

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs.

This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ALL AUKLAND AWAITS COMING OF BIG FLEET

Auckland, N. Z., Aug. 7.—The 175,000 inhabitants of the provincial district of Auckland are on the tiptoe of expectation in anticipation of the arrival of the fleet of American battleships, Auckland is the first port in the New Dominion at which the fleet will touch, after an unbroken stretch of 3850 miles from Honolulu. The reception of the battleships will provide a notable spectacle and one to which the people of New Zealand have been looking forward with keen interest for weeks past. The fleet is due to reach the port Sunday, but the official landing will not be made until the following day, according to the program as arranged. The landing will be an imposing affair, the visitors marching in procession to the Government House, under triumphal arches and past beautifully decorated buildings. The New Zealand volunteers will act as escort, and the Federal officials, the mayors and municipal authorities of the chief cities of New Zealand will form the reception party, which will be headed by the governor-general, Lord Plunkett.

A municipal welcome will be given Tuesday and will include a reception by the mayor of Auckland. In the evening there will be a state ball at the Government House, the men being entertained in various halls.

The entertainment committee has prepared a large number of excursions to places of interest, and Wednesday will be devoted chiefly to this part of the programme. Perhaps the most interesting of these trips will be that to Rotorua Lake, where there will be tournaments by the Maoris.

The bluejackets will be entertained at a municipal luncheon Thursday. In their honor there will be special matinees at the theatres and athletic sports and other forms of outdoor entertainment. All the places of entertainment will be thrown open free to the visitors.

Friday, the concluding day of the visit, will be given over to races and football and lacrosse matches, and a special entertainment for the surgeons of the fleet by the British Medical Association of New Zealand. The preparations for the entertainment of the visitors are practically complete. Excursion parties are arriving from Wellington, Dunedin, Christchurch and other cities and towns and by tomorrow night it is expected the crowd will be the largest that has ever been in Auckland. Thousands of people will go out to the headlands to catch the first glimpse of the arriving vessels. As soon as the fleet arrives Auckland will let loose its enthusiasm in salutes and daylight fireworks.

Every American flag in Auckland was sold days ago, notwithstanding the fact that the dealers had brought on large stocks from San Francisco and Honolulu in anticipation of the demand. Business houses and public buildings are being decorated in an elaborate manner and in every part of the city the Stars and Stripes will fly on the day of the arrival of the fleet. At the suggestion of Lord Plunkett the mayor of Auckland has requested the people to observe the day of the official landing as a general holiday. Scores of private houses will be thrown open for the entertainment of the officers and men of the fleet, and every effort will be made to assist the men in finding entertainment, besides the public festivities supplied by the committee. There will be scores of dinners, athletic events and theater parties, at which time the sailors will be guests of honor. During the entire period of their stay the use of the street cars will be free to men wearing the American naval uniform.

Despite the opposition of the Socialists and radicals the New Zealand Government adheres to its original determination to spend the sum of \$25,000 for the entertainment of the fleet. The Government will bear the entire expense of the trip to Rotorua and a considerable part of the cost of the decorations of the city. Costly souvenirs have been prepared for presentation to Admiral Sperry and the commanders of the battleships, together with a special gift to be conveyed to President Roosevelt. Hand some souvenir books, giving views of the principal places of interest throughout New Zealand have been printed at government expense and copies will be presented to every officer and man of the fleet. The cost of these souvenirs, which are of unusually handsome design and workmanship, is stated to be in excess of \$5,000.

TWO PERFORMANCES OF CIRCUS HERE. Frank J. O'Donnell, press representative of the Barnum and Bailey circus, arrived in Eugene this afternoon. This great circus will appear in Eugene on Saturday, August 29, and will give two performances, one in the afternoon and the other in the evening. This is a departure from the ordinary. For several years past the big shows have been cutting out the evening performance here on account of the long jump to Medford, the next show town south of here, but the Barnum and Bailey aggregation will skip Medford this year and jump from Eugene to Redding, Cal.

Mr. O'Donnell speaks in the highest praise of the circus he represents and says that in all its fifty-four years of world travel it has never been so interesting nor so big as it is this season. This is partly due to the fact that the Barnum and Bailey management has resumed its former policy and is now giving the most splendid parade that any circus ever presented.

Cages, dens, chariots, tableau vans, jirrikshas, thrones, howdahs—all the vehicles used in the parade, are brand new and were all built in Europe. It will be a most gorgeous procession, employing 1500 people and 700 horses.
