

ERMOR RENNE SHOT AND KILLED BY HIS NEPHEW

at the sheriff's office this afternoon and a telephone message from C. A. Reetz at Creswell stating that Jerome Renne, a well-known hunter of that vicinity, was accidentally killed this forenoon by his nephew, Ralph Mosberg, who shot at a cow while the latter was in the woods afterward. Renne, who is a one-armed man, was acting in the capacity of deputy assessor for his neighborhood. His home this morning for the five miles west of Creswell for a cow. He was hunting and spied a deer. He shot at the animal and supposed he hit it, but was horror-stricken to find that his uncle had been hit by the bullet and had been lying on the ground for some time. The boy ran to the near-by house, and as soon as possible the authorities were notified. The word of the shooting was received at the sheriff's office about 2:30 o'clock this afternoon. Coroner Gordon was notified and an official investigation will be made of the death. Further particulars of the shooting cannot be obtained at this hour.

During a drunken row Thursday night Laven White, an Indian, was shot and killed, it is believed, by either Pete Muggins or Homer Evans, both Indians, near Newport. The red men were on their way home from Norton station to the Sletiz reservation, and had been drinking heavily. Details of the tragedy are lacking. The coroner has gone to the scene.

Charles Tallafiero has been brought back to Springfield to pitch for the baseball team there. He will appear in the game tomorrow afternoon between the Springfield and Campbell-Fellman teams. Springer, the south-paw, will occupy the mound for the locals.

NEGRO ARRESTED AGAIN FOR MAIL POUCH ROBBERY

Kansas City, July 25.—Charles W. Savage, a negro, was arrested here today charged with stealing a mail pouch at the Kansas City Union station on June 6 containing \$50,000 in gold sent from Los Angeles to New York. The authorities assert they have positive evidence against him, and express the belief that he has buried the money, intending to recover it after his release from the penitentiary. He was arrested a few days after the robbery, but released as there was insufficient evidence against him. He traveled extensively since leaving here, but returned today.

ATTORNEYS STRAINING NERVES TO PREVENT ANOTHER TRIAL

of Judge Landis in filing the Standard Oil Company \$29,400,000, today declared at the Waldorf-Astoria that the decision of the circuit court of appeals was practically final. The judge then said that neither the attorney-general nor any one else had any right to demand a retrial of the case.

"All that can be done," he said, "is to apply to the United States supreme court for permission to reopen the case. It cannot be done without the court's consent, and under the circumstances cannot be retried. In October the attorney-general may apply to the supreme court for a writ of certiorari to reopen the case before Judge Landis. This is all he can do."

Roosevelt Defeated Litigant.

Judge Grosscup merely smiled and refused to make any comment on the president's order to Attorney-General Bonaparte to have the case retried.

"It is not meet that I should enter into a discussion with the president," he said. "The court can take care of itself in the courtroom. The president comes into the courtroom with no greater and no less privilege than is accorded to any other private citizen."

President Roosevelt is quoted as having ordered an immediate retrial of the case. What are his powers in the matter?

"They are simply those of any defeated litigant—no more and no less."

President and Judge At Issue.

What Roosevelt said:—There is absolutely no question of the guilt of the defendants or of the exceptionally grave character of the offense. It would be a gross miscarriage of justice, if through technicalities the defendant would escape the punishment which would unquestionably have been meted out to any weaker defendant who had been guilty of such offense.

Judge Grosscup replies:—All that can be done is to apply to the United States supreme court for permission to reopen the case. It is not meet that I should enter into a discussion with the president. The president comes into court with no greater and no less privilege than is accorded to any other private citizen. His powers are simply those of a defeated litigant.

JUSTIFIED IN KILLING SLETTEN

Chicago, July 25.—The jury in the case of William T. Brantletzky, who shot and killed Lucas Sletten, an invader of his home, returned a verdict exonerating Brantletzky today. The story told by Mrs. Brantletzky of her

ten months' intimacy with Sletten, her break with him and return to her invalid man, her struggles with the dead man and finally the killing of him by her husband, was a dramatic feature of the inquest.

HEARST WILL NOT BE A CANDIDATE

New York, July 25.—William R. Hearst arrived from Europe today. He states emphatically that he will not be a candidate for the presidency on the Independence League ticket, which is meeting here today with Bryan to accept the national chairmanship.

Mack, when informed that the conference had broken up, declared he was not a candidate for the chairmanship, but would serve if the party drafted him. This is generally taken to mean that he would be the new chairman.

GEORGE KELLY TESTIFIES FOR GOVERNMENT

Portland, July 25.—When the Booth-Singleton conspiracy trial adjourned today until Monday morning George H. Kelly, secretary of the Booth-Kelly Lumber Company, was on the stand, called as a witness by the prosecution to testify against his present partner, ex-State Senator R. A. Booth, and his former partner, James Henry Booth, and their brother-in-law, T. E. Singleton.

Kelly is also summoned as a witness for the defense, but the prosecution placed him on the stand first, and out of the order which was originally mapped out by the government officers.

Thus far George Kelly has thrown no light on the sale of 160 acres of land by I. Thomas Agge to the Booth-Kelly Company, for which the defendants are now on trial. Monday he will present the books of the concern covering the time when the transaction occurred, and today he produced a check and draft made out to James Henry Booth which amounts correspond with the sums which Agge said he received from Booth for selling the land to the company. The defense, however, has not denied buying the land from Agge, nor objected to the introduction of the draft and check.

WILLAMETTE VALLEY BEST ON THE COAST

A Hamicker, a visitor in Eugene for a day and a half, says that the Willamette valley is the best body of land he has seen after traveling all over the West.

"California is something fine, but the West is something terrible," he says. "Eastern Oregon and Washington have some fine land, but the dust is enough to make a man crazy. During the last month in Washington I have spent the most miserable period of my life. The Willamette valley is the biggest and best slice of agricultural land on the coast, I believe."

Sweet Marie is still at the head of the fastest trotter in the world, having recently beaten the celebrated Major Delmar in very fast time.

The cantaloupe was originated near Castle Cantaloupe, Italy, where they are said to have attained a high degree of perfection.
