 12:40 the firemen discovered the bodies of five women who had been smothered in the basement. A young boy who also lost his life in the fire was identified as James Parker.

The dead are: James Parker, aged 5 years; Emma Shoemaker; Miss Marie Wagner and three unidentified. The injured will probably total a score, at least twelve girls receiving injuries jumping from the windows. Some of the girls sustained broken limbs and other cuts and bruises.

A panic of hundreds of clerks and customers followed the explosion. The flames and smoke filled all the upper floors. Two of the dead were clerks at the fireworks counter, which was constructed so that their escape was cut off and they perished. It will not be known until two hours after the fire, if any other lives were lost.

The fire started when one of the clerks was demonstrating one of the pieces of fireworks. A spark ignited other pieces and the conflagration followed.

On the second, third and fourth floors the clerks and customers were cut off from all escape by smoke which rushed up the stairways, but the elevators were worked rapidly to the full capacity. Crowds rushed to the windows, which became so packed that at first they were unable to get through but later some managed to get out onto the ledges and jumped into the life-nets. The firemen rescued many from certain death.

will result in bloodshed and be followed by deportations of miners, is the grave charge made by President Chas. Moyer of the Western Federation of Miners, in open letter to the members of the Federation. Before leaving for Telluride today, Adjutant General Bulkeley Wells, when informed of the charge made by Moyer, said he had heard nothing of the plot, and that he would see to it that no such scheme was carried out.
