ht Agent C. A. Mal-
boeuf, who arrived in this city Monday morning on one of his regular trips along the line. The rate that will be in force this fall is exactly the same as that of last year, and no change is contemplated. The rates from this section are the same as those that apply from California points.

The change which has been made applies only from Portland and east of the Cascade mountains. The rate in force there has been raised to what it formerly was before an emergency rate was granted a few years ago, so that the large crops of that section could be placed on the market in the Missouri and Mississippi valleys in competition with heavy crops there. It was the raising of the rate on this fruit to its former standard, justified by the present conditions, that has caused apple growers of that section much uneasiness of late—Medford Tribune.

PARRY ASSERTS BUSINESS INTERESTS AGAINST PROTECTION

Indianapolis, Aug. 31.—There was made public today correspondence wherein John W. Kern, the Democratic nominee for vice president, sought and obtained from D. M. Parry, ex-president of the National Association of Manufacturers and a prominent Republican, an expression of opinion hostile to the posting of "prosperity" placards in factories to the effect that "on the day after the election of Taft and Sherman this mill will start up full force."

Kern asked Parry: "In the light of the fact that the present high tariff has not maintained prosperity, I would like to ask whether the posting of these placards does not savor of trying to obtain money under false pretenses?"

Parry replied that he was not in sympathy with such abuse of the power of the employer; that it is poor business policy to promise to run a factory on full time in the event of any electoin; that the business reaction was quite beyond the power of political parties to control; that he could not bring himself to post such placards despite Republicanism, and declares:

"IL am no more in sympathy with the statement that Bryin is the enemy of industry than I do the statement that Taft is the creature of the rusts," and said that the recent poll of the manufacturers' associations of the country had shown a majority of the members in favor of a revision of the tariff.

Thomas L. Hisgen, presidential candidate of the Independence party, was formally notified of his nomination last night in New York.
