

Returns to Eugene

MR. F. O. GINNEVER, the Expert Truss-Fitter,

of the firm of Ginnever & Whittlesey Mfg., Portland, Oregon, will be at Kuykendall's Drug Store, 533 Willamette St., for three days only. A number of people who witnessed the demonstration of the

"Perfect" Truss, the Knit Elastic Goods, Body Braces and the "La Genore" Elastic Corset

some weeks ago, while Mr. Ginnever was in Eugene, have requested this specialist to return for the purpose of fitting trusses, body braces and elastic goods in a number of urgent cases. This firm finds it impossible to reply to the large number of orders received from Eugene in the last two weeks fast enough; hence everyone who desires can avail themselves of this opportunity to place their orders direct.

Measurements will be taken accurately and all orders filled promptly. No other concern in the entire Northwest has as popular and widespread endorsement from the medical fraternity as do the Ginnever & Whittlesey Mfg. Co., of Portland, Oregon.

3 DAYS ONLY

Tues., Aug. 11, Wed. 12, Thurs. 13

Chance to get the best known quality of Elastic Goods and the Best and Most Scientific Truss ever fitted to a Rupture and guaranteed to hold and be comfortable under all conditions.

POSTMASTERS OF STATE MEET TODAY

CONVENTION TO BE HELD IN PORTLAND TODAY AND TOMORROW—POSTMASTER PAGE ATTENDS

Postmaster J. L. Page left last night for Portland, where he will attend the meeting of the postmasters of presidential offices in the state of Oregon, who will meet there today and tomorrow.

The first session was called at 10 o'clock this morning, and was a meeting of the Presidential Postmasters' Association and will be made an annual event. There are 69 members in the association, and its officers are: President, John W. Minto, of Portland; secretary, B. W. Johnson, of Corvallis.

The postoffice department has granted a ten days leave of absence to postmasters throughout the state and an invitation has been extended to all fourth-class postmasters to attend.

E. T. Inghell, of the postmaster-general's office, will be there and will deliver an address. Several local speakers will also speak. The sessions will be held in the rooms of the Commercial Club. Yachting questions of interest to postmasters will be discussed.

MUCH BUILDING AT COTTAGE GROVE

Cottage Grove, Or., Aug. 6.—Notwithstanding that July and August are the quietest trade months in the year for this section, the general conditions here are most encouraging, and merchants report splendid trade. At no time in the history of this city has building and general improvements been so energetically pursued. Seven large business bricks have been and are now being completed, on Main street, as well as some thirty residences.

Another important addition to the commercial interests of this section is the completion of the Cottage Grove Fruit Company's dryer, which will take care of the prune crop for 1908. This is entirely a local company, the stock having been subscribed by business men of this city and farmers and growers adjacent.

The hay crop for this section is one of the heaviest grown in recent years, and the prevailing prices are received with much satisfaction by the growers. Buyers from outside points have been here and several large shipments will soon be made.

The two brickyards located here are running to their capacity on contracts for Cottage Grove buildings alone.

The lumber business for the present seems to be at a standstill, owing to the stagnant condition of the market generally. Some mills are shut down entirely, while others are running on short time, with docks well stocked with all kinds of lumber.

S.S.S. DRIVES OUT BLOOD HUMORS

The skin is not simply an outer covering of the body, but thousands of pores and glands perform the great and necessary regulating our temperatures, and also assists in disposing of the waste matters of the system by the constant evaporation that takes place through these little tubes. To perform these duties the tissues which connect and surround the pores and glands must be continually flushed by pure blood. When from any cause the circulation becomes impurified and humors, it loses its strengthening powers and becomes diseased and irritate the delicate tissues, and produces Eczema, Acne, or some other itching, disfiguring skin trouble. S. S. S. cures skin disease of every kind by going down into the circulation and neutralizing and driving the impurities and humors. It changes the quality of the blood to a clear, fiery fluid to a cooling, health-producing stream, which, instead of irritating and inflaming the skin, cures and nourishes it by its wonderful qualities. Salves, washes, lotions, etc., may be used for temporary comfort or cleanliness they afford, but skin diseases cannot be cured until S. S. S. has purified the blood.
