TABLE FOR THE SHIPPER
 Decision of the United States court of appeals in the famous Oil rebating case, wherein \$29,000,000 was imposed on the Landis, of Chicago, brings to mind of the average shipper the system of railway tariffs, which are Greek to the lay mind, and are few individuals in the land, and those of a technical nature, who have a knowledge of the things, but they are few and far between.
 If that is the case, any shipper liable to arrest and fine for not accepting rates from a company which are less than those of his competitor, and it is not whether this is through the fault of some clerk or of the transportation company, an editorial on this subject, is a most important one to a shipper, the Los Angeles Express regarding all the equities in and withholding all opinions on the temporary relief given Mr. Landis's oil concern in the case of \$29,000,000 fine, there may be a bright spot in the decision of the federal court at Chicago over the Standard a new trial, though due gravity the court asks innocent and unsophisticated can be asked to "cipher out" confusing papers and figures that up a railroad tariff sheet to deal with certainty whether the company's agent is quoting the correct rate for his freight, and does not cleverly conceal a concession or not enjoyed by neighbor. The court says "no," undoubtedly this voice a long expression of public sentiment on the intricacies of the railroad tariff sheet, that fearfully complicated collection of figures and rules calculated to drive the ordinary shipper into indolence in intoxication.
 At this judicial pronouncement arouses fears of possible danger. Suppose a railroad company in a fit of passion against an oil shipper should quote the rate with concealed concession at that might happen to the unfortunate payer of freight? There is a good deal of bother and in going to a court of appeals a jury and a judge like Landis handled the case."

anywhere the woman's paper; the paper she consults after her day's duties are over, and the paper from which she glean the information to guide her in the next day's shopping. We admit that the morning paper has a field, and a good one, but it is chiefly for the exploitation of the stories the evening paper has covered. Go into a restaurant or hotel in any large city or go into a street car, and you will find men glancing at the morning paper while they sip their coffee, or ride to their offices. But the paper they take the time to read—the paper their wives and daughters read—is the evening paper, and they read it, advertisements and all—that is, if it is a readable paper, which every evening paper should be if it attempts to cover the news events of the day.

Now, have we exaggerated the superiority of the evening paper over the morning paper?
 How is it with you? You know what paper you read first, and read more thoroughly, and enjoy most, and what paper the most members of your family read.
 What is it—the morning paper or the evening?—Santa Cruz (Cal.) News.

"In twenty years from now," suggests an exchange, "the candidates may be speaking from the rear end of airships." If some one like Mr. Taft is running they will need plenty of ballast on the other end to prevent a catastrophe.

The men who are betting on the election are all giving long odds on Taft. Most of the election bets thus far made are at the ratio of 20 to 1, in some instances money has been placed at 10 to 1, but the former figures prevail.

One of the representatives of the Irish-American Athletic Club at the Olympic games in London is a negro. Now wouldn't that make St. Patrick turn over in his grave?

DAUGHTER OF THE ROCK QUARRY
 Editor Guard.—That is a terribly dangerous, unprotected, sheer forty-foot wall at the bottom of the steep top incline of the west end of the butte, where street rock is being taken out.
 What are the city authorities about but they should allow it to go unenclosed, and that with a fence that would not be climbed? There should not be a delay of a single day in putting a proper safeguard about it.
FOR PUBLIC SAFETY.

BLUE RIVER NOTES
 (Special Correspondence.)
 Blue River, July 24.—Joe Peplot went through this city yesterday with a load of provisions for the government trail yesterday. They will start to work on the trail Monday.
 Miss Goldie Lane went to the McKenzie Bridge to visit friends Sunday. While there she made an extended visit to Foley Springs and came back Sunday evening.
 Geo. Gruning came down from the bridge last night and intended to go back today, but the stage was loaded and so he will have to lay over until tomorrow night's stage.
 John Hawkins was down from the mines today. He says everything is going smooth up there.
 Charles Gruning is out from the S. P. camp up at the McKenzie falls and is in this city on a visit. He reports hunting and fishing first-class up there.
 There was a grand game of base ball at McKenzie Bridge a few days ago, the McKenzie Bridge team playing against the summer boarders at the hotel. The score was 11 to 7 in favor of the McKenzie team.

LOS ANGELES PARTY IN THREE AUTOS

PARTY MAKES RUN FROM SOUTH-EASTERN CALIFORNIA CITY, REACHING EUGENE SATURDAY EVENING
 R. C. McCormack, a capitalist, and John C. Cline, ex-collector of customs of Los Angeles, accompanied by their families and friends, comprised an automobile party that reached Eugene Saturday evening from Los Angeles on their way to Seattle. The party is traveling in three automobiles, having left Los Angeles two weeks ago yesterday. They spent the night here.
 "The trip has been a delightful one and altogether uneventful so far as even a slight mishap is concerned," said Mr. Cline yesterday. "We left Los Angeles just two weeks ago, and have been proceeding leisurely through California and Oregon, enjoying the scenery and inspecting the country generally. We will continue the journey to Seattle this week, where Mr. McCormack is interested in business property."
 The party includes Mr. and Mrs. R. C. McCormack, Mr. and Mrs. John C. Cline, J. Banning Cline, H. W. Cline, Mill Barker, E. T. Stinson and F. T. Griffith.

NEWS OF INTEREST FROM LOWER SIUSLAW

Mrs. I. L. Campbell and children came in from Eugene a few days ago and are enjoying the ocean breezes at the cape.
 The directors of Acme school district have made a contract with Miss Gertrude Schreuders to teach their school for the term of seven months to commence September 7th.
 The schooner Oakland finished loading last Friday and left the same day for San Francisco with a cargo of lumber.
 The schooner Sausalito arrived in from San Francisco last Sunday and went to Acme to load at the Siuslaw Lumber Company's mill.
 Last week Frank Knowles purchased I. A. Smith's stock of confectionery and tobacco, and moved the goods to his own store next door.
 Some piles have been driven this week for a boom in the river above town. Wm. Kyle & Son are building it to store their logs. Mr. Kyle informed us a day or two ago that he will build a mill there if the harbor is improved.
 The schooner Coquille was towed out to sea Thursday morning and spread her sails for a trip to San Francisco. The vessel carries a cargo of lumber. On arriving at the city the schooner will undergo repairs to put her in good condition for freighting.
 Dave Saffley, Fran Sweet, L. W. Derrin and Roy Carnes were among the crew on the Coquille when that craft sailed for San Francisco. They go just for the trip down and expect to return here immediately.
 Wiltz Kemp, who came here several weeks ago for a visit with his brother and to see the country, departed Monday for Houston, Texas, where he has accepted a situation. He intends to return to Oregon again in two or three months.
 The propeller and shaft of the Berwick, which were not taken out of that vessel with the machinery last spring, were removed from the wreck the first of the week and brought to Florence. The timbers were then blasted out around the shaft and it was an easy task to get at it. The shaft is of copper and is valued at about \$400.
 The reception given last Saturday afternoon by Mrs. W. A. Cox in honor of her friend, Mrs. Geo. M. Miller, and her niece, Miss Vera Cox, was greatly enjoyed by a large number of friends. The sweet pea in all its variations was the principal decoration of the reception room, dining room and tea table. Mrs. O. W. Wurd, daughter of the hostess, presided at the table, where the guests were served with a dainty lunch of tea and wafers.—The West.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.
 Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.
 Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
