Cal. The afternoon was spent out on the lawn. Refreshments were served by Mrs. Wheeler and Livermore.

One of the enjoyable affairs of the week was a talk by and picnic party to Hayden's Bridge. Mr. and Mrs. George Willoughby chaperoned the party. After a delicious picnic dinner and lunch, the party started, reaching home at a late hour. The party consisted of Mr. and Mrs. George Willoughby, Grace, Ruby, Marguerite Dunne, Ollie Burton, Mabel Johnson, Jennie Linton, Pearl Jamison (Portland), Eugenia Hembree, Ted Cooper, Charley Watts, Clarence Carter, Newton Johnson, Warren Rae, Willie LeMasters, Copperton, Iola Smith, Steve Burton.

Thursday the Sunday school of St. Mary's Episcopal church enjoyed their annual picnic on the banks of the McKenzie river. Mrs. P. K. Hammond and Mrs. Buoy chaperoned the picnic.

Automobile parties are beginning to be very popular. Tuesday evening Prof. and Mrs. F. G. Schmidt, Dr. and Mrs. S. D. Read, Mr. and Mrs. Alton Hampton and Miss Alecia McElroy went for an automobile ride to Fairmount Heights.

Professor Hawthorne and family left Wednesday morning for their cottage at Seal Rocks, where they will remain the rest of the summer.

Thursday afternoon and evening Mrs. J. W. Kays entertained the members of the Thimble Club and their husbands in honor of her niece, Miss Scott, of Pennsylvania. The afternoon was spent in needlework.

An interesting feature of the afternoon was the working of buttonholes in which Mrs. A. T. Cockerline won the first prize and Mrs. Robert Pratt won the second prize, while Mrs. Wilson won the consolation prize. The guests of the club were: Mesdames J. J. Wilson, Harris, S. J. Straight, Lloyd Bellman, Caldwell (Seattle), Brooks (Berkeley), Goldsmith and Miss Zeda Goldsmith (Oregon City). At six o'clock the husbands arrived much to the surprise of the ladies for supper. Supper was served on the lawn, beneath the trees. The tables were decorated in red, white and blue. The hostess was assisted in serving by Mrs. Bellman and Mrs. Wilson. In the evening guests played whist on the lawn. The lawn made a very beautiful appearance, lighted with a profusion of Chinese lanterns.

The dining room of the dormitory was the scene of a pretty wedding, Tuesday evening, when Mr. Carl McClain and Miss Grace Parker were united in marriage in the presence of a large assembly of invited relatives and friends. The service was read by Rev. H. N. Mount.

The room was artistically decorated with a profusion of white daisies, sweet peas and ferns. The ceremony was performed under a canopy of green. Miss Archambeau played the wedding march. The bride wore a dress of white silk trimmed in real lace and carried a shower bouquet of Shasta daisies. She was attended by a sister of the groom, Miss Lulu McClain of Ellison, Iowa.

The out-of-town guests were: Mr. and Mrs. Parker (Junction), Mr. and Mrs. Edwards (Corvallis), and Miss Barr (Portland). Mr. and Mrs. McClain went on a short trip and after their return will make their home in this city, where Mr. McClain is an instructor in the University.

Poppleton-Lincoln. A marriage of interest to a number of Eugene people is that of Miss Irene Lincoln to Ralph Poppleton June 29, in Portland. Both are graduates of the University of Oregon. Miss Lincoln graduated in the '08 class, while Mr. Poppleton was a member of the '07 class.

On Wednesday afternoon Mrs. A. E. Wheeler and Mrs. Archie Livermore entertained informally about forty guests in honor of Rev. and Mrs. Brooks. Rev. Brooks was formerly pastor of the Congregational church in this city, but now of Berkeley, Cal.

REDUCTION OF FOREIGN PARCEL POST RATES.

Postmaster-General Meyer has announced that on and after July 1 next, parcels having a weight limit of eleven pounds (a gain of seven pounds over the weight limit) may be sent from the United States by parcel post to England and Italy August 1 at the rate of 12 cents per pound; also to France July 1, weight limit 10 pounds 6 ounces. The present rate is 18 cents a pound. Coming as this does soon after the announcement of the two cents per ounce letter ocean postage to take effect October 1 next, it is safe to predict a large increase in trade will take place in small articles between the respective countries in a way more convenient and quicker than the usual express and freight method. The convenience of postal transportation is that a parcel is delivered directly to each party by the postal agent without delay.

In England, where postal rates are on a practical basis, parcels are sent to any of its distant possessions formal at the rate of three pounds for 24 cents, seven pounds for 48 cents, eleven pounds for 72 cents, a rate of 8 cents per pound, which is the general word rate, and is one restricted in the United States only to printed books. The actual cost of transportation of merchandise through the mails has been ascertained to be but 4 1/2 cents per pound.

Umpymer drove to Eugene the first of the week on a short business trip and to visit with friends as well.—Bulletin.

RAILS LAID ON ELECTRIC LINE TRESTLE

The rails are laid on the trestle of the electric road to connect this city with Springfield, and are down almost to the railroad track around Judkins' Point where the electric line will cross the Southern Pacific and join the city tracks which are now being operated.

The trestle work is also nearly finished, though two big fills will yet have to be made on the right-of-way. One of these fills is said to be 1500 feet long, the other somewhat shorter. To do this will take considerable time.

NEW YORK BANKS ARE PAYING UP.

New York, June 29.—Eight months after the passing of the financial troubles of last fall, the depositors of the dozen banks and trust companies, which closed their doors, have received their money, at least in part, or in the case of the few which have not yet re-opened or have gone into liquidation, are about to receive it. The Hamilton Bank has already anticipated all of its deferred payments, which, under the original plan, were to have extended into November. The Knickerbocker Trust Company anticipated the first two deferred payments on June 1. The Oriental Bank paid its depositors in full preliminary to liquidation. The National Bank of North America has paid depositors 50 per cent in dividends, and the New Amsterdam National has paid 25 per cent.

The Mechanics and Traders' depositors have practically agreed to a deferred payment plan. Of the Brooklyn banks which closed, the Jenkins Trust Company, has anticipated payments; the Borough Bank and the Home Bank have reopened, and the Brooklyn Bank and the International Trust Company have reorganized.

Big Cities Hardest Hit.

New York, June 30.—S. J. Landers of the National executive committee of the United Garment Workers of America, who was sent to the principal cities to find out the present state of the clothing trade, has returned. He says that there is a marked improvement in the demand for men in Boston and Providence, and an improvement in Boston and Cincinnati. The cities worst hit by the business depression, he says, were New York and Chicago, and while there is a slight improvement in these cities, it is not so pronounced as in other places.

LOST VALLEY NOTES.

Williams, a son. Died: Wednesday, July 1, the infant son of Mr. and Mrs. B. E. Williams. Mr. and Mrs. Williams are residents of Dexter and have the heartfelt sympathy of their many friends and relatives in their sad bereavement. A game of baseball is scheduled for the "Fourth" between the "Trent Rollers" and the "Dexter Stump Jumpin' Giants." This will be an interesting game and one which everyone should witness. Mr. Bernice and Miss Alta Williams made a trip to Eugene last Tuesday. Mrs. Odie Johnson is visiting her mother at Spencer Creek, this week.

HARRY ORCHARD MAY BECOME TRUSTY.

Boise, Idaho, July 2.—It was not until it had been fully explained to him that under the law of the state as well as under the common law he was entitled to his life that Harry Orchard became reconciled to the action of the Idaho Board of Pardons in commuting his sentence to life imprisonment. All preparation had been made at the penitentiary for his execution today, and Orchard apparently full expected to pay the penalty. Last night the death watch was removed and Orchard took his place with the other life prisoners. It is not unlikely that he will be made a trusty. Warden Whitney has not yet decided at what work he will be placed, but he may be given a clerical position. Orchard has written this statement: "I have hoped at all times that my sentence would not be commuted to life imprisonment. My one thought has been ever since I started to lead a new life to make all the earthly restitution within my power for wrong-doing, regardless of the consequences to myself or anyone else. This shall ever be my first motive in life under whatever circumstances I may be placed."

S.S.S. CURES OLD SORES

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may relieve the pain and assist in keeping the place clean, but cannot cure the inflammation and do not reach its source. Old sores exist because they are infected with impurities and poisons which are constantly being fed into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden blood. S. S. S. cures chronic sores by its purifying action on the blood. It goes through the circulation, making it impossible for the sore to heal. It cures chronic sores by its purifying action on the blood.
