Hard things have been said about the vice presidency, but it remained for the New York Globe to discover...

Here's treason, and from a "Bill" it that. William Allen White says "politicians are all alike."

Never mind, just wait for the "hearth platform, with its guarantees of pay days without work and booze and grub without coin."

Starting his dash for the north pole from Oyster Bay, with the Roosevelt D. K. prominently displayed, shows that Peary ranks quite as high as an expert advertiser as he does as an explorer.

METHODS OF THINNING FRUIT EXPLAINED

(Oregon Agricultural College Bulletin by James Bryden.) The labor of pruning and spraying and cultivating, no matter how intelligently done, may all be wasted unless one other thing is done. A fruit tree is like a "willing horse," that takes upon itself a load it cannot carry.

The remarkable development of the gasoline and kerosene motor during the past few years has resulted in its use on American farms to a great extent for pumping water, sawing wood and other services about the farm, where a stationary motor can be utilized to advantage.

Hard things have been said about the vice presidency, but it remained for the New York Globe to discover it to be "a piece of colossal and insulting impudence" to suggest a man's name therefor.
