**F**OR almost everything you buy, including the common necessities and the expensive luxuries, from foodstuffs to automobiles.

The one marked exception is lumber, which can be bought cheaper today than for many a year past and is retailed in Eugene in many instances for less than wholesale prices.

This means that your dollar will buy more now than at any other time and this is therefore the time to spend it.

### BUILD I. O. O. F. BLOCK WITH WHITE PRESSED BRICK

The brick work on the Odd Fellows' five-story brick block was to have begun early this week, but word was received from the brick works at Newburg by Sherman & Hunter, who have the contract to lay the brick, to the effect that the new kiln of red pressed brick which they had ordered for the building, upon being opened was found to be a complete failure. The brickmakers stated, however, that they had a large supply of white pressed brick on hand and they could begin sending them right away if they were wanted. The building committee of the Odd Fellows was at once notified and a meeting was held. It was decided to take the white brick and they were ordered. They will begin to arrive within two or three days and the work of laying them will commence immediately thereafter.

The white brick will make a much better-looking building in the minds of most people than the red brick. Most of the new blocks in Portland are now being built of white pressed brick and their superiority over those built of red brick, as far as looks are concerned, is apparent to almost every one.

### HEPPNER MEN COMING TO LOOK AT EUGENE.

G. J. Crawford and Percy Garrius, two young men from Heppner, Oregon, are in town. They are taking an outing and will fish and hunt at the head of the Deschutes for awhile. From there they will cross over to the Mackenzie, visit Eugene, go down to the coast and have a good time generally. Mr. Crawford is a newspaper man and Mr. Garrius has been in the hardware business at Heppner. They travel by private conveyance—Eugene in Journal.

### FIRMS FATAL SHOT IN JEALOUS RAGE

Portland, July 19.—David Conelli, an Italian, 27 years of age, last night shot and fatally wounded Mrs. Dolly Sharp and Delmar Peterkin, her companion, at the Awahnee apartment house, 207 1/2 Third street. The woman died later, and Peterkin cannot recover.

Fleeing from the place of his crime Conelli was pursued for four blocks by a crowd of a thousand or more men, women and children, who shouted and jeered at him, trying vainly to stop him. He finally sought to elude his pursuers by running into the residence of Clifford Leonard, 228 Salmon street, where he was rooming.

Bolting into his room, Conelli locked the door, hastily scribbled two notes, then sent a bullet through his own brain, expiring immediately.

The man and woman whom Conelli shot were taken to St. Vincent's hospital, where the woman died an hour later. The man lingered, but surgeons express no hope for his recovery.

There are no living witnesses to the tragedy. Many heard the shots, but the only ones who saw the frenzied young Italian fire the shots were his victims, and he was alone in his room when he ended his own life. The woman was shot four times and Peterkin five times.

Conelli had living apartments at the home of C. M. Leonard, 228 Salmon street, and the woman occupied a suite at the Awahnee apartment house on Third street. Those who know them say they have been on familiar terms for months, and that he was intensely jealous of her. Last week they visited Seaside, returning Friday.

### DRUG STORE TO BE LOCATED IN SMEEDE BLOCK

J. M. Stark, of the Hotel Smeede, has leased the vacant room, formerly occupied by the hotel bar, to Mrs. Marks of Portland, who will open a complete and up-to-date drug store there in the near future. Mrs. Marks is a pharmacist of experience, having owned and conducted drug stores in Ashland, Portland and Lewiston, Idaho, for a number of years past. She is the wife of W. O. Marks, the well-known newspaper cartoonist whose work appears in The Guard from time to time, and a sister of the Stanley Brothers, the well-known merchants of this city. Mrs. Marks will fit up her pharmacy in fine shape and in this splendid location will no doubt do a very successful business.

### STATE REVENUE FROM NATIONAL FORESTS

Washington, D. C., July 20.—In addition to the benefits secured by fire protection and by regulations which control the use of timberland supplies for local wants, the states having national forests now receive, under the new agricultural appropriation bill, 25 per cent of the gross proceeds derived from the sale of national forest resources. This amount, according to law, goes to offset any taxation, and is devoted to public roads and schools.

Several years ago complaints were made that the withdrawal of timber lands for forest purposes reduced the taxable areas of the states in which withdrawals were made. The forest service, quick to see the justice of these complaints, recommended at first that 10 per cent, and later that 25 per cent of the gross proceeds from the national forests should be paid to the states. As a result, the states are assured of school and road funds, doubtless more certainly than they otherwise would have been, since the permanence of the forest resources is now secured by conservative management. Had the forests never been established, their resources would undoubtedly have been exhausted by hasty and improvident methods of exploitation, leaving the land wasted and unproductive.
