**HARRISBURG NEWS, LOCAL AND PERSONAL**

Delbert Bucknum of Creswell has been here the past few days gathering fruit from the old homestead.  
Miss Mabel Fisk, of Eugene, came down Sunday and is making a week's visit with her friend, Miss Ada Haskell.  
Erwin Macy, who resides seven miles southeast, was in town last Saturday. He is one of the farmers who deplores the condition of the apple orchards in this territory. He says the people could have lots of fruit to market if they would take care of the orchards that are already planted. They grow up to weeds, he says, and present a decidedly backward appearance in altogether too many instances.  
Major J. F. McIndor, government engineer, of Portland, is soon to look over the conditions along the upper Willamette river with a view to recommending an appropriation for improvement. It is not likely, however, that any investigation will be made further up stream than Albany, unless somebody up this way gets busy. By way of suggestion the Bulletin is in favor of inviting him to Harrisburg and taking him down stream to Albany in the launch.  
It is estimated that a farmer in the Willamette Valley can make \$1000 on every acre planted to mulberry trees as soon as the Kaulsch device is placed on the market. The soil and climate of the Willamette valley are especially adapted to the growth of the mulberry and this device will make the silk industry very profitable. After a test soon to be made in California, we will be given an opportunity to enter into an industry that will make the hop industry look decidedly sick—Bulletin.

**CASTORIA**

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. **Blair Street Addition Now Nearly Sold Out**

**PLAT OF BLAIR STREET ADDITION TO EUGENE, OREGON.**

opportunity to secure a lot or acre tract will soon be gone. If you want a site for a home or have a little money to invest there is no better opportunity in Eugene. Lots are priced reasonably and will be sold on easy monthly installments if desired.

**You Make Your Own Terms**

Best way to accumulate and save is to invest in real estate in a growing western city. Here is an opportunity for any wage earner. Eugene must grow down the valley where its business comes from. The county roads lead that way, and the electric roads from Portland have been located through Blair Street Addition. It is close to one of the city's largest public schools. **STREETS ARE ALL NICELY GRADED.**
