

EUGENE TEAM BREAKS EVEN ON SERIES

The Campbell-Fellman and Springfield baseball teams broke even in the series of games for Saturday and Sunday. The Springfield team won the game on Saturday by a score of 6 to 7. O'Brien, the pitcher for Eugene, had the Indian sign on the Springfielders, and would have easily won the game had he been properly backed up. Costly errors at critical times by Wilson, Moshberg, Weed, Murphy and Smith, counted for runs that Springfield was not entitled to. Even with these errors Eugene was entitled to the game when Kestley of the Springfield team went over the coaching lines to third base, and wearing a gray uniform like the Campbell-Fellman team, was mistaken for a third baseman of the team. This accounted for two runs and when the runner was ordered back, he refused to obey the umpire and Springfield threatened to withdraw if the umpire persisted in his decision. Rather than disappoint the spectators, Umpire Graham allowed the game to proceed. The worst feature of the game was the loud chewing match put up by some Springfield players at the umpire's decisions.

In the Sunday game, at the end of the 5th inning, with the score 5 to 5, the Springfield bunch refused to abide by their own umpire's decision, and the game was declared forfeited to Eugene by a score of 9 to 0.

The teams are very evenly matched, and if it would be possible to eliminate the rag-chewing incident in by some of the mill city players, Eugene will see some good baseball this season and will give the team support. There will be no more games with Springfield till some other arrangements are made.

Next game will be played between Eugene and Coburg at the latter place.

Coburg won the Fourth of July game from Halsey by the score of 3 to 2.

THE "WHITE ROSES" VS. THE BOOTBLACKS.

A very exciting game of baseball was played at Recreation Park Sunday afternoon between the "White Rose" team and the bootblacks of the city, the latter winning by the score of 7 to 5. An interesting aftermath of the game was a pugilistic encounter between two of the opposing

players, but no serious damage was done. The teams will play again a week from Sunday.

You may work 24 hours a day, and still be neglecting your business—unless you are advertising it progressively.

Yes; a little advertising is better than none—a great deal better. But, if your business is worth while, a little advertising is not ENOUGH better than none to answer your requirements.

LARGE AMOUNT CREAM SHIPPED FROM MAPLETON

TWELVE THOUSAND POUNDS SENT OUT DURING MONTH OF JUNE—OTHER SUSLAW NEWS.

During the month of June the cream shipped out from Mapleton by actual test amounted to about 12000 pounds of butter fat, being an increase of about fifty per cent over the preceding month. This means that nearly \$5,000 in net cash was paid to the dairymen of lower Suslaw for cream during that time, besides the cost of getting it to the creamery. The dairy business of the Suslaw is steadily increasing in importance and will bring a good many thousand dollars into this section during the year.

"What is it?"
"I see that you have another engagement ring."

Seasonable.
As has before been noted, there's something in the spring that makes a young man's fancy on thoughts of love take wing. He dons his Sunday raiment and goes to call on her. And wonders could they manage to live on eighteen per.

He clears his throat for action to ask the fateful quiz if he can be her honey. And she will, too, be his. Before he hadn't courage that little word to spring. But in the budding season it seems to be the thing.

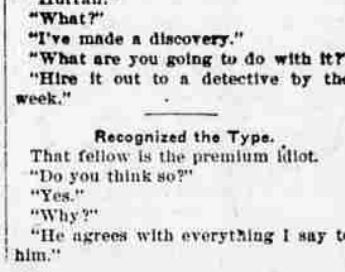

He sees the birds get busy around the nesting place, preparing for a tree home to propagate their race. And many things in nature that pass before his view suggest in early summer a cottage built for two.

And so, a helpless mortal, he drifts upon the tide, but pleasant is the drifting if she is by his side. He in the mating season has something on his mind, and so they grow together, as nature has designed.

Double Cross.
"Do you like to walk cross country?"
"I would were it not for cross dogs."

They All Need One.
"Hurrah!"
"What?"
"I've made a discovery."
"What are you going to do with it?"
"Hire it out to a detective by the week."

Recognized the Type.
That fellow is the premium idiot. "Do you think so?"
"Yes."
"Why?"
"He agrees with everything I say to him."
