The apple crop of Oregon is more promising than it has been, and now it is estimated that the yield will be much larger than it was a year ago. The Hood River crop in particular seems to be very large, and some think there will be twice as many bushels shipped from there this year as there were in 1907. The Roseburg and Umpqua valley crop is reported to be larger than in 1907. F. J. Berger, the hardware merchant, has English walnut trees in front of his residence property at Elsworth and Olive streets that have grown five feet and a half this year. He also has in his yard peach, apple and pear trees, set out last year, that bore a full crop of fruit until he picked it off in order not to injure the trees or to retard their growth. Mr. Berger thinks his remarkable showing of his trees is due to the irrigation of his yard in which the trees

shared. He thinks irrigation would vastly assist the fruit industry in Western Oregon, and is anxious to see the experiments now under way in the Willamette valley carried on until the test is thorough.

ANOTHER NEW BUSINESS BLOCK TO BE ERECTED

DR. ZUBER, RECENTLY FROM WILLIAMSPORT, PA., WILL PUT IN ONE-STORY BRICK SOUTH OF AND ADJOINING CHRISMAN BLOCK—BUYS THE PROPERTY

Still another new business block is to be erected in Eugene this summer. Plans are now being drawn by Architect Hunziker for a one-story brick, 40x120 feet in dimensions, to be erected on the lot just south of and adjoining the Chrisman block at the corner of Ninth and Willamette streets. Dr. W. E. Zuber, a recent arrival here from Williamsport, Pa., who has bought the lot, will erect the building for H. G. Triplett, recently from Salem, Ohio, who will open a general merchandise store there. The price paid for the property is \$9000. This property was bought by L. N. Walker, of Moore, Montana, about a year ago from L. G. Hullin. The agreement with the tenant of the new building calls for its completion by October 1, and in order to carry out the agreement, Dr. Zuber will at once begin its erection. The lot is now occupied by two small frame buildings in which are located S. D. Allen's law office and Frank buildings' law office and Plank & Johnson's real estate office.
