

STANDARD CASE WILL NOT BE RE-TRIED BEFORE JUDGE LANDIS

New York, July 23.—It was learned today from sources identified with the Standard Oil Company that the \$10,000 case will not likely go to the United States supreme court. Nor is it believed that the case will be re-tried before Judge Landis, as the Standard Oil Company has protested against it and ask that the action be taken by the supreme court.

and promote justice. I will write fully as soon as the opinion comes to hand."

Max Zimmerman was to have a market day at Medford on August 1, but it has been postponed for two or three weeks on account of so many people being out of town and on account of other attractions.

Work has begun upon the enlargement of the Rogue River Power Company's plant at Gold Bay, in Jackson county, from 2000 horsepower to 3000 horsepower, at a cost of \$100,000. Colonel Frank Ray, president of the company, also vice president of the American Tobacco Company and chairman of the board of directors of the California-Nevada Power Company, has left for New York after giving final orders for the enlargement, the expensive machinery for which has been purchased.

RACE WAR IS IMMINENT AT NATALBANY

Natalbany, La., July 23.—Five hundred Italians and other foreigners on one side and Americans on the other, both armed and ready for a conflict was what presented itself to this town at daybreak this morning as the result of a race war which started over the wounding of Walter Simmons Tuesday, and subsequent shooting by Americans and Italians yesterday. Last night an Italian entered the town and said the foreigners intended to wipe out the town. The sheriff gathered 75 Americans, who picketed the town all night, but there was no trouble.

This place is a lumber town and race troubles have been brewing for some time. It is quiet today, but both camps are ready for an emergency.

A burglar entered the unlocked rear door of Dr. Minthorn's residence at Newport the other night and took nine dollars from the doctor's trousers, which were found in the dining room this morning. He left the doctor's watch. There is no clue to the robber's identity.

BOMB EXPLODED AT GOVERNOR'S SPEECH MEETING

Chicago, July 23.—A bomb was exploded in a tent in which Governor Dineen was addressing a political gathering at Garfield Boulevard and Princeton avenue last night. Women in the audience screamed and a number fainted. Men and women rushed for the tent doors and the governor and others tried to stop the panic. When it was seen that no damage had been done the excitement subsided. It is thought the perpetrators sought to take advantage of the excitement to rob the people in the audience. The police made a number of arrests, but later released those arrested for lack of evidence.

It is reported that the Albany brewery, which has been closed the past winter, will reopen in the near future and manufacture "near beer." This beverage is being made by nearly all the breweries in Oregon, and finds a ready sale in the dry counties.

POLICE BATTLE WITH DESPERADOES TODAY IN BOSTON

Boston, July 23.—After three deadly battles between desperadoes and the police and a small army of citizens, the first encounter being late Tuesday night in a bar-room, the second last evening in the peaceful streets of Jamaica Plains, and third early today in a cemetery, one of the bandits was riddled with bullets and killed, a second, believed to be wounded, escaped, the third was taken last night.

The desperadoes, who are believed to be foreigners, killed two men and wounded eleven in their flight since "shooting up" the saloon, killing Frank J. Drake. The police searched all yesterday and located the robbers in Calvary cemetery. The desperadoes opened fire, wounding several persons and escaped into crowded

Washington street, keeping up a fire. They held up street cars, wounding a number of passengers and pedestrians. They continued their flight into Forest Hill cemetery, where they shot the night watchman, Herbert E. Knox. The cemetery was surrounded by officers and at daybreak they began to close in. Suddenly a man darted from the south side of the cemetery carrying a revolver in one hand and cartridges in the other. After a stern chase of more than a mile, the man sought refuge in a ravine and was quickly surrounded and shot to death, hundreds of bullets piercing his body. Another man was arrested near the main gate and disarmed, but there is some doubt as to his identity. The police are searching a cemetery for the third man, who left a bloody trail.

MURDERED HIS SWEETHEART THEN HANGED HIMSELF

EASTERN OREGON YOUTH KILLED EIGHTEEN-YEAR-OLD ELISIE KENNISON AT ECHO—PURSUED BY POSSE, HE RETURNS TO SCENE OF TRAGEDY AND COMMITS SUICIDE

Pendleton, Or., July 23.—Elsie Kennison, aged 18, was killed by her sweetheart, B. E. Steffle, at her home in Echo today. Steffle is being pursued by a posse.

There were no witnesses to the tragedy. He shot her in the mouth with a revolver and was seen to run from the house by an eight-year-old girl. Excitement is intense and lynching is talked of if he is not killed in a fight with the posse.

Later—Word was received from Echo this afternoon that Steffle had doubled back on his tracks to the scene of the murder and hanged himself on the premises.

SMITHSON WON HIS HEAT IN FAST TIME

London, July 23.—Forest Smithson, of the Multnomah A. C., of Portland, Oregon, won his heat in the 100-yard hurdles in 14 4-5 seconds.

London, July 23.—The final in the 400-yard flat race was won by J. C. Carpenter, of Cornell University. The judges disqualified for alleged "pocketing" of Halliwell, an English runner. Carpenter had the pole and his alleged transgression was not apparent to the spectators. W. C. Robertson, of Cambridge University, was second; Halliwell, third. Matthew P. Halpin, American manager, says the Americans will not run the race over.

CONFESSES TO MURDER OF HIS AUNT

New York, July 23.—August Eberhard, a nephew of Otilie Eberhard, the Austrian woman who was shot to death Saturday evening near Hackensack, N. J., was arrested today at Paterson, N. J. He was found lying on a lawn in front of a farm house suffering from a wound which the police believe he received at the time the woman was shot. It is reported that he admitted his identity. The police are endeavoring to get a statement.

Hackensack, July 23.—August Eberhard has confessed that he murdered his aunt, Mrs. Otilie Eberhard. This afternoon he took the police to the place in Little Falls where he had buried under a tree the \$2500 which he took from his aunt's body.

PORTLAND HAS \$300,000 FIRE THIS MORNING

Portland, July 23.—Fire which destroyed the Abington building and damaged the VanSchoyver building adjoining, caused a loss of \$300,000 this morning. Both buildings were well occupied, and the loss to the tenants will probably be \$100,000, which is included in the estimate above. Defective wiring is alleged to have caused the fire.

KERN SPEAKS AT STEEL PLANT OPENING

Gary, Ind., July 23.—The arrival of the steamer E. H. Gary with a cargo of ore with which the great steel plant of the United States Steel Corporation inaugurates its operations was the occasion today of formal exercises and speech-making, in which

JOHN W. KERN.

John W. Kerns, of Indianapolis, the Democratic nominee for vice president, and others participated. The arrival of the steamer was the occasion for a salute of 21 guns from the Wolverine, and salutes from the revenue cutter Tuscarora and the training ship Dorothea. The corporation has spent \$30,000,000 on its hills.

JEFFRIES WILL BE ALONG THIS SEASON

"Jim Jeffries, himself, as well as his party, will visit Eugene about September 1, on their way to their hunting camp up the McKenzie," said Alf Walker this morning. In the party will be eight or nine people, all of whom, from the information at hand, live in Los Angeles but one, and that person hailing from New York.

While Walker, who has always managed the trip, has not received any letter for a month, he is certain that the fine trip is certain again this year, and that the champion will be along, too. It is also thought that there will be no women, the trip being strictly a stag jaunt.

KILLED BY TRAIN AT WOODBURN

Woodburn, Or., July 23.—A man believed to be Frank C. Marx, a laborer from Hot Lake, was killed by a southbound Southern Pacific train early this morning in the outskirts of the city.

STARTLING EVIDENCE IN GOULD DIVORCE CASE

New York, July 23.—Miss Blanche Hale, a hair dresser with fashionable patrons, has come forward with a story that she had been approached in a similar manner to that alleged made to Miss Mabel MacCausland in connection with the suit for divorce instituted by Mrs. Helen Kelley Gould against Frank J. Gould, the millionaire. The district attorney's office promises yet more startling revelations in the evidence against Gould.

ARRAIGNMENT IS POSTPONED

San Francisco, July 23.—The arraignment of John Claudianos, on the charge of dynamiting the home of Former Supervisor Gallagher, principal witness against Abe Ruef, has been postponed until July 30.

LICE AFFECTING HOP YARDS IN YAMHILL

McMinnville, July 22.—Lice are affecting the hop yards in this section pretty generally, but more especially on the bottom lands. W. C. Miller and a number of other growers have found the lice quite numerous since the rainy period of a few weeks ago, and the dense foliage on the vines has prevented their destruction by the hot sun. Mr. Miller's prediction is that with a number of warm, cloudy days on the eve of picking time fully one-half of the prospective hop crop of this county will remain unpicked.

WEATHER PREDICTION

I. THOMAS AGEE IS VERY SLOW AS WITNESS

Portland, July 23.—Objection after objection was made by the defense and overruled by Judge Wolverton in the federal court today as I. Thomas Agee testified to selling 160 acres to the Booth-Kelly Lumber Company, the basis for the conspiracy charge against R. A. Booth, J. H. Booth and T. E. Singleton.

Agee is the star witness of the prosecution and is so naturally slow in talking and answering questions that little progress could be made with the trial.

In his first examination Agee has been relating the history of the homestead he took at Cape Blaine, which he subsequently changed under the lien land law for 160 acres of blunder land, and in turn disposed of this to the Booth-Kelly Company for \$300.

Time and patience have been required to extract this information from Agee, who has lived his 50 years in Douglas county. The witness admitted he had talked with Blinger Hermann, ex-commissioner general of the land office, concerning his claim at Cape Blaine, but denied that he had written to Hermann on the subject and failed to identify a letter to Hermann bearing the signature "I. T. Agee." He further denied having written a letter on the land matter to James Henry Booth, then receiver of the Roseburg land office, but subsequently admitted he may have written it, although it did not resemble his signature.
