PALMS FOR S. P. DEPOT PLATFORM

PLANTS WILL BE ORDERED FROM CALIFORNIA—GOOD ROADS DELEGATES APPOINTED

A suggestion was placed before the board of governors of the Commercial Club last evening to beautify the platform between the station and the railroad track with big palms. The idea was to get the money by subscription, and while the board accepted the suggestion, it was by their opinion that the promotion department had better pay for these palms, as it was for the general good. In the meanwhile General Manager J. P. O'Brien had been corresponded with, and he had accepted the request to have the large boxes needed for these palms made in San Francisco and the palms turned over to the company there, so that there will be no freight accruing on them, and the Southern Pacific will be responsible for the taking care of the palms and also for housing them in case of a cold snap during the winter.

Good Roads Delegates
The following were appointed delegates to attend the Oregon good roads conference, called for Tuesday, August 11, in the convention room of the Port of Portland: Judge G. R. Chrisman, H. M. Thompson, F. L. Chambers, Jack Rodman, Dr. L. L. Whitson, M. Svarverud, Dr. D. A. Paine, Geo. A. Dorris, E. O. Pitter, C. S. Williams and John H. Hartog.

Will Write Up McKenzie
The board accepted a proposition from a representative of "The World Today," a popular monthly magazine issued in Chicago, and which has a large circulation throughout the East and Middle West, to come to Eugene and go to the McKenzie river; writing up that stream and its opportunities for out-door sports, with Eugene as the central feature of this region. The article is to be illustrated with one or two colored cuts, and the expense will be borne by the promotion department.

LANE COUNTY EXHIBIT AT SEATTLE FAIR

W. H. Wöhrens, president, and M. D. Wladon, secretary of the Oregon-Alaska-Yukon-Pacific exposition commission, were visitors in Eugene yesterday and met with the board of governors of the Commercial Club last night. They came to confer about a Lane county exhibit in the Seattle fair and in company with G. W. Griffin, chairman of the exhibit committee of the Commercial Club, interviewed Judge Chrisman in regard to the probable expense of having Lane county properly represented.

NOTHING TAKEN FROM GOLDSMITH HOUSE

Julius Goldsmith and family returned last night from Newport, where they have been on a week's outing. During their absence their residence on East Eleventh street was broken into by burglars, as chronicled by The Guard at the time. Upon examination of the rooms last night and this morning Mr. and Mrs. Goldsmith missed nothing at all and are of the opinion that the burglars were frightened away by somebody or something.

MARRIED

At the home of the bride's sister, Mrs. Wm. Avery, in the Titus block in this city this afternoon at 5 o'clock, Leland Billings Avery and Miss Olive Burton. The groom is engaged in mining at Nelson, B. C., and formerly resided in Eugene for a year or two. The bride is a popular young lady and was formerly employed at Hall's grocery store. Their many friends tender congratulations.

WARREN COMPANY GETS CONTRACT FOR PARK STREET PAVING

IRREGULARITIES IN PAST CONTRACTS REFERRED TO CITY ATTORNEY—CONSTRUCTION OF SEWERS TO COME BEFORE PEOPLE

The bids of the Warren Construction Company for the paving of Park streets were accepted at the meeting of the council last night. E. R. Mummeley received the contract for the manholes and for grates, and the American Paving Company for building the curbs. The company expects to begin work at once.

The city engineer reported the amount of work done on West Eleventh, Oak and Olive streets by the Warren Construction Company as \$11,726.76, and 80 per cent, or \$9,381.29, was allowed. The American Paving Company was allowed \$290.28, or 80 per cent of their work, and E. R. Mummeley was ordered paid \$290.84, or 80 per cent of his work done on manholes and intakes.

George B. Dorris claimed that there were irregularities in letting the contract, for east Sixth street from Willamette to the alley between Willamette and Oak. The council referred the matter to the city attorney, with orders to look into the matter, and in case the irregularities are found, to draft an ordinance to cover the fault.

The city attorney was also ordered to submit to the council such changes of the charter as he deems necessary for expediting the putting in of sewers, which if they deem proper shall be submitted to the vote of the people when the \$500,000 water bonds are voted on.

Petitions
The petitions of Joseph Schafer for extension of water mains to his residence, and also to extend the mains to the southwest part of town, were placed on file.

E. K. Wheeler asked the council for permission to tap the Jefferson street sewer on top of the pipe to connect the house he is now going to build. The council was inclined to refuse the petition, but laid it on the table.

The finance committee reported that an allowance not to exceed \$15 per month for help in keeping records should be allowed the city recorder, to commence April 15, 1908. The report was adopted.

Consistent discussion of the water situation was indulged in.

Factory for Sale

For Sale A cider vinegar, apple butter and cider jelly factory on the corner of Blair and West Second streets; one of the best corners in the town for that kind of business. Building is 50x100 divided in half by partition on a lot 69x143. Ample room to handle and pack fruits, farm produce, etc., when not manufacturing. Very little competition, and if any, you have the markets of Tacoma, Seattle and Alaska to supply. In fact, a number of Eugene merchants have said that they needed just such a factory here to buy their goods from. A golden opportunity for some one.
