

S.S.S. CONTAINS NO MERCURY

Medicines containing Mercury are often given to persons suffering with Contagious Blood Poison, and so powerful is the action of this drug that it frequently removes the symptoms in a short while, and shuts the disease up in the system to do greater damage to the delicate internal members. When, however, the treatment is left off, the disease always returns, and the patient finds that his health has been injured by this powerful mineral, and he is often left with weak stomach, disturbed digestion, mercurial rheumatism, etc. The action of S. S. S. is entirely different. It contains no Mercury, nor any other harmful drug, but is made entirely of healing, cleansing roots and herbs. It cures Contagious Blood Poison by removing the virus from the blood. It searches out every particle of the poison and does not leave the least trace for future outbreaks. S. S. S., in addition to curing the disease, builds up and strengthens every part of the body. Its fine tonic effects tone up the stomach and digestion, improve the appetite and regulate the entire system. Home treatment book containing valuable information about the different stages of the disease and any medical advice desired sent free to all who write.

WILL BUILD SALMON CANNERY ON SIUSLAW

JOINT STOCK CO-OPERATIVE COMPANY ORGANIZED AT FLORENCE TO ERECT PLANT TO REPLACE HURD CANNERY RECENTLY DESTROYED BY FIRE.

Quite a number of the fishermen of this section met in the Masonic hall last Tuesday to consider a proposition from O. W. Hurd, with a view to building a cannery in the place of the one destroyed by fire last week, says the Florence West.

The plan proposed by Mr. Hurd was to organize a company on the co-operative plan, each of the fishermen to purchase and own one or more shares of stock, Mr. Hurd agreeing to take the remainder himself. Of course each stockholder must agree to sell his fish to the company's cannery at a price to be agreed upon. Mr. Hurd also agreed that at the close of the season if any of the men want to dispose of their shares, that he will buy them.

After some discussion of different matters connected with the enterprise, the price of salmon for the present season was fixed at two cents per pound, for chinooks 12 1/2 cents for silverides.

Subscription papers were then drawn up and circulated and some twenty-five to thirty of the fishermen signed them, each agreeing to take one share of \$100 of the stock of the cannery. Those who prefer to do so are to pay for their stock in fish, and are to receive cash for what fish they deliver after deducting the price of their stock.

It was decided to elect five directors to have charge of the business of the company. A ballot was taken and O. W. Hurd, W. W. Neely, Paul W. Nicolle, J. C. Beck, and Julius Nelsen were elected directors.

The meeting adjourned and a meeting of the directors was immediately held and O. W. Hurd elected president and D. M. Kemp secretary of the company.

It has not been decided whether to erect a new building this fall or whether some other building will be fitted up and used for canning this season.

Forest Ranger Young left Monday by the beach route from a trip to Wall. On his way back he will locate a trail along the ridge from the upper Yahatis by way of Kluckwilt and Narvick to the main down to North Fork. Mr. Young said he thought the trail will probably fol-

low down Condon Creek to North Fork.

County road viewers Messrs A. C. Jennings and P. J. McPherson, assisted by Deputy Surveyor E. Collier, last week surveyed a road from O. Dowell's ranch on Mercer Lake to connect with the North Fork road a short distance below the mouth of Condon Creek. They also surveyed the road from A. P. Walker's place on Siuslaw river over to the new bridge on North Fork.

R. W. Johnson and wife of Point Terrace left Wednesday morning for a trip to Eugene, to be gone about a week.

Mr. Camp and family who reside near Eugene, passed through town last Monday on their way to the cape to rusticate for a few days.

Ethan Collier departed for Eugene Monday afternoon, having spent a day or two with friends after finishing his work of surveying a road on North Fork.

M. D. Johnson and wife, George Prescott and wife of Mount, Mr. Macintosh of Michigan and Mr. Bowman of Eugene, arrived here yesterday to spend a few days in this vicinity.

A land deal which has been on tap for some time past, in which Ole I. Foster purchased from John Miles his 14 acre tract of land on the river a couple of miles above Acme, was closed and the deed transferred last Monday.—Florence West.

AMERICANS CUT LOOSE FROM BRITISHERS

New York, Aug. 8.—The Amateur Athletic Union of the United States will break athletic relations with the British Amateur Athletic Association. This was practically decided upon today. There is a possible chance that an apology may patch matters, but now it looks like a 100 to 1 shot.

The government Board of the Amateur Athletic Union of the United States is now taking a mail vote on the question and it seems that the vote will be unanimous to have nothing more to do with the British Amateur Athletic Association. Charles E. Evans, who arrived from Europe on Friday, brought back the details that provoked the last straw. He shows how unfairly the Americans were treated by the British during the Olympic championships. It is almost a foregone conclusion that Carpenter will be accorded the amateur championship and as such will go in to the book of records. This will bring forth a protest from the Britishers and an open war will be the result.
