MARTIAL LAW IN ALABAMA MINES

Aug. 10.—More than 100 men were arrested in the shooting into the mines of the Alabama Coal Company. The train was a special, carrying non-union men to the Blockton mines under guard of soldiers and deputies. On the outskirts of the town the engineer suddenly saw a log across the track and at once a fusillade was fired into the train. The engineer did not stop, but let the pilot throw the log from the track and put on full speed. The place where the attack was made was in a cut.

NEW ZEALANDERS GIVE SPERRY'S FLEET SPLENDID RECEPTION

AUSTRALIANS ARE NOT TECHNICAL
Melbourne, Aug. 10.—Referring to the refusal of the New Zealand authorities to sanction a rifle match between two teams of sailors from the American battleships and the Dominion Volunteers on the ground that the regulations forbid the landing of armed forces of foreigners, Honorable Thomas Thompson, minister of defense, says he will not allow technical regulations to interfere with the rifle matches during the visit of the battleships to Australia.

Auckland, New Zealand, Aug. 10.—The government gave a banquet to Rear-Admiral Sperry and officers of the American battleship fleet tonight on a magnificent scale. Prime Minister Sir Joseph Ward proposed a toast to King Edward and President Roosevelt, during the course of which he said:

"Each is a born ruler, richly endowed with common sense, a great ardent lover of his country and people. Each is a peacemaker. The American navy is one of the greatest and most efficient in the world. We are proud of Admiral Sperry's visit and no fleet, except a British one, is so welcome."

When the commander-in-chief rose to reply to the prime minister's toast he was given a tremendous ovation. In his speech he said that while the navy floated no enemy could reach New Zealand's shores. Admiral Sperry spoke of his hopes of the increasing power of the navy, and the present cruise developed the homogeneity and enlarged the benefits of naval training.

FOUR STORE BUILDINGS BURNED AT JUNCTION

FIRE EARLY THIS MORNING CAUSES OVER FIVE THOUSAND DOLLARS PROPERTY LOSS

STARTED IN BAKERY AT 5 O'CLOCK AND DISCOVERED BY NIGHT WATCHMAN MEATS—ABSENCE OF WIND SAVES ENTIRE BLOCK FROM DESTRUCTION

Special to The Guard.
Junction City, Aug. 10.—Fire this morning destroyed four frame store buildings and their contents and had there been a wind the entire block of buildings in which they were situated would have been wiped out. The loss is estimated at over \$5000, with partial insurance.

This morning about 5 o'clock E. J. Meats, the night watch, discovered the fire in the rear of W. M. Schroder's bakery building and turned in an alarm, which brought the fire department out in a few minutes. The firemen soon had a stream of water playing on the adjoining buildings to keep them from catching fire from the flying cinders. The fire had gained such headway on the inside of the bakery that it soon burned through the roof and spread to the adjoining buildings occupied by Roberts & Cranston's jewelry store, the restaurant and Swartz & Son's gun store. These buildings were all completely destroyed.

The building occupied by Swartz & Son's gun store was owned by Frank Ballard, of Newport, Or., and cost about \$1500. It was insured only
