DOCTOR ADVISED USE OF CUTICURA
After Other Treatment Failed—Eczema in Raw Spot on Baby's Face Lasted for Months—Cried with Pain when Washed.
ECZEMA WAS CURED AND HAS NEVER REAPPEARED

"Our baby boy broke out with eczema on his face when one month old. One place on the side of his face the size of a nickel was raw like beef-steak for three months, and he would cry out when I bathed the parts that were sore and broken out. I gave him three months' treatment from a good doctor, but at the end of that time the child was no better. Then my doctor recommended Cuticura. After using a cake of Cuticura Soap, a third of a box of Cuticura Ointment, and half a bottle of Cuticura Resolvent he was well and his face was as smooth as any baby's. He is now two years and a half old and no eczema has reappeared. I am still using the Cuticura Soap; I think it is the finest toilet soap I ever used. I keep my little girl's hair and face cleaned with it too. I am so thankful for what Cuticura has done for us. Mrs. M. L. Harris, R. F. D. 1, Alton, Kan., May 14 and June 12, '07."

ALTERATION OF FOOTBALL RULES
With the appearance of Spaulding's Official Football Guide in Portland yesterday followers of the game are discussing the changes made in the new rules. There are several changes which will probably have a tendency to make the game more open. Alterations have been made on the forward pass, on the penalty for hurdling and roughness, forcing time to be taken out and intermission between halves.
The change in which the football enthusiasts are most interested is the forward pass, although the alterations are not so great as to make much difference. The rule regarding that particular play was altered to the extent that when the forward pass is legally touched only the man of the passer's side who thus first legally touches it shall be entitled to recover the ball until it has been touched by an opponent. Also, if a forward pass is thus legally touched, fumbled and touched by another player of the passer's side before the ball has touched an opponent, the ball shall go to the opponents on the spot where it was first legally touched.
Regarding Use of Hands.
The new rules also state in regard to that play that while the ball is in the air for a forward pass players of the defensive side may not use their hands or arms on opponents, except to push them out of the way in order to get the ball themselves. Players of the side making the pass may use the hands and arms, as in case of players going down the field under a kick. Neither side, however, hold or tackle a runner who has not the ball. In case a forward pass is illegally touched outside of these provisions the penalty shall be that the ball go to the opponents at the spot from which the pass was made.
The rule regarding hurdling and roughness has been changed to read "Loss of 15 yards, point to be gained and number of downs to remain unchanged."
A field judge has been made time-keeper and with the umpire has jurisdiction over the ruling of a batted ball, which has been altered to read that the penalty for batting the ball forward is made loss of it to the offending side.
May Decline Penalties.
In regard to the penalties for fouls it has been determined that they may be declined by the offended side, except penalties under the forward pass. This, however, in case where the disqualification does not save the player from being put out of the game.
Instead of having 10-minute intermissions between halves, it has been determined to extend the time to 15 minutes. The teams are to be notified three minutes before the expiration of the time. If one of the eleven does not appear on the field five minutes afterward, the ball will be put in place as first down by the offending side on the offending side's 30-yard line.
Another change is that if a ball on a forward pass or a kicked ball, except try at goal, strike the uprights or cross bars, the ball shall be considered as having crossed the goal line. In case of the ball accidentally striking an official, the play shall be gone through with again.

COMMISSIONERS ON UNIFORM LAWS MEET AT SEATTLE
Seattle, Wash., Aug. 21.—Men who make, interpret and expound laws, matters who bear on noble forehead and furrowed faces the indelible marks of intellectuality, and whose thoughtful glances and positive speech betoken the trained mind and judicial temperament—these were the component parts of a distinguished company which gathered in the assembly room of the New Washington hotel today to discuss the subject of uniform state laws. The conference is preliminary to next week's meeting of the American Bar Association in this city and many of the eminent legal lights who are to participate in the meeting of the bar association are taking part in the conference on uniform laws. The need of greater uniformity in the laws of the various states regarding such matters as marriage and divorce is now generally recognized. The problem to be solved is the method of bringing about the desired uniformity. The American Bar Association has done much to awaken public sentiment in the matter and with the co-operation of the bar associations of the different states it is hoped that the desired legislative action may be brought about within reasonable time.
Another subject in which the commissioners on uniform state laws are interested is a new bill of lading to put an end to what the shippers term the gross frauds which they declare have made bills of lading an unsafe instrument of credit. The commercial interests have been trying for the past three years to compel the carriers to issue two separate bills of lading forms in order to differentiate between the ordinary receipt and the more important "order" bill which is used as a basis of credit in the transportation and manufactured products. A committee representing a number of the great commercial bodies of the country is here to confer on the matter with the commissioners on uniform laws and it is expected that the conference of the commissioners will draft a new bill to be introduced at the next session of congress.

LOCAL TIMBER MARKET IS MOVING FASTER
While the lumber business as a general thing is prostrate before the grood of the transportation lines, the local market is booming because of the low prices the lumber yards are offering to run off their stocks. The planing mills and firms that handle millwork report that they are behind, and apparently unable to catch up.
For this reason contractors are having trouble in finishing up several structures around the town, which in turn keep them from taking other contracts.
Houses are going up very rapidly, but there are plans for some that have been waiting bidders and figures for a month. As well as Eugene needing more houses, there is also plenty of room for contractors.
FOR SALE, EXCHANGE OR LEASE
Having concluded to retire from the lumber business I offer for sale, lease or will exchange for Eugene or Portland income property, my sawmill, sawmill site, booms, lumber sheds, office, planers, dry kilns and all tools connected with the business. Mill located at river bridge in the centre of Eugene city, east and west, and only three blocks from the S. P. R. R.
This is a fine opportunity for some one to go into the lumber business, as there is always a big local demand for all slabwood, sawdust, shavings, cull lumber, as well as the better grades of lumber. Logs are cheap, labor cheap, lumber high.
A good millman can make this property pay for itself in two years, and if he will operate day and night in one year. Greatest opportunity in this part of Oregon for a mill man; best located mill in the state. Capacity, 20,000 feet in ten hours.
When you have this mill you are at the market. Planer and dry kiln are everything needed to make lots of lumber and lots of money. Give this your early attention if interested in a lumber proposition. I am sure you cannot beat it in the state. The quicker you act the surer you are of making your fortune, for this is a chance in a lifetime.

HARRISBURG NOTES. LOCAL AND PERSONAL
Jack Buffman has been quite ill over at Coburg. He has just returned from a trip to the Hot Springs and seems much improved.
A bunch of farmers in the Douglas automobile to take in the Halsey-Springfield game. The latter won out by a score of 6 to 4. If it hadn't been for the rotten support given Toss Morris the Halsey team would have had a walkover. It was his splendid work on the slab that kept the score at a respectable showing.
Adolph Senders was up from Eugene over Sunday to visit his cousin, J. G. Senders. When he left for home he was mighty glad he wasn't dead. He had one of the worst times as well as one of the best times of his life that day. We have been watching the Eugene papers for score-headed articles of his trip, but possibly he hasn't caught his breath yet. He is willing to admit that there are some things around Harrisburg that are a little too swift for him.
Harrisburg people will learn with sorrow of the death of Mrs. J. B. Harris, of Portland, which occurred last Saturday. For twenty years Mrs. Harris was a resident of this community, moving from here to Eugene and later to Portland, where she made her home for the past seven years. She was born in Missouri and came West when a little girl with her parents, who settled near Eugene. She was 64 years old at the time of her death, the immediate cause of which was paralysis, she having suffered two strokes last June. The remains were taken to Eugene for burial, the funeral being held Tuesday. A number from here were in attendance.—Harrisburg Bulletin.
