There are those in Merrill, Or., who think there is some advantage in residing close to the state line. Merrill is just about a mile from California, and when the town went dry one of the enterprising saloonmen started a resort in that state. Every Sunday he runs a free bus to his place and is doing a good business.

WEATHER FORECAST FOR NORTHWEST

Portland, July 11.—Oregon, Washington and Idaho, fair.

According to the figures of Postmaster Parks, of Roseburg, which have just been made public, the receipts of the Roseburg postoffice have increased 27 per cent in two years. Roseburg is now, and has been for the past two years, in the free delivery class, and an effort will now be made to have all streets and houses numbered in order that the free delivery system may at once be inaugurated.

UNIFORM BILL OF LADING IS APPROVED

Washington, July 11.—The new uniform bill of lading as a substitute for the bills now in use for the movement of miscellaneous freight and general merchandise were today approved and their adoption recommended to the common carriers of the country and the shipping public by the Interstate Commerce commission. The new bill of lading provides for two forms printed on the face side in different colors, one for "straight" and one for order consignments. The "order" bill possesses a certain degree of negotiability, while the "straight" bill is non-negotiable.

BRYAN LIKES KERN AND THE PLATFORM

Fairview, July 11.—In a speech to the returning members of the Lincoln Bryan Club and Nebraska Traveling Men's Bryan Club today Bryan expressed the highest admiration for the Democratic platform and for John A. Kern, his running mate. He declared the publicity of campaign contributions would give the people a chance to elect their choice to office. He declared the publicity plank proclaims an honest position and inaugurates a new idea in American politics; that the people have a right to know what influences are at work and declared that "when the Republican party in its convention overwhelmingly turned down that proposition, the Democratic party by a vote that was unanimous indorsed it, and made it one of the tenets of its faith."

Kern's Movements. Indianapolis, July 11.—A telegram from John A. Kern announces that he will leave Denver for Lincoln Monday. He expects to reach Chicago Wednesday and return to Indianapolis Thursday.

PARK STATION ON ELECTRIC ROAD AT JUDKINS POINT

The plans for the crossing of the electric railroad over the Southern Pacific track at the end of East Thirtieth street have arrived and are being put in. The electric cars are expected to be running by the end of this week to Kincaid park station at Judkins Point, where the company has contracted to build a station and charge not more than a 5-cent fare and from all parts of Eugene, and make two crossings over the Southern Pacific track, each a little west from where two crossings are now established, says the Oregon Journal, whose editor is the owner of the land there. Then Kincaid park will be laid out in blocks and lots, extending some distance south from the Southern Pacific, the electric road and the two county roads, and will be the most attractive place for suburban homes near Eugene.

HARTOG HOME FROM BOHEMIA MINES

John H. Hartog, manager of the Commercial Club, returned last evening from a trip to the Bohemia mines, made with F. J. Hard, who has extensive interests there. Mr. Hartog was much impressed with the richness of the properties in the district, and brought with him some fine ore from the Oregon-Colorado and Vesuvius mines, owned by Mr. Hard. He took some good photographs of scenes at the mines and will use them some time in his advertising matter.

WANT LARGER WATER MAIN ON OLIVE STREET

C. S. Williams, president of the Commercial Club, will bring before a meeting of that body Monday night the insufficient fire protection which will be afforded property along Olive street by the laying of a 2 1/2-inch main, over which the pavement will be laid. The matter is considered of vital importance to the city, and a large attendance is desired so that action can be taken at once toward putting down a main several inches larger before the pavement work is started.
