FAMOUS PITCHER OF BIG LEAGUES FOR MANY YEARS

Denton Tecumseh Young ("Old Cy"), aged 41 years, reported "all in" but who pitches a no-hit game and makes three safe swats. He is better now than ever, according to the critics.

There have been no less than 42 no-hit games pitched in the major leagues, Jimmie Galvin and Cy Young being the only two pitchers to repeat the performance. Galvin turned the trick in '80 and '84, while Cy Young pitched his first no-hit game for Cleveland in 1897, has second in 1904, and his third at New York last Tuesday. Only three pitchers have prevented a man from reaching first base in nine innings—Richmond at Worcester in 1879, John Ward in Providence in 1880 and Cy Young in 1904.

They are going to give a benefit for Cy August 16, when the proceeds of the Detroit-Boston game in Boston

MAYOR REFUTES STATEMENT IN MORNING PAPER

To the Editor:—The Register is mistaken when it says the council "still delays the matter of turning over $140,000 in bonds, nearly three months having elapsed since the election was held." Again, the Register says: "The Willamette Valley Company having been ready all this time to take the bonds at par in payment of the same." The city could not issue the bonds until legal notice was given, nor was the Willamette Valley Company in a position to turn over the water plant and take the city's obligation to turn the bonds over to the company as soon as they could be legally issued, therefore it was not the fault of the council, for the council made the proposition at once, or as soon as they could take over the plant at $140,000, but the Willamette Valley Company would not or could not turn it over to the city. It is plain that the Willamette Valley Company has never been in a position to turn the water plant over to the city until very recently, therefore it is plain that the delay in taking over the plant was not the fault of the city council.

The council is now perfecting arrangements to take over the plant, and it will not be the fault of the council if it is not done in a few days, or as soon as good business judgment will permit.

NO DEMAND FOR CHERRIES AT SALEM

Salem, Or., July 11.—The Salem cannery today notified practically all the large cherry growers of this vicinity that no more cherries can be received from them this season. The demoralized condition of the canned fruit market and the poor condition of cherries this year were the reasons for this course. From the cherries already purchased the cannery has sorted out tons of inferior fruit that had to be thrown away because not fit to pack. Small lots of fruit will still be purchased, but large growers, who can make arrangements to ship or dry their product, will be left to care for their crop themselves.

TALIAFERO PITCHING GILT EDGE BALL

Pendleton, Or., July 12.—Pendleton took sweet revenge on Walla Walla today for two days in succession, by winning from the Garden City aggregation by the score of 8 to 0. Taliafero pitched gilt-edge ball and was given better support than any other pitcher during the series. The game was disappointing from the spectators' standpoint, because of the absence of sensational playing. Hemke pitched for Walla Walla, but was not in his usual form.
