

Thousands Have Kidney

Trouble and Never Suspect it.

Prevalency of Kidney Disease. Most people do not realize the alarming increase and remarkable prevalence of kidney disease. While kidney disorders are the most common diseases that prevail, they are almost the last recognized by patient and physician, who content themselves with doctoring the effects, while the original disease undermines the system.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

EIGHT MORE BLOCKS OF STREET PAVING ORDERED

At an adjourned session of the city council last evening contracts for the pavement of West Eighth street from Charnelton street to Monroe street, six blocks; East Seventh street from Oak to High, two blocks, and 160 feet of the alley between East Sixth and East Seventh streets from Willamette street east were let to the Warren Construction Co. at the same figure for which the company is doing all of its paving in this city.

The contract for building the curbing on West Eighth street and the East Seventh street contracts was let to T. H. Ellis at 35 cents for straight and 60 cents for curved curbing, his bid being three cents less for each kind than that of the Warren Construction Co. E. R. Mummery was awarded the contract for the drainage on West Eighth street. The Warren Construction Co. will do the drainage work on East Seventh street.

The ordinance assessing the cost to each property owner on several different stretches of pavement were read and passed.

The ordinance licensing vendors of pop corn, ice cream, etc., on the streets at \$20 per quarter was passed.

Four sewer ordinances were passed providing for the construction of sewers in the alley between Willamette and Oak near Fifteenth; in the alley between Oak and Pearl from Fifteenth to Sixteenth; in the alley between Ninth and Tenth from Jefferson west one block; and in the alley between Eleventh and Twelfth from Jefferson street two blocks west.

The petition to extend the water mains south of Fifteenth street on Alder, was handed back to the council by Chairman Harbaugh, who stated that the water plant had not yet been turned over to the city.

City Attorney Bean reported that there were no obstacles in the way of opening the alley through the Osburn tract in the southwest part of town and the alley was ordered opened.

AMUSEMENTS

The pantomime cartoon drama, "Hooligan in New York," will be seen at the Eugene Theatre Thursday, September 17. It is said to be one of the most refreshingly original stage creations seen in many a day and abounds in humor and pathos from rise to fall of the curtain. Besides Hooligan, who is accompanied by his famous dog, Flip, a dog company of well known stage favorites will be in evidence. Many ludicrous situations are heightened by original trick properties, while an actual train of cars and other realistic scenes of interesting places in New York will be shown.
