SPRINGFIELD

FLOUR MILL SOLD TO S. K. NOEL

**B. A. WASHBURNE SELLS PLANT,
WHICH IS ONE OF OLDEST IN
STATE—BUILT IN 1854 BY
BRIGGS BROTHERS—T. G. HEN-
DRICKS HELPED BUILD MILL
RACE**

A deal was consummated today whereby B. A. Washburne disposed of the Springfield flour mills to S. K. Noel, of Klamath Falls. Mr. Noel took charge of the plant today and it will hereafter be operated under his personal control.

Mr. Noel is a miller of practical experience, having milled at various places in the Willamette valley for the past twelve years, including Albany, Dallas, McManville and other cities. He has been at Klamath Falls for some time past and intended to build a mill there, but his family did not like that city as a place of residence and he decided to return to this valley. Seeing an opportunity to buy the plant at Springfield, he began negotiations with Mr. Washburne with the result that the deal was completed today.

Mr. Washburne has conducted the mill for the past eighteen years and has enjoyed a prosperous business in that time. He is undecided as to his future occupation, but it is probable that he will continue to reside in Lane county.

The Springfield mill was built in 1854 by Isaac and Elias Briggs. It was one of the first mills of the state and at that time was considered a very large one. The mill race from which water power to operate the plant is obtained was built a short time before that. T. G. Hendricks, president of the First National bank of Eugene, one of the wealthiest men in Lane county, helped to build the race, driving an ox team and working by the day.

WALK LONG

DISTANCE IN FOREST FIRES

J. A. Bennett, his daughter and daughter-in-law, of Portland, had a trying experience while coming to Eugene from Kitson Springs yesterday. Some distance above Lowell they encountered a fierce forest fire on both sides of the road. Many trees had fallen across the road, rendering travel with a team impossible. As the party was due in Portland at a certain time they abandoned the team and set out afoot. They climbed over numerous burnt trees in the road and often-times the heat was intense, so close was the fire. They walked thus for ten miles. At Lowell they succeeded in securing a conveyance to Eugene and reached this city in time to take the delayed flyer to Portland last evening.
