which represent future assets, and should not figure as items of current expense.

The explanation is quite comforting, even if nobody seemed to care particularly. It may calm the minds of esthetic persons who imagine a deficit looks bad and forget that a surplus is a temptation.

It seems to be the opinion among the promoters of the Lane County Fair Association that it is too late this season to arrange for holding a regular fair next fall. There is, however, a plan on foot to have a day's racing for local horses after the track is completed and the new grounds put in good shape. Mr. Yoran, at last night's meeting of the Commercial Club, suggested that some kind of an exhibition be held in town in connection with the races, and the idea may take practical shape. Other Oregon towns hold "rose fairs," "cherry fairs," etc., and there is no reason why Eugene could not make a success of some kind of an exhibition immediately after harvest. The suggestion is worth serious consideration.

The railroad yards in this city will, before the end of the year, be the finest in the state of Oregon in arrangement and park features. The company has evidently decided to do its work of rebuilding and re-arrangement thoroughly, without regard to expense, and asks the co-operation of the city and citizens in the matter of opening streets and driveways that will make for accessibility and convenience. The opening up of Olive and Fourth from Pearl at opposite ends of the yards, is desired by the company officials, and the council should co-operate with them without any unnecessary delay, thus exhibiting a spirit of appreciation on the part of the city that is certainly due the company for their splendid improvements.

The delegates at the Democratic Denver convention were too busy making a noise like enthusiasm to get frightened at Richmond Pearson Hobson's personally conducted invasion of the Pacific coast by an army of 1,000,000 armed Japanese. Mr. Hobson has gone about the country so long sounding his trumpet of warning that he has really come to believe that there is some likelihood of his prophecies coming true, so he can't for the life of him understand why the other fellow doesn't get frightened, too.

Though willing to join in the general hope that Peary will rope the pole this trip, we don't mind acknowledging that we don't know what he will do with it, if he does. However, there are several other things we don't know.

St. Louis doctors are up against it good and hard, and have to live up to the Missouri motto, the board of health having decided that "heart ailure" death certificates don't go any more.

Some people have no reverence for style or anything else. One of them speaks of the much glorified "sheath" skirts as "just a dress with a pocket hole open all the way to the bottom."

That \$29,000,000 fine was probably tabooed as a conversational subject during John D. Archbold's recent visit to Sagamore Hill; also campaign contributions.

The police of Pittsburg have revoked the permit of the Salvation Army in that town, and hereafter it can no longer appear on the streets to preach, pray and sing to the sinning

One of the Essentials

of the happy homes of to-day is a vast fund of information as to the best methods of promoting health and happiness and right living and knowledge of the world's best products.

Products of actual excellence and reasonable claims truthfully presented and which have attained to world-wide acceptance through the approval of the Well-Informed of the World; not of individuals only, but of the many who have the happy faculty of selecting and obtaining the best of the world affords.

One of the products of that class, of known component parts, an Ethical remedy, approved by physicians and commended by the Well-Informed of the World as a valuable and wholesome family laxative is the well-known Syrup of Figs and Elixir of Senna. To get its beneficial effects always buy the genuine, manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

In Portland they are arresting and fining those property owners who refuse to cut the grass and weeds along the streets adjacent to their premises. That is the proper thing to do in any city.

Another campaign he is hereby named. Mr. Taft has not challenged the fastest runner in baseball for a go around the bases. He's relying on his heavy batting, not his sprinting.

As the big politicians and big newspapers are agreed in disliking the tickets, it seems to be up to the people to make their own enthusiasm.

This new song, "It Always Comes With Summer," refers, of course, to the silly season, which is now upon the country.

BRIEF NOTES OF BASE BALL DIAMOND.

The Pittsburg climate must agree with Roy Thomas. Since leaving Philadelphia Roy has shown most beautiful baseball.

And while figuring up the National League race don't overlook the New York Giants. The Yorkers have been going great the past month.

Manager Murray of the Philadelphia Nationals is having more trouble than a judge at a baby show in trying to keep his "Quakers" awake.

Word from St. Louis has it that "Iron Man" Joe McGinnity hopes Manager McGraw will trade him to the St. Louis Nationals. That's an awful hope.

"Sluggo" Johnson of the Portland Ore., team, is a real hitter. A home run, a three base hit and two base hits in a recent game shows that Johnson knows how to pick out a good bat.

Major league scouts are getting fussy. A majority of the scouts say they haven't seen a minor leaguer this season worth a try-out with the big fellows.

Just when Manager Chance had everything nicely arranged for his Chicago Cubs to lead the procession those horrid Pittsburg Pirates stepped in and spoiled it all.

The New York Highlanders have not improved under the management of "Kid" Elberfeld. It is hard to believe that a team made up of so many star players could play such poor ball.

Several youngsters have been doing nice work on the diamond this season, but when it comes to the genuine star performers on the slab be sure to place an X opposite the names of William Donovan of Detroit, and William Dinesen, of St. Louis.

Manager McGuire of the Boston Americans says he is mighty glad President Navin of Detroit refused to give a nickel for "Old Cy" Young. "Supposed Navin flashed the coin," says Jim, "and I in a fit of reckless abandon had taken him on. O cracker."

FOR HARBOR IMPROVEMENT.

(Florence West.) The committee of the Siuslaw River Improvement Club are busy at work securing information and striving to get things in shape as fast as possible to submit the question of issuing bonds for the harbor improve
