No Man Deliberately Buys Poor Clothes

He thinks they're good; worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap clothes—mixed goods—and they think they're being real economical because they get such clothes for little less than all-wool would cost.

This cotton mixed stuff is certainly very deceiving, even expert clothing men find it difficult at times to tell whether or not the fabric has cotton in it. We've seen clothes that looked good enough to sell at \$20 which were over one-half cotton and really worth about \$6 the suit.

We sell no such flim-flam here.

You know what Hart, Schaffner & Marx clothes are, so do we.

The makers say "All-wool" and live up to it.

WELCH AND ALBANY COUNCIL AGREE

Albany, Or., Sept. 16.—Trouble over the local street railway franchise was adjusted at a secret meeting of the City Council last evening with A. Welch. Terms, the meeting was behind closed doors if it is fulfilled (the) a threatened clash between the officials and Welch was averted and that work will soon begin on the electric line.

Welch, who returned last week that he would begin work last Monday on the franchise line and was notified that this work would not be permitted.
