Man Separated From His Wife Who Is Responsible?

We refer to a man who lives here and keeps his family in Portland because he cannot find a house for them in Eugene. This is bad for him and bad for Eugene. The real estate men tell us they cannot supply half the demand for houses. We will furnish the **Lumber, Lath and Shingles** if some one will get busy and build a few more houses to rent.

COUNCIL ORDERS SUIT FILED TO TEST BONDS

(Continued from Page One.)
from the Booth-Kelly Company, but if not, to hire a cruiser or cruiser to obtain the facts. The motion passed. Score the Press
Various members of the council re-

iterated that they wanted to give the people full knowledge of Ritchey creek, and everything that touches the water question. Councilmen Moon and Garrett both spoke of the reports that have been sent through the press, accusing them of being colored and perverted, in order to discredit the facts that have been brought out. Both gentlemen asked that fair representation of speeches and facts be afforded.

Councilman Harbaugh spoke along the same line. He said that the council had given up hours both night and day, and that ever since he had been a member of the council that body had stood for a better Eugene and the welfare of the city. "While we have made mistakes," he said, "no paper of our city should jump upon us and berate us."

Routine Business
The ordinance for the pavement of Eighth street from the east line of Charnelton street west to the west line of Monroe street with bitulithic or other hard surface pavement was referred to a committee for further correction, in order to straighten out the street by accepting a proposition of one of the abutting property owners to deed some land to the city which at present makes a jog in the street.

The proposed ordinance to license all wagons and stands at \$20 the quarter and all peddlers with baskets or trays at \$2.50 a quarter was referred to the police committee.

A petition to pave East Seventh street from Oak to High was granted and the city engineer was ordered to prepare specifications. The matter of the crown for the street pavements was brought up and referred to the city engineer for consideration.

Councilman Williams made a motion that the alleys around the park streets have specifications drawn for paving. Councilman Garrett offered the alley next to the Mitchell & Garrett building, as an example, stating that they intended to have it paved anyway. The city engineer was ordered to prepare specifications. The alleys will slope toward the center instead of the side, and will be ten feet wide.

Councilman Harbaugh presented the joke of the evening. He proposed that all men be prohibited from sitting on the benches of one of the parks unless accompanied by a woman—a sweetheart or a wife. That the measure is not altogether a joke was shown when it was told that Portland has such rules for the benefit of the fair sex.

The council then adjourned to meet Monday morning to consider the sewer question.

Those five prizes at Watts' jewelry store will be drawn for on the evening of August 29, instead of the 30th as the 30th comes on Sunday. 224

O. F. cemetery Monday afternoon. The services will be held at the graveyard, the body being expected on the afternoon train from the north.

Excellent Health Advice.

Mrs. M. M. Davison, of No. 379 Gifford Ave., San Jose, Cal., says: "The worth of Electric Bitters as a general family remedy for headache, biliousness and torpor of the liver and bowels is so pronounced that I am prompted to say a word in its favor, for the benefit of those seeking relief from such afflictions. There is more health for the digestive organs in a bottle of Electric Bitters than in any other remedy I know of." Sold under guarantee at Kuykendall's drug store. 50c.
