## Man Separated From His Wife

### Who Is Responsible?

We refer to a man who lives here and keeps his family in Portland because he cannot find a house for them in Eugene. This is bad for him and bad for Eugene. The real estate men tell us they cannot supply half the demand for houses. We will furnish the **Lumber, Lath and Shingles** if some one will get busy and build a few more houses to rent.

### PHEASANTS CALL FOR MORE HUNTING LICENSES

With the opening of the China pheasant season but a few weeks off, hunters are taking out licenses more rapidly, and by October 1 the number will certainly be over 1000, 807 having been issued to date. Farmers and those familiar with the situation say pheasants will be about as plentiful as last year, despite the unfavorable hatching conditions which prevailed this spring. The late spring was the cause of many of the young pheasants being killed off. More old birds were left over from last year, hunters say, and a greater number of younger ones were hatched.

Poultry fanciers of the upper Willamette valley are finding that the Mongolian pheasant can be raised for domestic purposes most profitably, and farmers in Linn and Benton counties are raising large numbers. Chris and George Van Dran, at Albany, this season have 145 young "Chinamen." They are kept in an inclosure beside the board walk of enclosure beside the main line of the Southern Pacific, where their presence excites the comments of hundreds of persons who pass through on the trains.

### FRANCHISE REFUSED ELECTRIC COMPANY

Cottage Grove, Aug. 19.—By virtue of the initiative and referendum law the citizens of this city voted on the granting of a new franchise to the Cottage Grove Electric Company today. The measure was defeated by a three to one vote. The initiative petition called for a franchise covering a period of fifteen years. The old franchise had a life of some six years, but the company set up that it wished to enlarge and improve the plant, but did not feel justified unless its franchise was extended.

### REPORT SAYS CARVER IS PICKING ROUTE

A report says that men, probably engineers are viewing the route from Monroe to Smithfield, and from there to Elmira, today, and that the men are evidently representatives of the Corvallis + Astoria railroad. The above report seems to corroborate the story from Corvallis that the Carver company is contemplating entering Eugene before turning toward the coast.
