

# YOU PAY A HIGH PRICE

**F**OR almost everything you buy, including the common necessities and the expensive luxuries, from foodstuffs to automobiles.

The one marked exception is lumber, which can be bought cheaper today than for many a year past and is retailed in Eugene in many instances for less than wholesale prices.

This means that your dollar will buy more now than at any other time and this is therefore the time to spend it.

## The Booth-Kelly Lumber Co.

14 East 8th Street, Eugene, Oregon.

### OPEN OLIVE STREET TO S. P. DEPOT GROUNDS

The matter of opening Olive street from West Fifth street to the depot grounds, was taken up at the Commercial Club meeting last night. A committee consisting of Geo. T. Hall, Sr., Jack Rodman and F. E. Chambers was appointed to take the matter up with the city council.

It is said that the property owners along the stretch of street that is proposed to be opened are willing that it should be dedicated to public use and furthermore, are willing that it should be paved. Contracts have been let already for paving Olive street as far north as West Fifth. If these improvements are made this will be the leading thoroughfare to the depot grounds, as the end of Willamette street will be closed when the depot improvements are completed.

The matter of a larger water main for Olive street than is now being laid was discussed, and it was the unanimous opinion that it should be larger. The council at the same time ordered that a four-inch main be substituted for the two and a half inch pipe now being laid.

E. H. Cox, of the Booth-Kelly Lumber Company, presented the matter of a trout hatchery for the McKenzie river. This matter will be taken up by the club at once.

### WILL MAKE EUGENE THEIR FUTURE HOME

J. P. Campbell, who for four years has been deputy United States marshal of Alaska, with headquarters at Ketchikan, has resigned that office and has arrived in Eugene with his family to make this city their future home. It will be remembered that several months ago Mr. Campbell was here and bought the Blanton residence property at the corner of Thirteenth and Willamette streets, and also an 80-acre tract of fruit land northwest of the city. He will build a fine house on his property in the city some time in the future. Mr. Campbell will leave soon for the East, where he will remain during the fall, but his family will stay here and the boys will attend the University. They are making their temporary home at the residence of Mrs. Laura Berry on West Sixth street.

### CROW NOTES

Crow, July 12. (Special).—Crow was well satisfied with the success of the celebration. Considering the fact that several neighboring places

held celebrations, the crowd was surprisingly large.

Mirth's celebration gave a good time to those present.

Mr. and Mrs. Frank Hadley and son Harvey leave today for an extended outing at London Springs and possibly a trip to Eastern Oregon, where they have relatives. They have rented their farm to C. B. Hadley.

Mrs. R. A. Hollingsworth and son Alva have returned from a two month's visit to Idaho relatives.

J. A. J. Crow has rented his farm for the coming year to Chas. Hinton and intends spending the winter in California with his family.

Mr. and Mrs. Albert Sturtevant spent the Fourth with relatives at Crow.

Mr. O. V. Liles who is attending the Summer School for teachers in Eugene came out to spend this Saturday and Sunday with his mother.

S. R. Jenkins of Eugene was out to his ranch this week.

Mr. Jas. Hinton has returned from Eugene where he has been employed at carpentering.

John Briggs is again at work after his severe illness.

Hadleyville has been suffering a succession of epidemics such as la grippe, measles, scarlatina and chicken pox.

Frank Snider is still in Eugene where he went for medical aid.

Prize night Wednesday night at the Grand.

### E. G. HAIGHT

Photos, stamps and post cards General View work. Sixth street, between Willamette and Olive.

Tea and walt paper wanted hot to fade. Chambers Hardware Co.

### ALF WALKER FILES ON WATER POWER SITE

Alf Walker, of this city, who recently went up the McKenzie with F. A. Borchert and party of San Francisco, filed on a water power site on the river, presumably for the Portland, Eugene & Eastern Railway Company, who are to build their electric line up the McKenzie valley from Eugene. The point at which he filed is what is known as Stony Point, on land owned by Geo. T. Hall, Sr., of this city, in section 36, township 16 south of range 2 east. The amount of water he appropriates is 80,000 miners' inches. The proposed canal is to be 40 feet wide at the bottom and twenty feet deep. The point of diversion is at Stony Point and the general course of the canal is to be westerly, the water to empty into the river near the mouth of Gate creek in section 28, township 16, south of range 2 east.

### BOURNE PROFFERS ADVICE TO TAFT

Washington, July 13.—The Washington Post prints the following: Senator Bourne yesterday crept out of the retirement in which he had been nursing the wounds made by the Taft steam roller in the Chicago convention. The original Roosevelt second elective term champion, signaled his reappearance by issuing a statement in which he called upon Taft to promise upon the sacred honor of a fat man that he would not attempt to name his successor when he ceased to be President Taft, provided he was elected in November.

Bourne declines to admit that Roosevelt is not yet the choice of the people of the country. He maintains that the demonstration on mention of the president's name in the convention proved it to his satisfaction. He slaps his idol, however, by declaring the means used to nominate Taft may be potential enough to destroy our party.

Denouncing what he terms the residency legateship to the White House, Bourne says:

"Taft should declare when his party or electorate relieves him of service that he will in no manner attempt to select his successor other than to give his loyal support to his party's selection."

### OLD SONGS STIRS DEMOCRATIC HOSTS

Denver, Colo., July 13.—Back to the sarcophagus of dead and forgotten ditties the Democratic party has gone for its campaign hymn of 1908. It has dragged from its tomb, "On the Banks of the Wabash, Far Away," a song that was embalmed more than ten years ago after a ling-

ering death and a season or two of popularity. The nomination of John Worth Kern of Indiana, has brought all this about. When the Cowboy Band in the Auditorium yesterday dragged the old song from the wrappings and dusted off the myrrh and aloes, the crowd recognized an old favorite in the musical mummy. To-back rooms of music houses stacks of order for 100,000 copies of the old song.

From the dust-covered shelves in back rooms of music houses stacks of the defunct ditty were dragged forth and placed on the counters. In the front windows of a dozen piano houses signs appeared bearing the legend, "On the Banks of the Wabash, Far Away," 75 cents."

### IT CAN'T BE BEAT

The best of all teachers is experience. C. M. Harden of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it. For Stomach, Liver and Kidney trouble, it can't be beat. I have tried it and find it a most excellent medicine." Mr. Harden is right; it's the best of all medicines also for weakness, lame back, and all run down conditions. Best, too, for chills and malaria. Sold under guarantee at W. A. Kuykendall's drug store.

Prize night Wednesday night at the Grand.

Monarch ranges. Thirty days' free trial. J. W. Kayser Fur. Co.

Prize night Wednesday night at the Grand.

Heating furnace, brick and foundation stone for sale cheap by First National Bank.

### ACTIVE SEASON IN BOHEMIA MINES THIS SUMMER

"Bohemia" Sharp, the pioneer of the Bohemia district, is in the city, having arrived down from the mines last evening. He stated to a reporter this morning that there are bright prospects for an active season of mining in the district this year, and already there is greater activity than was exhibited at any time last year.

Mr. Sharp states that at least two mills will be put in on different properties this year, one at the Mayflower property and the other at the Great Eastern. Five miles of road have to be built, however, before the machinery can be taken into the latter mine, and this work is being prosecuted with vigor. Much other road work and many improvements of a different nature are being made in the district.

Mr. Sharp, who has mined in the district for the past thirty years, has some very valuable properties from which he expects to realize a handsome figure some day.

Prize night Wednesday night at the Grand.
