

PLOT TO BLACKEN CHARACTER OF FRANK J. GOULD

New York, July 21.—According to the statements of Miss Mabey McCausland, a milliner's apprentice, there is a plot to manufacture evidence against Frank J. Gould in the divorce case which his wife, Helene Gould, recently brought against him. Henry S. Mousley, a private detective, and Mrs. Julia Fleming, have been arrested in connection with it, and the police have also questioned Mrs. Ben Teal, wife of a well-known stage manager.

Miss McCausland, when approached by Mrs. Gould's attorneys, told them of an alleged plan to injure her client. They took her to the district attorney's office, where she made a full statement, the substance of which was broached to her ten days ago, it is alleged, by Mrs. Fleming, who represented herself as coming from Mrs. Teal, who tried to induce her in the scheme. Miss McCausland asserted that she was prom-

FORTY INJURED IN HEAD-ON CAR COLLISION

Chicago, July 21.—Nearly forty were injured, some probably fatally, and eleven so seriously that they were taken to hospitals, in a head-on collision today between two Aurora, Ill., and Chicago electric cars at Lovendale station, four miles north of Aurora. The coaches were running forty miles an hour, and the cars were smashed to pieces, the passengers being thrown through the windows and tossed on either side of the track. Fire followed the collision, but the uninjured passengers extinguished it and dragged the injured to places of safety.

ADMIRAL BERESFORD WILL OPPOSE POLICY

London, July 20.—It was announced here today that Admiral Lord Charles Beresford is about to

CENTRAL AMERICAN STATES AT WAR

Guatemala City, July 21.—According to information received here from Nicaragua and Honduras, these two countries are about to become plunged into war because of the assistance given by Nicaragua to the Honduran revolutionists.

lay down his naval command and seek re-entrance into the house of commons, to fight the policies of his old political foe, the first lord of the admiralty, Sir John Fisher, and his supporters on the naval board. The fight is to be made against retrenchment in British naval expenditures. Admiral Beresford's resignation is to follow immediately the maneuvers now in progress in the North Sea. When he is in parliament Admiral Beresford proposes to attack Fisher as the evil genius of England's maritime greatness, representing that a few more years of his management will reduce England to second rate on the sea. Sir John has strengthened fleets which Beresford declares strong enough, and reduced others that Beresford declares already too weak.

MRS. FRANK GOULD.

The estrangement of Mr. and Mrs. Frank Gould adds another chapter to the many marital woes of the children of the late Jay Gould. Anna Gould obtained a divorce from the Count de Castellane; Howard Gould sued his wife, who was Katherine Clemmons, for divorce, and now Mrs. Frank Gould seeks legal separation. She was Miss Kelly of New York, and as children she and Frank Gould were playmates. She is one of the most beautiful women in the fashionable set in New York.

THE GUARD WILL MOVE TO NEW LOCATION

NEWSPAPER AND JOB PLANTS WILL OCCUPY TWO FLOORS IN THEATRE BLOCK ABOUT OCTOBER FIRST—EXTENSIVE ADDITIONS WILL BE MADE TO MECHANICAL FACILITIES, AND MANY IMPROVEMENTS IN PAPER ARE CONTEMPLATED.

The Guard has leased new quarters in the Eugene Theatre block, a portion of which is now occupied by the plant of the morning paper, soon to move to the Mitchell, Garrett & Smith building directly across the street.

The Guard's new quarters will occupy two floors on the front of the building. The lower floor, where the large part of the mechanical work will be done will be improved by the addition of more windows on the alley side, giving better light, and cement foundations for the Guard's heavy presses will be put in. A stairway will be built connecting the first and second floors, and other improvements made that will give the newspaper and job plant a modern building in every respect, comprising nearly 4000 square feet of floor space. In rearranging and remodeling the building no detail will be omitted that will make for comfort or convenience.

When the new quarters are occupied about October 1st the plant of both the newspaper and job offices will be increased by the addition of new machinery that will practically double its capacity. Orders are already being made for new machinery, type and furniture, in order that when the new quarters are occupied a new and strictly modern plant, unequalled in Oregon outside of the city of Portland, will be ready for the Guard's mechanical force. More than a year ago The Guard outgrew its present quarters, as well as its plant, and has since been working under many disadvantages, which will be overcome under the new arrangement. A marked improvement in the news and telegraphic service of the paper is also contemplated, made possible by the increased facilities for setting type.

GERMAN STEAMER IS TOTAL LOSS

San Francisco, July 21.—A telegram received by the Merchants' Exchange from the lighthouse keeper at Point Conception states that the German steamer Anubis, of the Kosmos line, went ashore on San Miguel Island at 12:20 yesterday morning and it is probable that the vessel and cargo will be a total loss. No details are obtainable.

The Anubis sailed from San Francisco July 18 for Hamburg with a cargo of grain and a small cargo of miscellaneous freight for Mazatlan. She was commanded by Captain Solari and carried a crew of 25. There were also aboard a number of passengers, the steamer carrying 77 persons in all.

Later—The Merchants' Exchange this afternoon received dispatches stating that the Anubis was leaking in two compartments and her fires were extinguished. The crew is engaged in jettisoning the cargo in the hope of floating the vessel when sufficiently lightened.

ROJESTVENSKY, RUSSIAN ADMIRAL DID NOT DIE

Berlin, July 21.—The announcement yesterday from Bad Nauheim that Vice Admiral Rojestvensky, who commanded the ill-fated Russian fleet that was annihilated by the Japanese in the Sea of Japan in May, 1905, had died there July 19 of heart trouble, is incorrect. A Russian of that name did die, but he was not the admiral.

CONTEMPT CASE IS ATTRACTING ATTENTION

Portland, Lincoln, July 21.—The action of Justice Anderson of the supreme court for the District of Columbia, sitting in the Compars-Mitchell-Kierston case, citing them to show cause why they should not be punished for contempt of court for alleged violation of the injunction against the American Federation of Labor secured by the Buck Stone and Stone Company, has excited considerable gossip here. Bryan will make no comment, but the case is directly within the purview of the plank in the Democratic platform relating to contempt outside the presence of the court. It is believed Bryan will state upon it as an illustration of the need of a law which will accord the accused a trial by jury.

A portion of today was spent by Bryan in three-minute speeches into a phonograph. The records will be reproduced and distributed throughout the country.

Taft to Oyster Bay. Hot Springs, Va., July 21.—Taft goes to Oyster Bay tomorrow to lunch with President Roosevelt on Thursday.

EXPRESS FAITH IN ORGANIZATION OF WORKING CLASS

Denver, July 21.—After a fight lasting all day yesterday and until noon today, the convention of the Western Federation of Miners reached an agreement reaffirming the faith of the organization in industrial unionism, and pledging the members to its support. The resolution was adopted, as follows:

"We, the Western Federation of Miners, in convention assembled, reaffirm our allegiance to the principles of industrial unionism and pledge ourselves to do everything in our power to bring about the unity and solidarity of the working class."

AMERICANS WIN IN OLYMPIC GAMES AGAIN TODAY

London, July 21.—The 800-metre flat race was won by Shepard, of the Irish-American Athletic Club; Luigi, of Italy, second; Braun, of Germany, third.

SENATOR WILLIAM WARNER.
