printer's ink. In a brief article the editor said: "In this way we shall be able to give our readers appreciable advantages, which are: The possibility of learning all the news of the day in a few minutes and the means of reducing the plague of noisome insects which poison the countryside and disseminate a number of diseases."

"Joe" Cannon now has the Methodist Episcopal church hot on his trail. It has started a crusade for the election of a speaker of the house "who will allow congress to vote on the interstate liquor shipment bill." Maybe "Joe" will promise to be good, although he has a longer record as a scrapper than as a promiser.

Ten thousand dollars is demanded by the owner of the schooner run down and sunk by the Mayflower, with the president aboard, last month. And he says "Teddy" told him if the government didn't pay he would. There goes the price of the first African hunting story.

"Will you join me in a mammoth stock gamble?" quoth Spider Tom Lawson to the Sucker Fly family, in advertising which he says cost \$150,000. "Of course we will," is the credulous reply. Great is advertising dope, dished up by experts.

However, the fact that he will draw the same salary ought to help Elmer Dover bear his shift from secretary of the national committee to secretary of the hat-passers' committee. He might have been dropped entirely, you know.

Even the bitterest English-haters ought to be satisfied with the way things go over the sea. The American meat trust is on the trail of the British beef-eaters, and we who have been squeezed, know what that means.

Having once more turned up among the also rans should be enough to at least make J. Ham Lewis consider the advisability of shedding his star-spangled whiskers before entering for another sprint.

Candidate Chafin asserts that there is but one issue in the campaign, and that is whiskey. There is probably more of it back where Chafin lives than there is in Oregon or he would not talk that way.

Can it be true that Mr. Hearst is resorting to gumshoe methods to land Mr. Higgen in the White House? It would be more in keeping with his record for him to corner brass bands.

Some men attain political eminence by the friends they make, but the renomination of Governor Hughes, if pulled off, will be due to the enemies he has made.

Another stranger has committed suicide in Medford. As he did not have money enough to pay his fare out of town sufficient cause for the act is apparent.

When you have this mill you are at the market. Planer and dry kiln—everything needed to make lots of lumber and lots of money. Give this your early attention. I am sure you cannot beat it in the state. The quicker you act the surer you are of making your fortune, for this is a chance in a lifetime.

There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Kuykendall's drug store, 506.

FOR SALE, EXCHANGE OR LEASE Having concluded to retire from the lumber business I offer for sale lease or will exchange for Eugene or Portland income property, my sawmill, sawmill site, booms, lumber sheds, office, planers, dry kilns and all tools connected with the business. Mill located at river bridge in the center of Eugene city, east and west, and only three blocks from the S. P. R. R. This is a fine opportunity for some one to go into the lumber business, as there is always a big local demand for all slabwood, sawdust, shavings, cull lumber, as well as the better grades of lumber. Logs are cheap, labor cheap, lumber high. A good millman can make this property pay for itself in two years, and if he will operate day and night in one year. Greatest opportunity in this part of Oregon for a mill man; best located mill in the state. Capacity, 20,000 feet in ten hours. When you have this mill you are at the market. Planer and dry kiln—everything needed to make lots of lumber and lots of money. Give this your early attention. I am sure you cannot beat it in the state. The quicker you act the surer you are of making your fortune, for this is a chance in a lifetime.

HILL KILLS TWO BEARS THIS WEEK I. M. Hill, who lives near Springwood, killed near the Mountain ranch in the hills a large bear and her cub this week. The bear was shot through the neck, but the cub, though it was very small, took two shots before giving up. The mother weighed about 300 pounds; the cub thirty or forty pounds. Mr. Hill says the female was the largest bear he had ever seen. She was of the black species.

Advertisements, Like Clocks, Should Keep Running

A store's advertisements tell the people what is "doing" at that store—what is new, what is inviting, why today is a good time to visit the store. People look for the ads to tell them these things just as naturally as they would look at a clock to tell the time. Sometimes a clock does not run—sometimes a store's ad does not run. A "run-down" clock or ad are about equally unsatisfactory, unserviceable, misleading. Curious thing about it is that a merchant who would think it absurd to have a run-down or out-of-repair clock will, sometimes, deliberately let his ad stop running. It's not wise, nor good business, nor defensible on any known grounds—but it is sometimes done.
