FORAKER WILL BE ASKED TO WITHDRAW

New York, Sept. 19.—It was reported this afternoon on what seemed to be sufficient authority, although the National Headquarters are dumb on the subject, that Senator Foraker will be asked to withdraw as one of the speakers at the meeting of the league of Republican Clubs at Cincinnati Tuesday. Foraker was scheduled to speak on that occasion on the same platform with Taft. It was learned later that John Ways Hammonds would be sent to Ohio to talk the matter over with Foraker.

Cincinnati, Sept. 18.—Senator Foraker declares that no one at any time ever paid him a cent, or suggested any such payment in recognition of anything he might do as a public man. He also said he knew nothing of any suggested change in the arrangements for the Republican Club meeting on Tuesday in this city.

Cincinnati, Sept. 19.—As a part of the purchase money in an unsuccessful deal for ownership of the Ohio State Journal at Columbus, the draft of \$50,000 mentioned in the John D.

QUAKER STATE SUFFERING FROM SERIOUS DRAUGHT

FARMERS BRING WATER INTO TOWNS SELLING IT AT EIGHT CENTS PER GALLON—MANY INDUSTRIES CLOSED ON ACCOUNT OF LOW WATER IN THE RIVER AND THE SMALLER STREAMS.

Philadelphia, Sept. 19.—Practically the entire state of Pennsylvania east of the Allegheny mountains is suffering from one of the worst droughts in years. In some parts of the state no rain has fallen for more than two months and the rivers and smaller streams are so low that many industries are interfered with, and some shut down entirely.

In some districts the water is so low that farmers bring in water to the towns disposing of it at eight cents a gallon at Shenandoah, and many are compelled to walk three miles to get a supply even at that price.

At Duncannon, the Susquehanna river is the lowest in a hundred years, and at Philadelphia, the Schuylkill is the lowest since 1869, many canal boats being stranded.

Forest fires at Cresco, Moscow, Gouldsboro and other places are causing considerable apprehension.

No Man Deliberately Buys Poor Clothes

He thinks they're good; worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap clothes—mixed goods—and they think they're being real economical because they get such clothes for little less than sit-down would cost.

This cotton mixed stuff is certainly very cheap, even expert clothing men find it difficult at times to tell whether or not the fabric has cotton in it. We've seen clothes that looked good enough to sell at \$25 which were over one-half cotton and really worth about \$6 the suit.

We sell no such flim-flam here. You know what Hart, Schaffner & Marx clothes are, so do we. The makers say "All-wool" and live up to it.

FILIPINOS IN FAVOR OF BRYAN'S ELECTION

South Norwalk, Conn., Sept. 19.—W. J. Bryan gave the following to the Associated Press today, replying to the statement of Judge Taft, given in his interview of September 15, to the effect that "The Independistas in the Philippines prefer Republican victory to Bryan's promises."

"When this appeared Fisk, Warren, of Boston, called Albert Barreto, of Manila, as follows: 'Taft declared the Independistas prefer a Republican triumph. Is this true? I desire immediately an authoritative opinion of the center party, or of yourself, as President.'

"I might explain that the Center is the governing body of the nationalist party, composed of representa-

perhaps fatally, and Fritz Johnson and Chris Selgie, members of the crew, seriously burned. The oil tanks were being filled at the time and caught fire in an unexplainable manner. The damage to the ship is immaterial.

RECORD BROKEN AT STATE FAIR

Salmon, Or., Sept. 18.—The great event at the State Fair today was the Rapid Transit 2:05 pace in which the northwest pacing record was broken. There were but two starters, Leland Onward and Mona Wilkes the former winning three out of four heats and establishing the new record of 2:05 1/2. In the first heat Mona Wilkes made the mile in 2:06 the previous Northwest record being 2:06 1/2, made by Sherlock Holmes on this track in 1907. Walker, who drove Leland Onward today, drove Sherlock Holmes in making last year's record. The sensational heat of the race was the second, in which Leland Onward forged ahead in the last hundred yards and won by a nose.

The setting of the sun ended the 2:19 trot, 3 in 5, after four heats had been pulled off. The deciding heat will be pulled off at 1 o'clock sharp tomorrow, with three horses possible winners, Henry Gray, Monierat and Zombrount. Gray already has two heats, and Monierat and Zombrount one each. The horse with the best record at the end of the fifth mile will be declared winner. Had the final heat been called tonight Henry Gray would almost certainly have been the winner, because he had the best record.

CHARLES N. HASKELL, Governor of Oklahoma and prominent democratic leader, accused by W. R. Hearst of connection with the Standard Oil Co. Governor Haskell says it was another man by the name of Haskell who is concerned in the affair.
