

SPRINGFIELD RACE WAR HAS ENDED

Evidence will be submitted from day to day and indictments returned as soon as a case is made against an individual.

It is estimated that 2000 negroes have left the city since Friday, many going to other states, never to return here. About 400 are sheltered temporarily by the state.

RICHARDSON MAY NOT BE GUILTY OF ASSAULT

Chicago, Aug. 17.—A Tribune special dispatch from Bloomington says that Mrs. Earl Hallam, who was assaulted by a negro Friday night, the assault being followed by riot, death and bloodshed, is not positive that Richardson is the man who committed the act, though she believes he is in general appearance he is the same. Mrs. Hallam is greatly grieved that she was the indirect cause of so much trouble and loss of life.

A Record-Herald dispatch from Springfield states that the neighbors of Richardson, white and colored,

alike, are prepared to swear he was at home all evening on the night of the assault upon Mrs. Hallam. His wife says he was not intoxicated that evening, and that he was at home all night. Mrs. Richardson has the respect of her neighbors, white and black.

Negro Wounded

Chicago, Aug. 17.—Walter Allen, a young negro, and several companions jeered at a policeman who ordered them to "move on" last night. In the encounter between Allen and the officer the former was shot and seriously wounded.

Saturday Night's Riot

Springfield, Ill., August 15.—With one more victim added tonight to the roll of injured in the race riots which began here last night, Springfield spent the night in anxiety. Apprehension of more or less serious trouble was modified, but not stilled, by the presence of 2500 National Guardsmen under command of General Young.

Tonight's victim of race prejudice was an aged negro, William Donagan. Donagan was a cobbler and in his shop and the venerable negro was compelled to run into the street. His appearance was greeted with a shower of bricks and stones. As he staggered under the fusillade, he was seized and his throat cut. A rope was then run through the wound and

MINERS THROWN OUT OF WORK BY LOW WATER

Pittsburg, Aug. 17.—Work is suspended in eighty per cent of the coal mines along the Monongahela river and thousands of miners are idle as the result of low water in the Ohio river. Practically all of the coal in this district is sent out by river, but recently the water has been so low that shipment is impossible. Unless there is rain soon there will be much suffering among the miners.

WHEAT MARKETS

Chicago, Aug. 17.—September, 91 7-8; December, 82 3-8; May, 97 7-8.

Portland, Aug. 17.—Wheat is unchanged.

Don Vickers, a local boy of good size, has the local record for the high dive. Recently he jumped from the top of the river bridge, striking the water head first. The distance is nearly fifty feet.

A. E. TAYLOR DROWNED IN M'KENZIE RIVER

WHILE FISHING AT HAYDEN BRIDGE—MAY HAVE BEEN STUNNED BY FALL—PICNICKING WITH FRIENDS AND FAMILY—BODY RECOVERED

Arthur E. Taylor, a plasterer and brick-layer, was drowned yesterday afternoon at Hayden's Bridge, on the McKenzie, before his wife and children and a party of friends with whom he was spending the Sunday picnic. A. T. Miles, a friend who is employed by the telephone company, tried to swim to Taylor, but though he got within a few feet of him the swift current swept the straggling man out of his reach. A slight bruise on the head and slight struggles indicate that Taylor might have been stunned before the current gripped him.

He was fishing off a log when last seen out of the water. One of the children of the party saw him floating through the rapids just below him, after which Miles attempted to rescue him. Taylor was unable to swim, and in the swift treacherous water was a toy of the current.

The body was soon afterward located near the railroad bridge in fourteen or fifteen feet of water. When the party of six or eight friends and brother Eagles arrived from town, Murray, of the local paint firm, dove for the body from a boat and brought it to the surface. Efforts at resuscitation were a complete failure.

The unfortunate man is survived by a wife and a son of two years, three brothers, two in England, and one in Portland, the latter arriving last night to look after the body. A sister and mother in England also survive him. He came to this country four years ago from Hull, England, his wife following him a year and a half afterward.

He has been in Eugene with his family for about four months, being employed most of the time as a brick-layer and plasterer. He was about thirty years of age.

Coroner W. T. Gordon deemed it unnecessary to hold an inquest.

The funeral will be held tomorrow morning at 9 o'clock from the Catholic church. Interment will be made in the I. O. O. F. cemetery.

STEAMER BLOWS UP WITH LOSS OF LIFE

Traverse City, Aug. 17.—One is known to be dead, a dozen or more are missing or supposed to have been drowned, two fatally injured and a number seriously hurt by the blowing up of the steamer Leelanaw on Carp lake today. The steamer, which plied between the ports on Carp lake, was on her way from Leland to Pouché on the early morning trip with between thirty and forty passengers on board. At 7:30 the boiler blew up, hurling many into the lake and scalding others. The upper works were entirely blown to pieces. A panic followed the explosion and for a time little help could be given those who were thrown in the water.

Mrs. Isabel Labont, of this city, a sister of Charles Mosier, captain of the steamer Leelanaw, was killed as she sat in the pilot house conversing with her brother.

Having on board pleasure seekers bound for Traverse City to attend a Wild West show, the little Leelanaw was plowing down the narrow lake with a steam pressure of eighty pounds trying to make up time. The engineer discovered a loose bolt in the engine and had shut off steam and was working on the bolt when the boiler gave way, tearing off the top of the engine and demolishing the pilot house and upper works, but leaving Engineer Edwards practically unscathed. The force of the explosion had all been directed forward, and all the injured were sitting on the forward point of the bow. Many were thrown into the water and clung to wreckage until rescued by farmers living along the shore, although some were able to swim ashore. About a score of persons were injured, several fatally.

PRETTY WOMAN CAUSES TRAGEDY IN HIGH LIFE

New York, Aug. 17.—Captain Peter C. Hains, who shot and killed William Annis Saturday at the Bayside Yacht Club landing, was today arraigned with his brother, T. Jenkins

JOHN TEMPLE GRAVES.

New York editor, a former resident of Georgia, nominated for vice president on the Independence League ticket.

Hains, who held the crowd at bay with a revolver while his brother poured shot after shot into the body of the man who, he asserts, ruined his home. Both showed little concern over their predicament in court today.

T. Jenkins Hains was first held on a charge of felonious assault, but was later charged with being accessory to the killing of Annis. Before the arraignment Harvey B. Rockwell, who had been a close friend of Annis, the slain man, turned over to the district attorney of Queens county a bunch of letters received by Annis recently, in which he was warned that his life was in danger. The last let-

BARUMN AND BAILEY'S CIRCUS IN TRAIN WRECK

Bellingham, Aug. 17.—Eight men of the cooking gang of the Barnum & Bailey circus were severely and two probably fatally hurt when the spreading of rails caused four cars of the first section of the circus train to leave the tracks on the Great Northern railroad, eight miles south of New Westminister yesterday afternoon.

The seriously injured: W. H. Wheaton, of Rochester, N. Y., ribs broken, spine injured and otherwise hurt; may die.

Andrew Melane, of Mount Vernon, Wash., wounded in head; may die.

COTTAGE GROVE LOCAL WAS HONORED

The first train for which tickets were sold at the new depot, was the Cottage Grove local Saturday evening. All day yesterday the Eugene people visited the passenger station in crowds to see how it seemed when actually occupied by the Southern Pacific officials. The depot is the best in the state outside of Portland.

SET TRIAL OF STEVENS' SLAYER

San Francisco, Aug. 17.—The case in which Whang, charged with the murder of Durham White Stevens, former advisor to the Korean government, came up today before Judge Conley, sitting in Judge Cook's department of the superior court, and was set for trial September 21.

The American Amusement Company have placed their tent at the vacant lot at the foot of Willamette street near the S. P. depot. The carnival will open tonight and continue for the week.

PORTLAND MAN ACCUSED OF MURDER

While eating dinner at the London restaurant on Hawthorne avenue just west of Grand, last night, Walter Johnson, 22 years of age, was arrested on a charge of murdering Elmer Perdue in a lonely cabin near Timber, Washington county. He is in the Multnomah county jail and will be transferred to Hillsboro today, where a formal charge will be entered against him.

Johnson's whereabouts are said to have been furnished the sheriff of

RICHARD CROKER.

Who will return to America next month to work for the election of Bryan for president.

Washington county by a woman of whom he was enamored. His wife and child live in Portland, but the woman is known only in the northern world.

Body Found in Woods.

The arrest was made by Sheriff G. C. Hancock of Washington county. The body of Perdue, whom Johnson is accused of killing, was found several weeks ago in a wooded gulch near a deserted homestead a short distance from Timber, a small settlement north of Hillsboro. Ever since the body was discovered Johnson has been under suspicion, although the officers refused to take action until assured that they had sufficient evidence.

The body of Max C. Summerville, whose funeral was held this afternoon, arrived last night from Los Angeles.
