# ROSEBURG MAN PROBABLY BOUGHT PART OF RIVER

PICKS UP AN ACRE AND THREE-QUARTERS OF STATE SCHOOL LAND INSIDE OF EUGENE CITY LIMITS BUT IT SEEMS THAT THE RIVER HAS WASHED IT AWAY.

The Roseburg Review of yesterday prints a story to the effect that James O. Newland of that city, had purchased 1 3/4 acres of school land inside the corporate limits of Eugene for \$15.14, the tract having been overlooked through the fact that the maps here do not show that the land was available for purchase. The tract is described as lot 8 of section 30, township 17, south of range 2 west, and is a part of the Skinner donation land claim, now the Shadden farm, abutting on the Willamette river in the extreme northwestern part of the city.

After an examination of the township plats and the ownership maps by several abstractors and County Clerk Lee and Assessor Keeney this morning the land in question was located, but as it lies immediately on the river it is believed that the land has been washed away during the past few years and since the map plats were made, and the Roseburg man, it is believed, has bought a part of the river bed instead of a good piece of land, as he probably thought. Several months ago a Eugene resident learned of this tract of school land remaining unsold and took a surveyor there to view it. As he made no purchase, it is concluded that the surveyor found no land there, it having been washed away. Neither the man who intended purchasing the land or the surveyor are at present in the city and no information can be had upon the matter.

This Roseburg man probably bought the land from the state school land board without first investigating it, as did the Eugene man and as a result while he thinks he has picked up a snap he probably has nothing but an acre and three-quarters of river bed, as the river has cut away a large amount of land in that vicinity during the past few years.

The story in the Roseburg paper is as follows: James C. Newland, the local real estate dealer, is the latest Roseburg-er to acquire fine property "dirt cheap." Following the action of a few weeks ago of Claued Kidder, the local abstractor, in filling a homestead entry on a big slice of waterfront adjoining the city of Marshfield, Mr. Newland has just bought 1 3/4 acres of land inside the corporate limits of the city of Eugene for exactly \$15.14. The sale was made by the state school land board, which acquired the tract under the lien selection law.

The land is particularly described as lot 8 of sec. 30, tp. 17, S R 3 W. It abuts the Willamette river and lies immediately west of Skinner's Butte. It was excluded from the official survey of the Skinner donation land claim many years ago, and that it was not acquired by some intending purchaser long ago is probably due to the fact that the maps at Eugene do not show the tract to be available for purchase.

# BEAR STORY FROM RUSH ISLAND

(Special Correspondence.) Lowell, Sept. 17.—Rush Island, five miles above here, has a real bear story, the facts being as follows:

Thomas Blakeley, during the night of the 14th inst., heard a commotion among his hogs and on investigating the cause found that two bears—mother and cub,—had attacked and killed on hog and were making their supper on the same. Mr. B. and his boys and dogs made chase and the cub soon took refuge in a nearby tree and was brought to the ground by well-directed shots from the Winchester rifles, but the mother bear made her escape. She was sought for the next day, however, but was not found. The second night after Mr. B. phoned to Clarence McBoe to bring his bear dogs and help in the chase, so all were on the ground early the morning of the 16th, and after a short run the bear took a tree, was wounded and fled from the tree, only to be pushed closely by the dogs until it took to tree No. 2, when several shots brought her down. Mr. B. says the bear has made several attacks on his hogs before, but this is the first time he has been able to get a shot at them.

Mr. Stiers, the mail carrier to Hazel Dell, is having all his stage can do in the way of passengers and baggage. He talks some of adding another rig to his route.

Mac Crow has returned from Sodaville somewhat improved in health, but is still under the care of his physician.

Grant Hyland and family are home from an outing to the lakes and are off to Eugene on business for a few days.

Thomas Blakeley lost a valuable horse a few days ago on account of lung trouble.

Hunters are still busy and if they all get a good haul there will not be much game left for seed next year.

The Rev. Mr. Kelley of Hood Creek is expected at Rush Island on Sunday of the 20th inst. and will continue his services every Sunday hereafter.

Mr. Kelsey has his new house nearly ready to move into.

# WILL BRING NUMBER THIRTY THOUSAND FAMILIES TO EUGENE ATTEND FAIR ON PORTLAND DAY

T. W. Carter, a capitalist of Davenport, Iowa, who has been in Eugene for a few days, left today for home expecting to return in January with others to locate here. Mr. Carter came here to look over the city and county with a view of locating and he was so well pleased with climatic conditions and everything else that it did not take him long to decide that this is the best place in the interest of quite a number of families in and around Davenport who desire to come west and he thinks he will be able to induce every one of them to come to Eugene.

## HARRISBURG NEWS.

(Special Correspondence.) Harrisburg, Sept. 17.—Miss Amy May, daughter of Samuel May of Portland, after a pleasant visit with her many friends, returned to her home Monday.

Calvin Ingram died in this city of consumption the 16th inst.

Miss Amelia May arrived here Wednesday. She will assist in the business of May & Senders until her cousin Bernard Senders recovers from an attack of typhoid fever. She is welcomed here by a wide circle of friends.

Mrs. Mary Edris of Portland made a short visit here Monday while on her way, by automobile to Eugene. She retains her health and vigor to a remarkable degree. Also her old time motherly and obliging ways are much in evidence.

The farmers of this section are closing out their grain very rapidly. They look upon eighty-five cents net per bushel for wheat and forty cents for oats, as good enough. Messrs May & Senders, warehouse men of this city, inform correspondent that fully three-fourths of the grain has been disposed of.

Quite a flock of early hops was sold here this week at seven and one-half cents per pound. This showing of a steady or advancing market gives great encouragement to holders.

The exodus to the state fair continues. Fifty tickets were sold at the station here Thursday for the fair grounds.

The French & Company barn has been given a new foundation and otherwise fixed up. Mr. M. W. Catten has done a good job.

# THIRTY THOUSAND ATTEND FAIR ON PORTLAND DAY

Salem, Or., Sept. 17.—About 30,000 people attended the State Fair today, Portland day, thus breaking all previous records. The crush at the grandstand this afternoon exceeded that of yesterday, and not only was the grandstand packed by about 6500 people, but the race-track on both the outside and inside was bordered with a dense mass of people for a distance of over a quarter of a mile. And with this immense throng at the track, all other parts of the grounds were crowded at the same time.

Early this morning all the main roads leading into Salem assumed the appearance of a line of march for a farmer's procession. The victors came by team as far away as Independence, Dallas, McMinnville, Silverton and Stayton, and by the time each city, village and hamlet had sent its quota, the total made up an almost continuous stream of vehicles coming into Salem.

In the first race, the 3-year-old pace, E. S. Train's Ray o' Light reduced the Oregon record for 3-year-olds from 2:11 3/4 to 2:09 3/4. In the 2:16 pace, Josephine won in three straight heats, but in the third had a lead of about a nose over Tom Murphy, who made a terrific spur in the last 200 yards.

The summary of today's events follows:

Three-year-old pace, \$500.—Ray o' Light, first, Mortrix and Cora, second and third, Pete Palestine, third; time 2:09 3/4.

2:16 pace, \$800.—Josephine first, Tom Murphy, second, Kenwest third; time 2:09.

2:14 trot, \$5000.—Day Break first, Bertha Mack second, Nogi third; time 2:10 1/4.

Running, three fourths mile, \$100.—Forrest Rose first, Galves second, Kansack third; time, 1:14 3/4.

## You Can't Cure Constipation

by taking the purgatives, salts or other drugs that act harshly or violently upon the stomach or bowels. Ask any doctor and he will tell you that purgatives of any character distend the bowels and weaken the elastic tissue.

To cure constipation, remove the cause. The cause of constipation is indigestion. If your food digested properly it would continue on from the stomach through the bowels, and would be eliminated without effort and with regularity.

Mi-o-na tablets cure constipation by curing your indigestion. It is not a purgative. It is a stomach tonic and more—it tones up, strengthens, invigorates, refreshes and injects new life into the worn out muscles of the stomach, and in a short time makes the stomach hardy enough to digest anything you eat. It is a powerful yet harmless stomach tonic, and its restlessness influence on the stomach is astonishing.

Try Mi-o-na for constipation. One box will cure you of indigestion; two boxes will relieve you of constipation; and best of all, Mi-o-na is such an economic remedy. A large box only costs 50 cents, and then, if you are not satisfied with results, Hull Drug Co. will give you your money back.

Mi-o-na cures all stomach disorders whether acute or chronic, such as dyspepsia, vomiting, over-indulgence of the night before, sea or car sickness, stomach sickness of prospective mothers, etc.

Read this from the president of a New York corporation:

"I have been a terrible sufferer from dyspepsia and gastritis for two years. The most eminent physicians prescribed for me with no effect. I have been absolutely cured by your Mi-o-na tablets. The first one gave me a relief almost incredible. Very gratefully yours, Herbert H. Taylor, 501 West 143rd Street, New York City."

# Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle Home of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
