PRONOUNCED HIS CASE INCURABLE

Whole Body Raw with Eczema—Life was Intolerable—Was Even Incased in Plaster—Discharged from Hospitals as Hopeless.

SUFFERED 14 YEARS CURED BY CUTICURA

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until a red rash broke out on his forehead, but we were not alarmed at first. Very soon, however, the rash began to spread over his head and shoulders, and it caused him great discomfort. I took him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to scratch himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would rear him. The regimental doctor, a very clever man, pronounced the case hopeless; at least, he said the only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four times and he was pronounced one of the worst cases, if not the worst, ever admitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incised him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills, and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51, Vaughan Road, Collierville Lane, Cambewell Green, Eng., Jan. 12, 1907."

Send to nearest depot for free Cuticura Book on Treatment of Skin Diseases.

Cuticura Remedies are sold throughout the world. Agents: London, 22, Chancery Lane; Paris, 1, Rue de la Paix; Australia, 11, Queen St. Sydney; Cape of Africa, Lemon, Ltd., Capetown, etc. U. S. A., Potter Drug & Chem. Corp., Sole Mfrs., Boston.

A NICE LITTLE MEAL AT THE THEATRE CAFE

is always appreciated, where you get everything so appetizing and toothsome these June mornings, when your appetite is fickle. When you want to treat your friends, your wife or your sweetheart to a meal that is cooked to the Queen's taste, bring them to the Theatre Cafe.

250 TONS OF CHERRIES CANNED AT ALLEN'S

The biggest run on cherries that the Allen cannery has had for two years or more was finished last night when the 150 men, women and children closed up 9000 cases of the Royal Ann cherries and enough other kinds to aggregate 250 tons output for the season of 1908. The cherries have been in good condition and came to the packing plant in quantities just right for handling.

The price on cherries, however, is rather uncertain. Last year the Allen cannery put up 6000 cases, which brought a good price, perhaps more than all of this year's large output. About the middle of August the cannery will open up again on pears. While work on this fruit employs few people, the season lasts for a month of six weeks. Manager Allen said this morning that the prospects for pears were good in this section.

At the same time and after pears come apples, tomatoes, peaches, prunes and other Lane county products.

WEEKLY REPORT OF EUGENE MARKET

Mohair—18.
Chittim bark—3c.
Wool—13c.
Poultry, Eggs, etc.
Eggs—Per doz., 20c.

Wheat—Per bu., 90c.
Rolled barley—Per ton, \$30.
Chopped feed—Per ton, \$30.
Cracked corn—Not in market.

CONDITIONS RIPE FOR ADVANCE IN BUTTER.

Portland, July 23.—Conditions in this state are ripe for an advance in butter prices, and but for the fact that Eastern quotations are now relatively low there would be an upward movement here at this time. With the pastures drying up more or less generally the cream supply is growing smaller and butter production is naturally on the decline. The state, however, still produces a surplus over current home needs, though that surplus is much lighter than a month ago, and for this reason outside markets are still necessary. A local creamery man said today: "At present prices we have outside markets for the surplus milk, but if we were to lift quotations these outlets would be lost to us and Eastern butter makers would get the benefit. Seattle is now using large quantities of Eastern butter, and if local quotations were raised at this time the chances are that in the Sound territory Eastern butter would completely displace the Oregon product. As things look now the prospect here is for a steady market at current prices for some weeks."

In both the city and country creamery markets trade is active and there is no complaint of accumulation anywhere. A dealer in country creamery said today that the best brands of country butter were difficult at times to fill orders. Second-grade butter is fairly plentiful, but this moves quite freely.

In cheese the situation locally is much the same as in butter. Production in Tillamook County has fallen off seriously, with little or no weakening in the demand, here or in the North or South, and higher prices in the near future are inevitable. Twins and triplets are generally selling at 14 cents in the wholesale markets, but a dealer today reported occasional small scales at 14 1/2 cents. Young Americans are quoted at 15 cents. In all probability there will be a general advance next week.

Buyers are today freely offering 8 1/2c for new club and 8 1/2c for bluestem, which amounts in reality to an advance of 1c a bushel over yesterday. The cash wheat situation in this market today is the firmest for opening operations for many years. Many purchases of small lots of new crop wheat have been reported during the past 24 hours at these figures: Portland basis, and now that the deadlock between buyers and sellers has been broken there is promise of heavy operations for the near future.

The present price of new wheat is but 8c a bushel under the quotation offered and paid for old crop and gradually the premium in favor of the old crop is being wiped away. Millers are firm in their views on new crop flour and there is no disposition to sell under the price listed for old crop make—\$3.50 @ 3.60 a barrel.

On the Portland board of trade September wheat was advanced 1c in the bid to 82c while sellers were asking 87c. During the session there was a special bid of 85c for bluestem but no sellers appeared under 83c. The present market for old bluestem is

but 88c so the new crop is even stronger than the old.

Chicago Wheat Market.
Open Close In 24 Gain
July 95 1/2 96 1/2 97 1/2 N 1/2
Sept 96 1/2 97 1/2 98 1/2 B 1/2
Dec 92 1/2 93 1/2 94 1/2 B 1/2
May 94 1/2 95 1/2 96 1/2 N 1/2
Chicago, July 21.—A turn for the better in Liverpool cables after the opening had a good effect upon wheat here and the market closed 1/2 to 1/4c above yesterday and more than making up for its loss.

Brief Notes of the Trade.
Best quality of dressed veal is still in good demand along the coast but poor meats of all kinds are not wanted.

Supplies of local and California tomatoes are heavily increased. A feature of the present tomato movement is being offered by nearby sections. This is expected to interfere somewhat with the sales of such large lots of eastern Oregon stuff. New potatoes are down another notch with somewhat larger supplies from local points.

(Watermelon trade is good at the decline in price values yesterday. Hop dealers report an absence of business of any kind, either spot or contract, at the moment.

While there is a firmer tone in hides and wool no change is today shown in local values.

String beans are rather scarce along the street and the market is firmer.

Front street sells at the following prices. Those paid shippers are less regular commissions:

Grain, Flour and Hay.
Wheat—Buying price, new—Track, Portland—Club, 83c; bluestem, 85c; red 81c; Willamette valley, 83c a bushel.

PRIVATE FERGUSON WINS INDIVIDUAL RIFLE TROPHY

Salem, July 23.—Interest in the National Guard rifle contest today has been keener than on any day of the week. The finish of the state individual contest and the beginning of the contest for the governor's trophy were the important events of the day and were watched with intense interest.

The state individual contest was finished shortly after noon and the medal was won by Private Ferguson, Company D, Fourth Infantry, with an aggregate score of 258. Others in order who stood high and had a chance to win up to the last range were Captain G. E. Houck, Ordnance Department, 251; Sergeant Romane, Company K, Third Infantry, 245; Sergeant W. McCornack, Company A, Fourth Infantry, 244; Private Pickard, Company H, Third Infantry, 238; Private B. F. Shields, Company D, Fourth Infantry, 234; Private Fisher, Company D, Fourth Infantry, 230; Sergeant Drake, Company L, Third Infantry, 230.

Medals won and decided by scores completed today are as follows: Highest score in slow fire at all ranges, Sergeant Drake, of Company L, Third Infantry; highest score on the skirmish, Captain G. E. Houck, Ordnance Department, Fourth Infantry; highest score on rapid fire, Corporal W. W. McCornack, Company A, Fourth Infantry.

In the Governor's contest the rapid fire at 200 yards only was shot and resulted in the team of the Third Infantry securing a lead of 38 points, the scores being as follows: Third Infantry—Captain Scott, 29; Sergeant White, 34; Sergeant Rider, 39; Sergeant Schwarz, 40; Sergeant Romane, 36; Sergeant-Major Royle, 35; Corporal Howard, 36; Corporal Abrams, 34. Total, 283.

Fourth Infantry—Captain Houck, 30; Lieutenant Stewart, 26; Private Ferguson, 33; Private Fisher, 28; Sergeant Perdew, 25; Private Shields, 38; Major Hamlin, 31; Private Potts, 34. Total, 245.

The scores on the 800 and 1000-yard ranges, which will be shot tomorrow, will complete this event, and decide the winner of the trophy.

CHINESE PHEASANTS ARE PLENTIFUL

Though not so abundant as in some past years, China pheasants will be as plentiful this fall as during the hunting season of 1907. Farmers in Lane county report that in spite of the unfavorable hatching season this spring there are apparently plenty of the young game birds.

Last year at the end of the open season there were more old birds left than for many years. This was largely due to poor hunting weather.

The Bul-k autos are the best. See R. B. Wray about them. He can be found with the Eugene Transfer Co., phone Red 1101.

When hungry don't forget that White's restaurant will satisfy you.

Warner tunes pianos. Leave orders at Morris' Music Store. 17

S.S.S. BEST TREATMENT FOR CATARRH

The entire inner portion of our bodies is covered with a soft, delicate lining called mucous membrane; this is kept in healthy condition by nourishment and vital vigor it receives from the blood. So long as circulation remains pure this membrane will be healthy, but when the blood becomes infected with catarrhal impurities and poisons this inner lining of the body becomes irritated and diseased, and the unpleasant and distressing symptoms of Catarrh commence. There is a tight, stuffy feeling in the nose, watery eyes, buzzing noises in the ears, often slight deafness, difficulty breathing, etc. The disease cannot be reached by external treatment, such measures afford temporary relief in some instances. S. S. S. cures Catarrh by cleansing the blood of all impurities and poisons. Then as the pure blood circulates through the body, the inflamed, irritated membrane heals, the discharge ceases, headaches are relieved and every symptom disappears. Catarrh, being a disease in which the entire blood circulation is affected, can only be cured by a remedy that goes to the very bottom and removes every particle of the impurity from the blood, and this is just what S. S. S. does. Book on Catarrh and any medical advice free to all who write.
