...ER FOR THE GUARD

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col, writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

INCUBATOR FACTORY COMPLETED BY 16TH

E. J. McCLANAHAN RUSHING WORK ON NEW BUILDING—WILL EMPLOY NUMBER OF MEN STEADILY

E. J. McClanahan is rushing work on his new incubator factory building on his lot near his residence on Ferry street, off from East Eleventh. The building is a frame structure, two stories high, and 40x60 feet in dimensions. The work of building it is under the direction of V. McFarland, and six men are working as fast as they can to finish it by the 16th of the present month, which date has been set for completion. Mr. McClanahan will move his machinery from the Dunn-Wilkins building on West Eighth street on the 8th inst. and place it in the new building.

The new factory, when completed, will employ five or six men steadily in the manufacture of the McClanahan incubator, which is a patent of Mr. McClanahan's, and which has been on the market for the past year or so. He has done an excellent business with the incubator since placing it on the market, and his present plant is inadequate to manufacture the machines fast enough to supply the demand. The machinery in the new factory will be operated by electricity. Three motors will be installed for that purpose.

Mr. McClanahan says Salem offered him a free site and a bonus of $2000 if he would build his plant there, but he preferred Eugene, as he had a site of his own and all of his interests are here. He receives no bonus from Eugene people.

ILLINOIS CAMPAIGN IS NEARING END

Chicago, Ill, Aug. 6.—One of the most interesting and exciting political campaigns Illinois has seen in years and the first to be held under the primary system is rapidly nearing a finish. The end will come next Saturday, when the voters of all parties will express their preference for the nominations for all State officers from governor down, for members of Congress, for county officials and for members of the legislature which will have the choosing of a United States senator to succeed Albert J. Hopkins.

The fight is interesting on both the Republican and the Democratic sides. On the Republican side ex-Governor Richard aYtes is fighting bitterly to wrest the gubernatorial nomination from Governor Deneen, who is a candidate for renomination, and ex-Senator William E. Mason in the same manner wants to capture the seat of United States Senator Hopkins, who neither desires nor expects to relinquish the toga for six years to come.

A third aspirant for the seat of Senator Hopkins is Congressman George E. Foss of this city. He did not enter the race util after the others had secured a good start, but his campaign has been of a whirlwind variety that has forced both Senator Hopkins and ex-Senator Mason to put on full speed.

OREGON'S SHARE OF FORESTRY MONEY IS $32,313.32

Announcement has just been made of the amounts which each state containing national forests will receive under the new law giving 25 per cent of the gross receipts from forests in these states. The total amount to go to the states from the receipts of the fiscal year which ended June 30 is $447,063.79.

The amounts to go to each state or territory are: Alaska, $2684.78; Arizona, $42,610.44; Arkansas, $313.68; California, $52,437.78; Colorado, $50,955.67; Idaho, $56,307.84; Kansas, $643.55; Montana, $75,807.41; Nebraska, $2349.77; Nevada, $4577.95; New Mexico, $25,464.12; Oklahoma, $554.48; regon, $32,313.59; South Dakota, $8456.60; Utah, $32,151.02 (including Unita Indian refun of $5348.07); Washington, $18,032.79; Wyoming, $41,402.38.

The law requires that this money be expended upon public roads and schools by the counties which contain national forest land. In this way the counties are compensated for the reduction of taxtble area brought about by the existence of the forests.

Before this year the states have received ten per cent of the gross receipts, but congress voted last year to increase the amount to 25 per cent.

WASHINGTON MAN SUICIDES AT MEDFORD

Medford, Or., Aug. 5.—As a climax of a spree lasting a week L. H. Belser, a real estate dealer at Wenatchee, Wash., shot himself in his room at the Hotel Nash at 9:45 o'clock last night, dying immediately.

The rifle part of a combination double-barrelled shotgun and rifle was used for the deed, which was witnessed by A. J. Percival, the proprietor if the hotel, his son, W. E. Johnson, of the Emerick restaurant, and another man who had jus. been engaged to stay and look after him during the night. It was done so quickly that no one could prevent it.

Mr. Belser arrived in the city July 27 and engaged a room at the hotel. He was about 40 years old, well dressed, and appeared to have plenty of money and spent it freely, most of it around saloons. He was well-behaved, however, and appeared to be a gentleman.
