REPORT OF L. OF G. A. R. CONVENTION

Following is a report of the Ladies of the G. A. R. convention at Newport, as given by the president of the local circle.

Some miles this side of Newport we were interviewed by a committee whose business it was to give instructions as to lodging, board, etc.

In the evening of this, our first day at Newport, we were cordially invited to attend a reception given by the W. R. C. and many of our members enjoyed a thoroughly good time.

On Friday, from 4 till 6 o'clock, we gave a reception at our headquarters which was well attended. Our new department commander, Mr. Apperson, of Arlington, made a fine speech.

Taking it all in all, it was something not to be forgotten.

Sometimes it rained for a short time, but it was mostly a gentle sprinkle that sufficed to cool the air very perceptibly.

Kind friends, we'll come again when we can longer stay.

MARY S. SMALL, President Rich Mountain Circle, L. of G. A. R.

ELECTRIC MOTOR FOR ALBANY STREET CARS. A 11 H. P. electric motor has arrived at the electric light station, said to be for the new trolley system of Mr. Welch, to be established sometime in the near future, for which rails and ties are strung along the street and more ties have been made at the mill. This has a business look to it. People are anxiously waiting for the beginning.

Perhaps the reported deal between Mr. Hershberg and Mr. Welch, looking to the consolidation of the two systems, is the cause of the delay. Certainly it is a fact that at the present time one street car system is enough for Albany, and the two concerns are invited to get together.—Albany Democrat.
