

## DECISION RENDERED AGAINST PUBLISHER

July 15.—Judge Kohlsaat federal court today handed down his decision in the case of the publisher of the Eugene Daily Guard against Munsey's Magazine. The Chicago, Indianapolis and Louisville Railroad, enjoining the publisher of the magazine from advertising in its columns, was granted. Judge Kohlsaat declared that if the publisher of the magazine should be allowed to advertise in its columns, it would be a violation of the contract between the railroad and the publisher. The case will be appealed.

## NEW RAILROAD BRIDGE COMPLETED

Vancouver's new railroad bridge across the Columbia river carried its first train of passengers yesterday. The bridge, which was opened from the Washington to the Oregon shore and back again. The passengers were visiting members of the American Society of Civil Engineers, most of them from Portland, on one of their occasional trips to the im-

## JUDGE PARKER WILL STUMP FOR BRYAN

Helena, Mont., July 14.—In an interview last night Judge Alton B. Parker stated that he intended to offer his services to the Democratic national committee as a campaign speaker, and would devote all the time he could to making all the speeches he could. He said he would speak outside of New York.

## APARTMENT HOUSE WRECKED BY DYNAMITE

New York, July 15.—A dynamite bomb, exploding with terrific force early today in the rear of Watts' court, a fashionable apartment house on West 140th street, hurled a score of occupants from their beds, shattered many windows and threw the inmates into a panic. A huge hole was torn in the cement flooring of the court, and considerable other damage done.

So far as the police can learn no threatening letters have been received by any of the 42 families in the court, and the only clue is that given by the bellboy of a neighboring house, who says that just before the explosion he saw three men going in the direction of Watts' court, carrying a small bundle, and immediately afterwards saw them running away. The police say if it proves to be a Black Hand outrage it will be the first attack in New York directed against the wealthier class of residents.

## CURTIS FILES ON WATERS OF LAKE ODELL

Southern Pacific Company's man secures another power site on famous fishing stream at Summit of Cascade mountains.

S. W. Curtis, the Southern Pacific employe, who has been filing on water rights for the past two or three years, the company presumably intending to utilize the power for the generation of electricity for the operation of its trains over the proposed new railroad across the mountains, branching off from the main line at Eugene, has lately filed on the waters of Odell lake, which lies just beyond the Lane county line in Klamath county and near the summit of the Cascade mountains. This lake is a favorite resort for fishermen who care to make the long trip, it being located over 100 miles from Eugene. Curtis, in his notice filed with the county clerk today, states that he appropriates 12,000 miners' inches of the waters of the lake, under a six-inch pressure, that amount being equivalent to a continuous flow of 300 cubic feet per second past a given point. The point at which the notice was posted is on the northwest shore of the lake in township 23, south of range 6 east. The name of the proposed power canal is to be Summit canal and it is to flow in a northwesterly direction into Lane county and discharge its waters into Salt creek, near its head. The canal is to be ten feet wide at the bottom, seven feet deep and one mile long. The Southern Pacific has secured numerous water power sites all along the route of the proposed railroad and this latest filing is another link

## SALEM'S CHERRY FAIR OPENS TOMORROW

Salem, July 14.—Preparations have been completed for the cherry fair, which opens here Thursday morning, July 16. A large tent pavilion has been constructed on the courthouse square for the exhibits, and this will be open all the time during the three days of the fair. The formal opening will occur at 2:30 p. m. Thursday after the judges have awarded the premiums on the entries. Addresses of welcome will be delivered by Mayor Rodgers and others and responses will be made by prominent visitors. There will be entertainment provided for all who come.

## MRS. HARTRIDGE'S DEATH SHROUDED IN MYSTERY

Pittsburg, July 15.—An all-night investigation discloses little concerning the death of Mrs. C. W. Hartridge, wife of the New York attorney who was formerly personal counsel of Harry Thaw. Mrs. Hartridge died in the homeopathic hospital Monday. It is said of cerebro meningitis. From all sources where details of the woman's disappearance from New York several months ago might be had a strict silence is maintained.

order was given to cast off and the bow of the ship rose in the air when a gust of wind which struck the craft before it was under way drove it against the shed. About 20 yards of the outer covering was torn away, the rudder damaged and the propeller bent. It will take a week to repair the damage.

## COOKE REFUSES TO GIVE BAIL

Baker City, Or., July 14.—Arriving at Baker City at noon today, Deputy United States Marshal Nicholson took in custody H. E. Cooke, who has been in the Baker county jail since last Saturday without any charge against him on the records of this county.

It was not long after the marshal arrived that the charge of attempting to defraud the government was made known and Cooke was arraigned before United States Commissioner C. A. Moore of this city. He waived his right for examination and his bond was fixed at \$5000. He refused to try to obtain bondsmen and tonight he was taken to Portland, and from there will be immediately delivered to the federal authorities in New York city.

Up to the time of the arrival of the federal officials Cooke maintained that he knew not why he was detained. After his arraignment he had nothing to say.

At a local hotel is a party of 15 people from Elmira, N. Y., who are reported to have purchased stock in the Oregon Ransoming and Timber Co., of which Cooke was the moving spirit.

Until Cooke was brought before the commissioner these people maintained that his transactions with them had been straight and square. There is more or less concern over the fact that this city is alive with federal officers tonight. Every man who has proved up on a timber claim is going over the transaction in his mind endeavoring to trace every detail so as to be sure that he has not compromised himself with the law. It is said that the presence here of federal officers means that there will be a general shake-down of all timber transactions in Baker county.

## COPPER DIVIDEND OF FIFTY CENTS

New York, July 15.—Amalgamated Copper Company today declared a quarterly dividend of 50 cents a share.

## SEVEN MINERS KILLED IN EXPLOSION

Pottsville, Pa., July 15.—An explosion of gas in the shaft of the Williamson colliery this afternoon resulted in the death of seven miners. Seven were taken out dead and eight more have been taken out terribly burned, several of whom will die. Six more miners remain in the shaft.

## OIL KING CELEBRATES SIXTY-NINTH BIRTHDAY

New York, July 14.—John R. Rockefeller was the recipient of many congratulatory messages on the occasion of his 69th birthday anniversary.

JOHN D. ROCKEFELLER.

Among them were some lines from the pen of Rev. George Thomas Dowling, who was for 12 years pastor of the Euclid Avenue Baptist church in Cleveland, which Mr. Rockefeller attended. Mr. Dowling's message was as follows:

Cling to the habit of still being young;  
Cultivate leisure without being lazy;  
Gather all joys that the poets have sung,  
And prove very young. Oser is crazy.

The United Brethren Sunday school will enjoy a trolley ride this evening, having chartered a car to go to the Masonic cemetery and back, leaving the church at 7:30 o'clock.

In the extensive chain of sites already filed upon. As stated by The Guard a few days ago, a crew of engineers has already begun to make the surveys for some of these canals, and it is probable that construction work on a number of them will begin in the not far distant future.

## PROHIBIT MEET IN NATIONAL CONVENTION

Columbus, July 15.—The national prohibition convention was opened today by Chairman Charles R. Jones, of Illinois. Invocation was offered by Rev. E. V. Leiton, of Illinois, and Robert H. Patton, of Illinois, was announced as temporary chairman.

## "YELLOW DOG FUND" CREATOR IS DEAD

New York, July 14.—Thomas D. Jordan, the former comptroller of the Equitable Life Insurance Company, dropped dead of heart disease late this afternoon within the street entrance of the subway. During the course of the Armstrong committee insurance investigation, Jordan's name came strongly before the public. It was brought out that Jordan had secured loans aggregating \$685,000 for himself and James W. Alexander, the former president of the Equitable, from a Mercantile Trust Company, and that these loans had been covered up on the books of this company. This \$685,000 came to be known as the "yellow dog fund," the grand jury found eighteen indictments for forgery and one for perjury against Jordan. He had only recently pleaded not guilty to the indictments.

There is considerable excitement attending the wool sales now in progress. Yesterday about twenty clips were disposed of at prices ranging from 14 1/2 to 16 1/2 cents. In all there are about one and a quarter million pounds offered, and it is expected that the remaining clips will be disposed of this afternoon. This will place about \$130,000 in circulation in this section of the state.—La Grande Observer.
