FAIRBANKS GREETS BRYAN'S RUNNING MATE AT HOME

Indianapolis, Ind., July 16.—The reception given John W. Kern, the Democratic candidate for vice president of the United States, last night was as hearty and generous and spontaneous as the citizens of Indianapolis, regardless of politics, could make it. Fully 5000 people gave Mr. Kern a hearty welcome and cheered him enthusiastically. The candidate addressed the crowd for about twenty minutes after being presented by Vice President Fairbanks. Four years ago Mr. Kern presented Mr. Fairbanks to a big non-partisan gathering under similar circumstances.

Mr. Kern arrived in the city a little after 6 o'clock and was escorted to his home by a large procession. Two hours later he went to the courthouse with Mr. Fairbanks. When the two distinguished men alighted, they were greeted by round after round of cheers.

Mayor Bookwalter, after a few brief remarks, presented Mr. Fairbanks, who spoke about ten minutes, paying a fine tribute to his friend and neighbor.

FOUR JURORS ARE ACCEPTED FOR BOOTH CASE

SELECTION OF JURY PROCEEDS SLOWLY, MANY OF REGULAR PANEL SECURING EXCUSES—PROSECUTION HAS NOT YET EXERCISED RIGHT OF CHALLENGE, BUT DEFENSE EXCUSES TWO

Portland, July 17.—Four jurors have been secured in the Booth-Singleton land fraud case, and two peremptory challenges have been exercised by the defense. Three jurors were accepted yesterday afternoon an donly one this morning.

The four jurors are: C. C. Hoopes, of Yaquina Bay, Lincoln county; Geo. Ball, of Ballston, Polk county; Samuel Obye, of Yamhill county, and Frank H. Wall, of Portland.

Thus far, of the eight men examined four have been accepted, two challenged and two are pending decision. The government has not asked to have one excused or challenged. With the single exception of Wall, who is a furniture salesman, the jurors selected are farmers. A number of professional men and merchants escaped duty by making excuses to the court.

A milk man who has to get up at 2 a. m. to milk his cows and run his dairy single-handed was refused when asked to be excused yesterday after merchants had been excused that they could dictate replies to their mail. At noon today, however, both Malarkey and Becker joined in requesting that Judge Wolverton grant the dairyman liberty in order that his business be not ruined.

MANUFACTURERS AND RAILROADS IN BIG FIGHT

Chicago, July 16.—A battle royal of a billion-dollar combine of manufacturers and shippers arrayed against the railroads of the United States is said to have been declared today, when the new schedule was filed with the interstate commerce commission by the Southwestern Freight Association, and becomes effective August 10. It shows a general advance in freight rates for Texas of approximately 8 per cent, and it is expected to be followed by others providing for similar advances throughout the country.

When informed of this move John McGlenn, secretary of the Illinois Manufacturers' Association, said:

"It means that the fight is on, and we are not going to lose any time getting ready for it."

The big shippers from all parts of the nation are said to have leagued themselves together to fight the advance, and a meeting has been called for July 24 at Chicago to open the battle. The struggle will be carried into the courts if necessary, and if not ended before next winter may be continued in the legislatures of a score of states.

All hope on the part of the shippers that the railroads would recede from their position with reference to an advance in freight rates was removed today, when it was learned the first definite move, the filing of new tariffs, had been made.
