EUGENE WINS BALL GAME FROM HALSEY BUNCH

Springfield, 7; Colburg, 3; Eugene, 14; Halsey, 7.

Springfield	2 0 1 0 0 0
Eugene	1 1 5 0 0
Colburg	1 1 5 0 0
Halsey	0 2 0 0 0

Those fans who braved the heat and attended the ball game at Recreation Park yesterday afternoon were treated to a real slugging festival by the locals. Everybody in the Campbell-Fellman team connected with the ball and at the end of the game the score stood 14 to 7 in favor of the home team. The locals presented the best team ever shown on the home grounds. Every man is a ball player from the ground up and there is but little doubt that Eugene will carry off the pennant again this season.

In the stick work Eugene has a regular line of sluggers. Halsey tried but three pitchers, but they were all the same kind of meat for the home boys, who kept a scorching path around the stations. Eugene's new men, Mead, Clifford, Moon and Springer, are a fast bunch of experienced ball players and deliver the goods. Harper, of Eugene, knocked out a three-bagger and a two-bagger and did some effective fielding work. In the end of the ninth inning Leabo pulled down a fly that was apparently good for three bags, out of the sky near the center field fence after a long run. Watch the Campbell-Fellman team reach the top of the percentage column soon.

Next Sunday the team will play the Chicago ladies' team.

SECTION CREW FINDS THREE BLOODY SWORDS

Last Saturday the Southern Pacific section crew, while eating their lunch near the crossing of the railroad with Blair street, found three swords or rapiers. Two of the swords were bloodstained, one on the point and hilt and the third one was marked with a skull and crossbones and the letters "C. L. C.S."

This item was handed to The Guard today. Upon inquiry from Section Foreman Hopkins it was learned that the story was true—but the swords are made of wood.

Just what the significance of the find is cannot be learned.

KEEP NEW TREES WATERED IN SUMMER

EAST EUGENE IMPROVEMENT CLUB MET SATURDAY NIGHT—MANY TREES SET OUT IN NEED OF ATTENTION.

The East Eugene Improvement Club met Saturday evening and discussed the question of watering the trees planted in the streets last winter. The club unanimously decided that the trees are in great need of attention. Many of the residents of this district have cultivated and watered the trees in front of their property and as a result these trees are growing nicely, while those adjacent to the property of non-residents are dying from neglect. After an exhaustive discussion, it was decided that the only thing the club can do in the premises is to urge owners of property to give attention to their trees at once. A few buckets of water applied during the present heated term will carry these beautiful trees through the season, and preserve them as lasting monuments of beauty, while continued neglect will result in the loss of the trees and all the money expended for their cost and planting. Personal interest ought to prompt every property owner to get busy now while the need is urgent. A few days more will be too late.

The club also discussed at length the question of holding an ice cream festival under the oaks at the car terminal and fixed Thursday evening, July 30, as the date. Committees were appointed who will introduce novel and attractive features for the occasion.
